- If the judge is standing at the rear quarters of the horse, the showman must be on the same side of the horse as the judge.

- In either case, the showman must keep the judge within his field of vision at all times and should never stand directly in front of the horse.

Regardless of where the judge stands in the ring for traveling the horses to and away from him, the following principles shall apply: When moving the horse at a walk, jog, or when turning, the handler should always be on the horse's left (near) side.
