Here are a few tips and suggestions.

- 1) Consider the 4-H insurance program at a rate of \$2 per horse project member. Go to [AmericanIncomeLife.com](http://AmericanIncomeLife.com)
- 2) Encourage your teens to lead Cloverbuds in equine education. Use our [Cloverbud curriculum](#) for ideas!
- 3) Set goals - Have members establish personal plans and goals. Make copies of their goals for your records. Will seniors be setting goals for All-Star applications?
- 4) Plan the club's contest calendar - create a club calendar & add in [our Google Calendar](#) events! Book rooms for EquiSmartz too!
- 5) Plan fundraising for activity costs - perhaps host a show, bake sale, or a tack swap!

**Health Requirement** – A 4-H Health History Report is included in the packet. It is very important for youth and parents to alert the camp staff in regard to any physical limitations or allergic reactions a youth may have to specific medicine(s), insect stings, food, diabetes, etc. Any special conditions/limitations should be given in writing to the camp director. Your cooperation in this matter is appreciated and is designed to keep your youth safe.

Youth are encouraged to provide minor horse first-aid supplies. **Horses and ponies must be sound and in good physical condition.** Horses exhibiting unsoundness or behavioral problems will be sent home (at check in time or later in the week).

Although shoes are not required, it is recommended that horses be shod at least on their front feet. **If not shod, hooves should be properly trimmed.** A farrier and veterinarian will be available for **emergency** situations at the owner's expense. Every effort will be made to contact the parent/guardian should the animal require medical attention. Each youth will be responsible for all care of his/her mount. This includes, but is not limited to, feeding, watering, grooming, cooling out and removing manure and urine from the stall in a regular and timely fashion. All participants will be required to strip their stalls at the end of camp.

**Insurance** – Horse equipment and horses are not insured by the Virginia 4-H Horse Program, Virginia Tech or Virginia Cooperative Extension. Any loss or damage to equipment or injury to horse or rider is at the owner's risk and expense. All campers should have primary insurance for illness and accidents.

There will be no exception for not having all the proper paperwork on the camper and their horse. Any camper or horse that does not have all the proper paperwork will be sent home with no refund.** Trailers may be unhooked and left in the trailer parking area. It is requested that all unloading be done as efficiently as possible to help relieve congestion in the barn area.

Youths may store their equipment, grain and hay in their trailer or in their assigned tack stall. All bedding will be provided. Tack stalls will be shared by four people so please pack accordingly. Any extra supplies may be stored in trailers that are parked at the facility.

**Departure Procedures** – Parents are requested to arrive for pick-up of youth and horses on Wednesday, July 12 at 10:00 am to watch the final riding sessions and horsemanship skills testing. Packing of tack and supplies may begin after these sessions. A special recognition, fun camp awards and lunch will be provided at 1:00 pm. **No youth will be allowed to leave until their stable area passes inspection.** 4-Hers will not be released prior to 2:00 pm.

**Recreation** – evening recreational options may include:

**Behavior Policy** – Safety will be emphasized at all times. Campers are required to read and sign the Code of Conduct. To insure a safe atmosphere, campers must strictly adhere to camp personnel and their policies. Failure to adhere to these rules will result in the camper being sent home at the parent’s expense.

**The following misconduct WILL result in a camper being sent home:**

Deliberate cruelty to animals	Disrespectful or dangerous behavior toward other campers
Deliberate destruction of facilities or equipment	Unacceptable or dangerous conduct
Possession of alcoholic beverages, tobacco or illegal drugs	Possession or use of fireworks
Blatant discourtesy to camp personnel	Use of inappropriate language
Disregard of camp personnel requests to obey rules and regulations	

**Clean Up Duties** – Clean up duties each day only take a few minutes, but they can be fun when everyone works together as a team. It is important from the standpoint of health and enjoyment that the stable area and dorm rooms be kept as clean and sanitary as possible. Each camper will keep themselves, their room and other camp facilities, and their horse’s stall and stable areas clean at all times.

**The Following Items are not allowed at camp:**

Tobacco	Illegal drugs
Alcohol	Knives, guns, or other weapons
TV’s and/or electronic games	Fireworks

**Family/Guest Visitation**- No parent, guardian, family member or guest should visit the campers during camp unless pre- approved by the camp director. We understand that this may be difficult, but for the camper to truly get the camp experience parents and/or family members will not be allowed to visit during camp. Please be sure all the supplies that the camper needs during camp are delivered and stored before you leave on July 8. We ask that you do not bring supplies during the week. If you are concerned about you child or just want to check in with camp staff, please feel free to call Leona Ransdell at 803-944-7003.

**Virginia 4-H Hokie Horse Camp Camp Policy on Headgear Safety Equipment**-The Virginia 4-H Horse Program (4-H Program) requires that all riders wear protective headgear that meets or surpasses current applicable ASTM/SEI (American Society for Testing and Materials/Safety Equipment Institute) standards while **riding** during all camp activities. The headgear must be properly fitted, properly worn on the top of the head, and worn with the strap or harness securely fastened. The term “riding” as used in this policy refers to the mounting, riding or driving of a horse or pony at 4-H Horse Camp. The term “rider” refers to a person engaged in riding. It is the responsibility of the rider, and the parent or guardian of the rider, to confirm that the headgear worn by the rider complies with the safety standards set forth above; is properly fitted and fastened; and is in sufficiently good condition that it would protect the rider in the event of an accident.

The 4-H Program and the instructors, extension personnel and volunteers associated with the 4-H Hokie Horse Camp are not responsible for providing headgear and are not responsible for checking headgear worn by riders in order to comply with this rule.

**Any rider found to be riding in violation of this helmet policy by 4-H Horse Program employees or volunteers will be immediately prohibited from further riding, and shall be removed from camp.**

The 4-H Horse Program makes no representation or warranty, expressed or implied, concerning the headgear worn by any rider during the 4-H Hokie Horse Camp. In particular, the 4-H Program makes no representation or warranty concerning the safety performance of any headgear worn by any rider. The 4-H Program cautions riders and their parents and legal guardians that death or serious injury may occur despite wearing safety headgear as all equestrian sports involve inherent dangerous risk. No headgear can protect against all possible injuries.

| <input type="checkbox"/> Manure fork- R  | <input type="checkbox"/> Hay bag                 |
| <input type="checkbox"/> Feed scoop  |  |

**Do not begin a new feeding program right before camp. For your horse's sake, have him on a regular feeding program at least two weeks prior to camp. If your horse is unaccustomed to living in a stall, you should begin acclimating him/her to a stall at least two weeks prior to camp.**

Bring enough hay and grain for 5 days (Saturday pm through Wednesday am – twice daily feeding – 10 feedings minimum). Due to the hot weather typical for July, it is very important for the horse to eat hay and drink lots of water in order to maintain gut motility. Extra hay may be stored in one's horse trailer if desired. It is also recommended that you bring electrolytes/salt block for your horse to encourage hydration. You should acclimate your horse to consuming electrolytes PRIOR to camp. Often, the introduction of electrolytes can make your horse go off feed, so prepare the horse for consumption in advance.

**Stable Management Guidelines** – The safety and health of the 4-Her and his/her horse will be emphasized. Morning barn inspections are for the purpose of determining whether or not the horse has been properly fed and watered, the stall cleaned, tack serviceably cleaned for the day's activities, and the general area neat and safe. Afternoon barn inspections are conducted to make sure that horses have been properly cooled out, groomed, watered, and left in a clean stall and that the general area is neat and safe.

Evening barn checks are conducted to make certain that all horses have water, doors are properly closed, halters and leads visibly available for emergencies and that there are no indications of colic, etc. following the day's activities.

**Generally, the following rules will be observed:**

- Stalls should be clean and well bedded. Doors must be closed and properly latched.
- Horses must be cooled and brushed out before being left in their stalls.
- Tack should be safe, clean and in good condition.
- Water and grain boxes/buckets should be placed in the front of the stall and for safety reasons, not on the ground.
- Hay nets (open string type) are not allowed, but canvas or nylon closed-type hay bags may be used if hung safely. Hay may be fed on the ground.
- Salt should be kept available for horses at all times since they lose electrolytes during sweating.
- Stall fronts and aisles must be kept free of obstacles. Tack area should be neat with equipment and tools arranged safely.
- Each horse must have a halter and lead line hanging on the stall front at all times.
- 4-Hers must be properly attired at all times when in the barn area and around the horses (long pants and leather, hard soled shoes. Tennis shoes and duck boots are not acceptable).
- Each youth will be held responsible for the care and feeding of his/her horse while attending camp.
- All horses must have a prior history of being tied!

**Save time and trouble, set your stall up correctly when you move in! Below is a diagram of the suggested stall set up.**

**Buckets**- two water buckets ensure that the horse has plenty of water at all times. Place in the front corner of the stall. Feed buckets should be placed by the door to avoid fighting. Buckets can be hung by chain, snaps or bucket straps.

**Bedding**- stalls should have adequate bedding to absorb wetness and provide cushion. Frequent stall picking keeps bedding cleaner for a longer period of time. **Bedding will be provided. Please do not bring outside bedding**

**Halter and lead rope**- should be hung on outside of the door in case of emergency

## TIPS FOR 4-H HORSEMANSHIP CAMP

---

- If your horse is not ridden regularly, begin a gradual exercise program to condition your mount at least a month prior to camp. If you ride occasionally, begin with riding 30 minutes per day, 4 times per week. Gradually add time until you are riding your horse one hour per day 3-4 times a week. Remember, this is your best friend. Don't ask him to do something he may not be prepared for!
- Make arrangements for a knowledgeable farrier to evaluate and either trim or shoe your horse at least one week prior to camp. We suggest having horses/ponies shod on front feet unless they are accustomed to rocks and hard footing. A lame horse will not be very useful at camp.
- Plan to have deworming and vaccinations done several weeks prior to camp. The better health your horse is in, the better he will be able to withstand the heat and stress of the week's activities.
- If your horse does not stay in a stall regularly, acclimate him to a stall gradually by putting him in a stall a few hours at a time and feeding him in the stall until he is comfortable staying in overnight.
- Do NOT make sudden feed changes! If your horse has not been receiving grain or hay daily, you can stress him and his digestive system and cause severe colic by suddenly putting him into an unfamiliar stall and giving him grains when he has been out on pasture with minimal stress.
- If your horse kicks at other horses, bring a red ribbon and tie it in his tail. Please make your instructor aware of any problem you may be having with your horse. Never crowd other horses. Leave enough room between your horse, yourself and others so that no one will be harmed if a horse kicks out.
- Check all tack for fit, wear and tear. String girths, leather cinch straps, cheek pieces, chin straps, and reins tend to wear quickly. Make sure all of your equipment is in good working order. When in doubt replace it with good adjustable equipment.
- Have your horse's Coggins and health record available at check in.
- Wear hard soled leather shoes at check in. Tennis shoes are not allowed in the stable area at any time.
- Lastly, come with an open mind. No one knows everything! Not everyone does things the same way. What is important is the result which may be achieved through a variety of methods. A good horseman is a person who is receptive to what others are doing and is able to learn from other people's successes or failures.

## CODE OF CONDUCT FOR VIRGINIA 4-H PROGRAMS/EVENTS\*

(This form covers any 4-H program/event from \_\_\_\_\_ to \_\_\_\_\_.)

### Purpose

The purpose of the 4-H program is the positive development of youth. We believe in creating a safe learning environment that encourages the four-fold development of a young person (i.e., Head, Heart, Hands, and Health). We expect all persons involved in 4-H (youth members, parents, teen/adult volunteers) to practice behaviors that foster the total development of youth. Each 4-H member and associated individuals participating in 4-H activities must accept the responsibility of creating a positive image that reflects 4-H ideals. Furthermore, the Virginia 4-H program recognizes that "CHARACTER COUNTS!" All 4-H participants are representatives of the program and should always strive to uphold the following standards: Trustworthiness, Respect, Responsibility, Fairness, Caring, and Citizenship. In seeking uniformity in the conduct expected at 4-H programs/events, the following code of conduct has been developed to provide a clear understanding of expectations. Participants and parents/guardians must sign this form in order to participate.

### Code of Conduct

1. For the safety and wellness of all participants, a completed and signed 4-H Health History Report Form is required for participation in 4-H events. In addition, medications and medication forms (for all participants under 18 years old) must be turned in at the registration table upon arrival at the 4-H event (or according to another system outlined in the registration/orientation information).
2. Participants should attend and be actively involved in all scheduled activities as part of this 4-H program/event (unless under the supervision of a medical staff person.) Curfew is to be followed as specified in the schedule for overnight events. Failure to be in assigned locations may lead to dismissal from the 4-H event. Some areas are off-limits to participants (ex: swimming pool; bodies of water such as lakes and rivers; challenge course, etc.) unless under appropriate instructor supervision.
3. Visitors to a 4-H program/event must check-in with the Extension Agent, Program Director, or other adult in charge of the 4-H program/event upon arrival.
4. Participants should remain at a 4-H program/event until the program/event is scheduled to end. Participants may not leave a 4-H program/event without prior permission from Extension Agent, Program Director, or other adult in charge of the 4-H program/event. Participants may only be picked up from a 4-H program/event by the person designated on the 4-H Health History Report Form. Identification may be requested at the time of pick-up.
5. Participants are expected to follow the directions of 4-H volunteers and paid staff. All 4-H'ers are under the supervision of the Extension Agent, Program Director, or other adult 4-H leader responsible for the 4-H program/event.
6. Participants should respect the property of others and be responsible for themselves. Deliberate destruction or removal of facilities or equipment is not permitted. Financial responsibility for any damages caused by deliberate destruction will be assumed by the participant and/or parents/guardians. The same applies to the property and personal items of other participants.
7. Participants should treat all others and themselves with respect. Aggressive, abusive, vulgar, or violent language and behavior towards others (ex: fighting, threats, insults, cursing, discrimination, etc.) are not permitted.
8. Participants should respect the privacy of others. Girls are not permitted in boys' lodging rooms nor are boys permitted in girls' lodging rooms.
9. Participants are expected to dress appropriately based upon the guidelines established by the person in charge of the 4-H program/event.
10. Possession, distribution, or use of fireworks, weapons, knives, or other items that can be used as a weapon are not permitted at 4-H programs/events, except under adult supervision in scheduled instructional activities (ex: shooting education class supervised by a certified instructor, etc.).

11. Possession, distribution, or use of alcoholic beverages, illegal drugs, tobacco products, and unauthorized prescription drugs are not allowed at any 4-H sponsored program/event and must be reported to law enforcement. The Virginia 4-H program reserves the right to conduct a search of a participant's outer clothing, luggage, personal belongings, lodging rooms, and furniture being used by a participant(s) if there is "reasonable suspicion" that the participant has drugs, alcohol, or weapons.
12. Animals and pets are not allowed at 4-H programs/events unless needed to accommodate a disability or as part of an organized program, or through specific authorization from Extension Agent, Program Director, or other adult in charge of the 4-H program/event. Animals that are used as part of a 4-H program/event should always be provided with proper care.
13. Electronic and mechanical devices (ex: cellular phones, pagers, walkie-talkies, video games, radios, CD players, TV's, laptop computers, etc.) are not allowed at 4-H programs/events unless they are needed as part of an organized 4-H program/event, or with authorization from the Extension Agent, Program Director, or other adult in charge of the 4-H program/event. Without authorization, these items will be confiscated and returned to the participant (or the participants' parents/guardians) at the end of the program/event.

**Consequences**

Unacceptable behavior during a 4-H program/event (as defined within this Code of Conduct or through a review process by 4-H staff/volunteer) will result in consequences to the participant. Consequences may include:

1. early release from this 4-H program/event without refund,
2. restitution or repayment of damages,
3. denial of future participation in the 4-H program/event at the local, district, state and national levels for one or more years (as determined by the unit staff in charge of, or responsible for, the 4-H program/event),
4. forfeiture of financial support for a 4-H program/event
5. removal from 4-H offices held (if applicable), and
6. releasing the youth to the appropriate law enforcement agency and/or the proper authorities.

*NOTE: Any conduct not specifically covered by this Code of Conduct, but deemed inappropriate by those responsible for the 4-H program/event will be viewed as a violation and appropriate action will be taken. If an infraction occurs, the person in charge of the 4-H program/event will provide appropriate communication to parents/guardians.*

**Signature(s)** (Both signatures are required for participants under 18 years old.)

*I have read and understand the above "Code of Conduct" and will abide by the expectations described in the Code-of-Conduct. I understand that if I act inappropriately I will have to accept responsibility for my actions that may result in the consequences listed above.*
