

# A Request from the Graze 300 VA Team

- Please help us complete a Livestock Producer Survey that the Graze 300 VA Team is implementing with VT Sociology Department.
- Survey Projected to Begin in October and will likely end by Christmas (might end up being November through January)

# Purpose of Survey

- The purpose of this survey is to gain knowledge about the sociocultural factors that influence farmers' attitudes toward adoption of various grazing management techniques.

# How will Survey be conducted?

- On Line Version
- Paper Version

## Timeline:

Survey will Likely Begin in October 2021 and end by Christmas 2021 (Might Be November through January 2021)

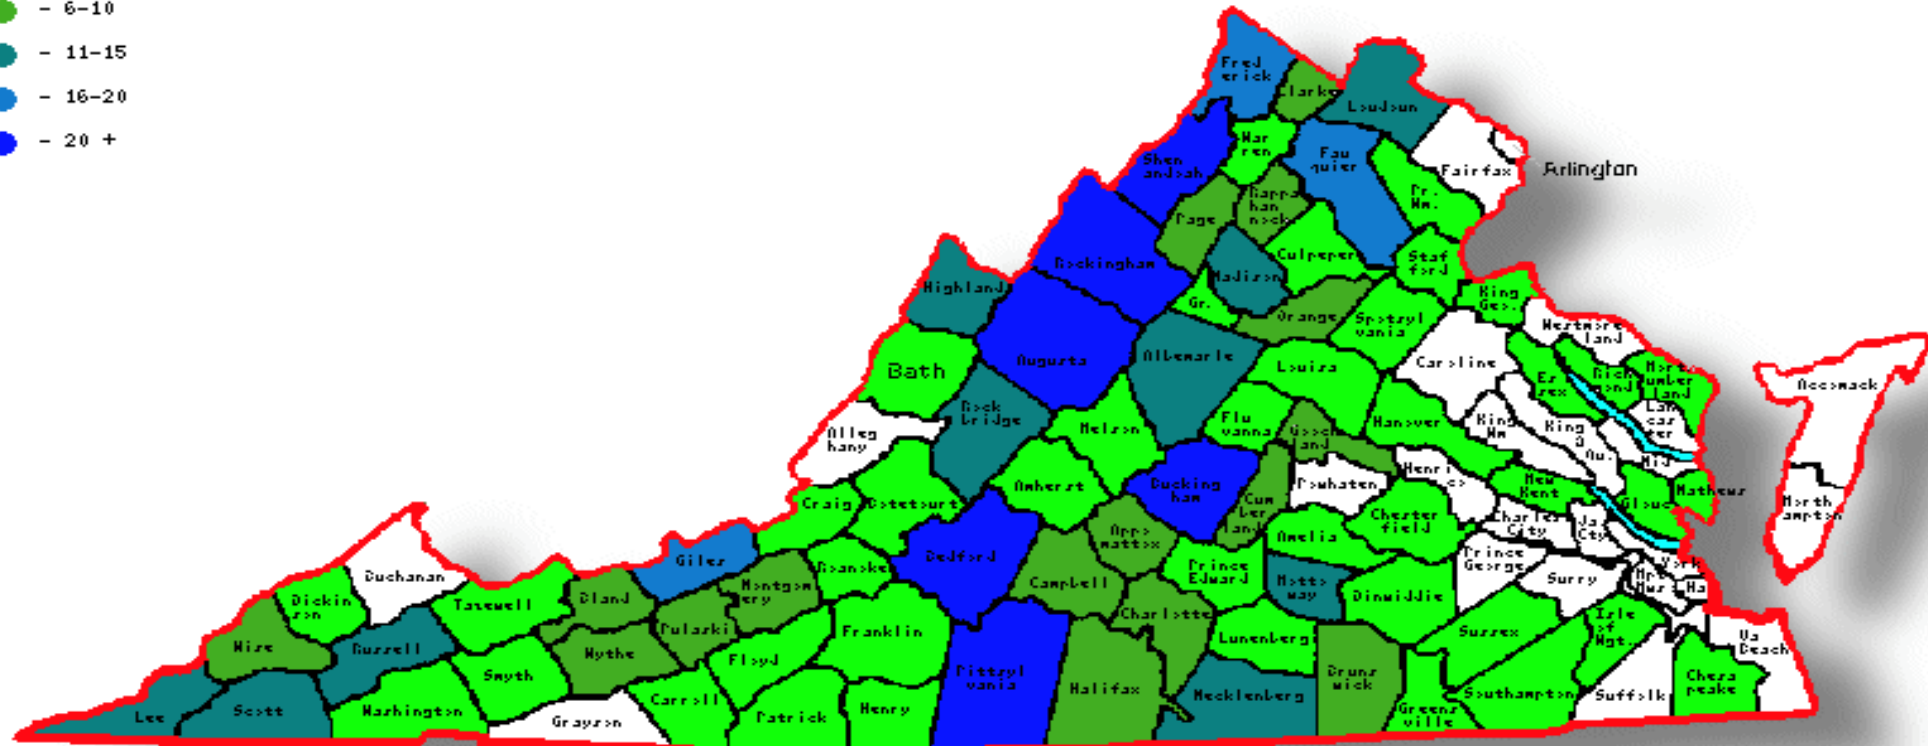

# What are Agents Asked to do?

- Promote the survey through Media Releases, Facebook, E-mails and other Contacts.
- Distribute Paper Copies at educational meetings and group gatherings this fall.
  - ??? Private Pesticide Recert Meetings???
  - ??? Other Group Gatherings???
- We likely want agents to go to weekly livestock auctions to get some responses.

# Number of Responses by County 2020 Survey

Survey Responses by County

- - 1-5
- - 6-10
- - 11-15
- - 16-20
- - 20 +

We Believe the Survey Represents the State Really Well!

# Thank you very much!!!
