 14. Sportsmanship is the 4-H way! We hope there will not be any display of discourtesy shown to a judge or Show official by a 4-H'er, parent, leader or trainer which would cause an exhibitor to forfeit all ribbons and trophies and perhaps disqualify the 4-H exhibitor from showing in future 4-H Horse Shows. If there is a problem or the need to protest, please go through the proper channels--which would be the Steward--to make an appeal. All appeals are to be made to the Show Steward by the exhibitor only.

I. SHOWMANSHIP IN HAND DIVISION- 4H **members only**

I. **Purpose**: To demonstrate the handler's ability to show a horse at halter.

Horse: The horse should be clean, well-groomed, and turned-out appropriately for his type. **On the show grounds, care and preparation of the horse is the responsibility of the exhibitor with minimal assistance from other 4-Hers. Non 4-Hers must not engage in the preparation and care of the project animal.**
Conformation of the horse is not to count in any judging criteria.

Exhibitor: The exhibitor should be neat, clean, well-groomed, attentive, courteous and in appropriate attire. Safety helmets or appropriate head gear for an industry show of the division is acceptable.

Western Division:

Tack - Leather show halter and leather shank or any well fitting halter with shank. Silver on halters will not serve as an advantage.

Exhibitor - Should be dressed in western suit or western style slacks and jacket or vest with long sleeve shirt. No chaps. Hat, tie, and western boots required. No whips or crops may be carried.

Hunter Division:

Tack - Hunter type bridle and bit of exhibitor's choice. In junior exhibitor classes, braiding is optional but does enhance the "turn out" of the horse/pony. In senior exhibitor classes the mane and tail must be braided to be considered for placing.

Exhibitor - Proper hunt attire should be worn, including properly fastened headgear. Whips or crops are optional.

English Division:

Tack - Suitable bridle or halter. Ribbons are optional and may be either clipped or braided into mane.

Exhibitor - Saddle suit or coat and jodhpurs of conservative colors are recommended. Tie, hat, and gloves required. Roadster pony exhibitors may wear similar attire as for regular class. Whips are optional.

SHOWING SYSTEMS

Everyone is expected to show their horse on the "Quarter System" where the horse is "divided" down the midline of the vertebrae and at the withers. The judge's position in the respective quadrant of the horse influences where the showman should stand to present the horse.

- The showman must always have an unobstructed view of the judge, must always be presenting the horse and must always know what his horse is doing.
- If the judge is standing at the rear quarters of the horse, the showman must be on the same side of the horse as the judge.
- If the judge is standing at the front quarters of the horse, the showman is on the opposite side of the horse as the judge.
- In either case, the showman must keep the judge within his field of vision at all times and should never stand directly in front of the horse.

Regardless of where the judge stands in the ring for traveling the horses to and away from him, the following principles shall apply: When moving the horse at a walk, jog, or when turning, the handler should always be on the horse's left (near) side. All turns greater than 90 degrees must be too the right so that t

Method of Showing (Showmanship):

Walk, trot (or favorite gait*), turn, stop, back and pose your horse as directed by the judge or ring steward.

1. Lead from the left side of your horse with your right hand on the lead strap or bridle reins. When showing your horse at a walk, walk by its side - never directly in front of it. Your horse's head should be about even with your shoulder. When moving, keep your horse's neck, head and body in a straight line and maintain precise control. Move your horse directly toward or away from the judge, unless the judge indicates that he wishes to see your horse from the side.
2. Show the horse with a shank or reins short enough to assure maximum control and responsiveness from the horse. The basic position of the exhibitor should allow constant observation of the horse and also permit observation of the judge and ring officials.
3. Never obstruct the view of the judge, and do not stand directly in front of the horse.
4. Walk or jog by the left side of your horse when you are showing it at the trot (or favorite gait*). Your horse should move willingly toward or away from the judge with its head, neck and body in a straight line. Your horse should walk and trot (or gait) freely, fast, and be alert with head up but not too high.
5. When a particular show ring procedure being used by a judge requires a horse to be reversed, your horse should be turned to the right. Turn in as small a space as possible and attempt to keep the horse's hind feet planted in one place while turning. All turns should be made naturally. Any turn requiring more than 90 degrees should be made to the right.
type and conformation, but you can improve its style and appearance. Make it easy for the judge to see your horse to its best advantage.
8. Keep your proper position in line, and allow reasonable space (at least 6 feet) between your horse and the other horses. Never let your horse interfere with another horse.
9. Be alert when leading in a circle. Observe the horse in front of you; bumping a horse from the rear is a serious fault in showmanship and very unsafe.
10. If asked to change position in line, back your horse out of line and approach the new position from behind. Do not get too close.
11. Move easily, quietly and with confidence when showing your horse. Be courteous; respond promptly to directions, and show good horsemanship at all times.
12. Do your showing with the lead shank or bridle rein.
13. Faults in showing for showmanship:
-Faults can be classified as minor, major, or severe. The judge will determine the appropriate classification of a fault based upon the degree and/or frequency of the infraction. A minor fault will result in a ½ to 4 point deduction from the exhibitor's score. A major fault will result in a deduction of 4 ½ points or more from the exhibitor's score. An exhibitor that incurs a severe fault avoids elimination, but should be placed below all other exhibitors that complete the pattern correctly. A minor fault can become a major fault and a major fault can become a severe fault when the degree and/or frequency of the infraction(s) merits.
 - a. Faults in the overall presentation of exhibitor and horse include:
 - Poorly groomed, conditioned or trimmed horse
 - Dirty, ragged, or poorly or ill-fitted halter, bridle, or lead
 - Poor or improper position of exhibitor
 - Excessively stiff, artificial, or unnatural movement around horse or when leading
 - Continuous holding of the chain portion of the lead, lead shank, or reins tightly coiled around the hand or dragging on the ground
 - Changing hands or placing both hands on the lead, except when preparing to show the horse's teeth

- b. Faults of the performance include: - Drifting of the horse while being led
 - Horse stopping crooked or dropping a hip out when stopping, setting up, or standing - Backing, leading, or turning sluggishly or crooked
 - Horse not set up properly for the breed or excessive time to set up
 - Failure to maintain a pivot foot during turns or stepping behind right front leg with left front leg when turning to the right
 - Horse holding head and/or neck crooked when leading, stopping, or backing - Failure to perform maneuvers at designated markers, but horse is on pattern
- c. Severe faults of the overall presentation of exhibitor and horse (avoids disqualification but should be placed below other exhibitors that do not incur a severe fault) include: -Leading on the off or right side of the horse
 - Complete failure to move around horse by exhibitor and obstructing judge's view -Exhibitor touching the horse or kicking or pointing their feet at the horse's feet during set up
 - Standing directly in front of the horse -Exhibitor wearing spurs or chaps
- d. Severe faults of performance (avoids disqualification but should be placed below other exhibitors that do not incur a severe fault) include:
 - Severe disobedience including rearing or pawing; horse kicking at other horses, exhibitors or judge; or horse continuously circling the exhibitor
- e. Disqualifications (should not be placed) include:
 - Loss of control of horse that endangers exhibitor, other horses or exhibitors, or judge including the horse escaping from the exhibitor
 - Failure of exhibitor to wear correct number in a visible manner -Willful abuse
 - Excessive schooling or training, or use of artificial aids

NOTE: A Rider/Horse combination in Showmanship, if Rider shows two horses in a showmanship class and receives a Blue Danish for each horse – will need to Declare which horse they will exhibit in the championship class.

At the end of each open class, the judge will ask for all blue ribbon winners in the respective class to enter by the same order held by the ringmaster. Only the blues will be called back. If there are no blues or not enough blues to award 1 to 6 placings, no such placings will be made. Blues will be placed (1-6) for the class championship. These blue ribbon animals may be worked , judged and placed at the discretion of the judge. The pattern is not cumulative.

No comments or notes from the judge for a particular blue is necessary as these have met an adequate level of performance— the balance is on who did the better of a good job at the evaluation of the judge.

All championship classes will be placed and presented ribbons (1st-6th).

II. WESTERN DIVISION

Horses and ponies shall be of any breed or combination of breeds, serviceably sound, in good condition and of stock horse type. Horses are over 14.2 hands. Large ponies are over 12.2 hands and not exceeding 14.2 hands. Small ponies are 12.2 hands and under. Ponies must be suitable to rider. To be ridden and shown with Western attire, long sleeve shirt and boots. The use of tapaderos, spurs, chaps and a rope or reata is optional. Chaps and spurs can be worn in horsemanship classes. Hackamores and snaffle bits are permitted for junior age animals only. Junior horses are five years old and younger and senior horses are six years old and older. The rider may use two hands on Junior horses in all Western Division classes including horsemanship providing that a snaffle bit or hackamore is being used. Animals six years of age or older cannot be shown in a hackamore or snaffle bit. "Hackamore" means that the horse will be ridden only with a rawhide braided, leather braided, or rope bosal; absolutely no iron will be permitted under the jaws. Hackamore bits are prohibited. Tie downs and cavesson type nose bands are prohibited. Curb chains are permitted, but must meet the approval of the judge. Bandages and boots of any type are prohibited on the front legs. In the event of injury the judge may permit a protective bandage. The general rules in this catalog also apply. The judge may ask for extended gaits.

All Western Pleasure classes are to be shown at a walk, jog, and lope both ways of the ring on a reasonably loose rein without undue restraint. To be judged on performance, condition, and conformation of the horse.

Any rider violating this rule at any time must immediately be prohibited from further riding until such headgear is properly in place. It is the responsibility of the rider, or the parent or guardian of the exhibitor to see to it that the headgear worn complies with appropriate safety standards for protective headgear intended for equestrian use. The Virginia 4-H, Virginia Horse Center and volunteers are not responsible for checking headgear worn for such compliance. Virginia 4-H makes no representation or warranty, express or implied about any protective headgear and cautions riders that death or serious injury may result despite wearing such headgear as all equestrian sports involve inherently dangerous risk and as no helmet can protect against all foreseeable injuries.

Ponies must be suitable to rider. To be ridden and shown with Western tack and attire. The use of tapaderos, spurs, chaps or similar gear is optional. The use of a hackamore (including mechanical hackamores) or other types of bridles is the optional choice of the rider, however, the judge may prohibit the use of bits of equipment he may consider severe. Tying of feet to stirrups with any material is prohibited. After running there can be no disqualification or penalty due to equipment or attire. During and after running the judge and only the judge may disqualify any entry for unduly severe treatment (no time penalty just disqualification). There is no appeal upon the judge's decision in regard to either disqualification.

Rider must enter ring mounted and unassisted and must go directly to the course when called for. Mounts may be led to the in gate but not through the gate. No one will be allowed a running start to the in gate. Rider is required to dismount and lead his horse out of the ring at the end of his run. Off course constitutes elimination. Knocking over a barrel race barrel or a pole will not result in elimination but will constitute a (5) second penalty. Touching a barrel or pole by the hand of the rider shall not cause a disqualification or penalty. There will be no time-outs or re-runs in case of broken equipment, thrown shoes, etc. All timing will be done by the average of two stop watches and/or electric timer and exact ties will be re-run one time or until broken in like manner. Cutting the timer by circling wide while on course may result in no time. Timing will be supervised by the judge. Standard distances will be observed but management reserves the right to vary the distances if necessary. The general rules in this catalog also apply, however, no rules except these listed in this division shall apply in gymkhana events. Pole bending poles will be set at 21' for horse and pony classes.

Markers: The start and finish line is 20 feet wide and marked by 2 upright markers 10 feet on each side of the center line and short enough so as not to interfere with the electronic timer if one is used. Short pylons or cones are recommended . The first and second poles marking the center line are each 40 feet from the start and finish line , making them 80 feet apart .

START: Start by crossing the start and finish line between the 2 upright pylons or cones , run a figure 8 around the upright poles marking the center line, and finish line between the pylons or cones and closing the eight (8).

Class Procedure: At the first pole, the contestant may go left or right just so the figure eight (8) is run.

DISQUALIFICATION'S: Any deviation from the pattern. Failure to follow the course, includes negotiating obstacles in any other than specified order, the wrong direction, stopping, circling, backing, or reversing direction of movement to correct improper passing of an obstacle. The JUDGE, at his/her discretion, may disqualify a contestant for excessive use of a bat, crop, whip, or rope in front of the cinch. The use of rubber bands or any other means of fastening the rider to the stirrups or saddle. Receiving assistance into the arena as determined by breaking the plane of the gate.

No Time: If the figure eight (8) is not completed, or if the upright pole is knocked down, there is no time.
