Scholarships Opportunity

SED 1 offers scholarships for 4-Hers' of this district for participation in 4-H activities to be used to 4-H Congress, Nationals.

You will need a reference letter from your leader or Extension Agent.

4-H Horse and Pony Project Objectives

The purpose of this project is to help 4-H club members to:

- Develop leadership, initiative, self-reliance, sportsmanship and other desirable character traits.
- Experience the pride and responsibility of owning a horse or pony and receive training in its care, feeding, management and related costs.
- Appreciate horseback riding as a healthy and wholesome form of recreation.
- Develop skill in horsemanship and patience and understanding in handling horses and ponies.
- Gain knowledge of safety precautions to prevent injuries to themselves, others and their mounts.
- Develop greater love for animals and a humane attitude toward them.
- Prepare for citizenship responsibility by working together in groups and supporting community horse projects and activities.

THE 4-H HORSE PLEDGE

I pledge:

“My head to clearer thinking.”

Working with animals provides mental relaxation from school studies and stimulates quick thinking and alertness.

“My heart to greater loyalty.”

The close bond that develops between a horse and rider and among young people working together toward a common goal brings about a deepening sense of loyalty and consideration for others.

“My hands to larger service.”

Skillful hands are a must for a rider. It is the touch of the hands on the reins that telegraphs the rider’s wishes to his or her mount.

“My health to better living.”

Outdoor activities affect every nerve and muscle in the body in a healthful way.

“For my club, my community, my country and my world.”

The varied activities in 4-H club work provide many opportunities for young people to prepare themselves for active participation in the life of their community.

I. SHOWMANSHIP IN HAND DIVISION- 4H **members only**

I. **Purpose:** To demonstrate the handler's ability to show a horse at halter.

Horse: The horse should be clean, well-groomed, and turned-out appropriately for his type. **On the show grounds, care and preparation of the horse is the responsibility of the exhibitor with minimal assistance from other 4-Hers. Non 4-Hers must not engage in the preparation and care of the project animal.** Conformation of the horse is not to count in any judging criteria.

Exhibitor: The exhibitor should be neat, clean, well-groomed, attentive, courteous and in appropriate attire. Safety helmets or appropriate head gear for an industry show of the division is acceptable.

Western Division:

Tack - Leather show halter and leather shank or any well fitting halter with shank. Silver on halters will not serve as an advantage.

Exhibitor - Should be dressed in western suit or western style slacks and jacket or vest with long sleeve shirt. No chaps. Hat, tie, and western boots required. No whips or crops may be carried.

Hunter Division:

Tack - Hunter type bridle and bit of exhibitor's choice. In junior exhibitor classes, braiding is optional but does enhance the "turn out" of the horse/pony. In senior exhibitor classes the mane and tail must be braided to be considered for placing.

Exhibitor - Proper hunt attire should be worn, including properly fastened headgear. Whips or crops are optional.

English Division:

Tack - Suitable bridle or halter. Ribbons are optional and may be either clipped or braided into mane.

Exhibitor - Saddle suit or coat and jodhpurs of conservative colors are recommended. Tie, hat, and gloves required. Roadster pony exhibitors may wear similar attire as for regular class. Whips are optional.

SHOWING SYSTEMS

Everyone is expected to show their horse on the "Quarter System" where the horse is "divided" down the midline of the vertebrae and at the withers. The judge's position in the respective quadrant of the horse influences where the showman should stand to present the horse.

- The showman must always have an unobstructed view of the judge, must always be presenting the horse and must always know what his horse is doing.
- If the judge is standing at the rear quarters of the horse, the showman must be on the same side of the horse as the judge.
- If the judge is standing at the front quarters of the horse, the showman is on the opposite side of the horse as the judge.
- In either case, the showman must keep the judge within his field of vision at all times and should never stand directly in front of the horse.

Regardless of where the judge stands in the ring for traveling the horses to and away from him, the following principles shall apply: When moving the horse at a walk, jog, or when turning, the handler should always be on the horse's left (near) side. All turns greater than 90 degrees must be too the right so that the horse is moving away from the handler.

Method of Showing (Showmanship):

1. Walk, trot (or favorite gait*), turn, stop, back and pose your horse as directed by the judge or ring steward.
2. Lead from the left side of your horse with your right hand on the lead strap or bridle reins. When showing your horse at a walk, walk by its side - never directly in front of it. Your horse's head should be about even with your shoulder. When moving, keep your horse's neck, head and body in a straight line and maintain precise control. Move your horse directly toward or away from the judge, unless the judge indicates that he wishes to see your horse from the side.
3. Show the horse with a shank or reins short enough to assure maximum control and responsiveness from the horse. The basic position of the exhibitor should allow constant observation of the horse and also permit observation of the judge and ring officials.
4. Never obstruct the view of the judge, and do not stand directly in front of the horse.
5. Walk or jog by the left side of your horse when you are showing it at the trot (or favorite gait*). Your horse should move willingly toward or away from the judge with its head, neck and body in a straight line. Your horse should walk and trot (or gait) freely, fast, and be alert with head up but not too high.
6. When a particular show ring procedure being used by a judge requires a horse to be reversed, your horse should be turned to the right. Turn in as small a space as possible and attempt to keep the horse's hind feet planted in one place while turning. All turns should be made naturally. Any turn requiring more than 90 degrees should be made to the right.
type and conformation, but you can improve its style and appearance. Make it easy for the judge to see your horse to its best advantage.
8. Keep your proper position in line, and allow reasonable space (at least 6 feet) between your horse and the other horses. Never let your horse interfere with another horse.
9. Be alert when leading in a circle. Observe the horse in front of you; bumping a horse from the rear is a serious fault in showmanship and very unsafe.
10. If asked to change position in line, back your horse out of line and approach the new position from behind. Do not get too close.
11. Move easily, quietly and with confidence when showing your horse. Be courteous; respond promptly to directions, and show good horsemanship at all times.
12. Do your showing with the lead shank or bridle rein.
13. Faults in showing for showmanship:
-Faults can be classified as minor, major, or severe. The judge will determine the appropriate classification of a fault based upon the degree and/or frequency of the infraction. A minor fault will result in a ½ to 4 point deduction from the exhibitor's score. A major fault will result in a deduction of 4 ½ points or more from the exhibitor's score. An exhibitor that incurs a severe fault avoids elimination, but should be placed below all other exhibitors that complete the pattern correctly. A minor fault can become a major fault and a major fault can become a severe fault when the degree and/or frequency of the infraction(s) merits.
 - a. Faults in the overall presentation of exhibitor and horse include:
 - Poorly groomed, conditioned or trimmed horse
 - Dirty, ragged, or poorly or ill-fitted halter, bridle, or lead
 - Poor or improper position of exhibitor
 - Excessively stiff, artificial, or unnatural movement around horse or when leading
 - Continuous holding of the chain portion of the lead, lead shank, or reins tightly coiled around the hand or dragging on the ground
 - Changing hands or placing both hands on the lead, except when preparing to show the horse's teeth

- b. Faults of the performance include:
 - Drifting of the horse while being led
 - Horse stopping crooked or dropping a hip out when stopping, setting up, or standing
 - Backing, leading, or turning sluggishly or crooked
 - Horse not set up properly for the breed or excessive time to set up
 - Failure to maintain a pivot foot during turns or stepping behind right front leg with left front leg when turning to the right
 - Horse holding head and/or neck crooked when leading, stopping, or backing
 - Failure to perform maneuvers at designated markers, but horse is on pattern
- c. Severe faults of the overall presentation of exhibitor and horse (avoids disqualification but should be placed below other exhibitors that do not incur a severe fault) include:
 - Leading on the off or right side of the horse
 - Complete failure to move around horse by exhibitor and obstructing judge's view
 - Exhibitor touching the horse or kicking or pointing their feet at the horse's feet during set up
 - Standing directly in front of the horse
 - Exhibitor wearing spurs or chaps
- d. Severe faults of performance (avoids disqualification but should be placed below other exhibitors that do not incur a severe fault) include:
 - Severe disobedience including rearing or pawing; horse kicking at other horses, exhibitors or judge; or horse continuously circling the exhibitor
- e. Disqualifications (should not be placed) include:
 - Loss of control of horse that endangers exhibitor, other horses or exhibitors, or judge including the horse escaping from the exhibitor
 - Failure of exhibitor to wear correct number in a visible manner
 - Willful abuse
 - Excessive schooling or training, or use of artificial aids
 - Knocking over the cone or going off pattern

Classes - 29c Western Showmanship - Juniors
 29d Western Showmanship - Seniors

Classes - 1a Hunter Showmanship - Juniors
 1b Hunter Showmanship - Seniors

Classes - 29a English Showmanship - Juniors
 29b English Showmanship – Seniors

NOTE: A Rider/Horse combination in Showmanship, if Rider shows two horses in a showmanship class and receives a Blue Danish for each horse – will need to Declare which horse they will exhibit in the championship class.

At the end of each open class, the judge will ask for all blue ribbon winners in the respective class to enter by the same order held by the ringmaster. Only the blues will be called back. If there are no blues or not enough blues to award 1 to 6 placings, no such placings will be made. Blues will be placed (1-6) for the class championship. These blue ribbon animals may be worked , judged and placed at the discretion of the judge. The pattern is not cumulative.

No comments or notes from the judge for a particular blue is necessary as these have met an adequate level of performance—the balance is on who did the better of a good job at the evaluation of the judge.

All championship classes will be placed and presented ribbons (1st-6th).

For Championship Showmanship, It will be the discretion of the judge to post or not post a final pattern

WESTERN DIVISION:

Horses and ponies shall be of any breed or combination of breeds, serviceably sound, in good condition and of stock horse type. Horses are over 14.2 hands. Ponies must be suitable to rider. Any rider violating this rule at any time must immediately be prohibited from further riding until such headgear is properly in place. It is the responsibility of the rider, or the parent or guardian of the exhibitor to see to it that the headgear worn complies with appropriate safety standards for protective headgear intended for equestrian use. The Virginia 4-H, Virginia Horse Center and volunteers are not responsible for checking headgear worn for such compliance. Virginia 4-H makes no representation or warranty, express or implied about any protective headgear and cautions riders that death or serious injury may result despite wearing such headgear as all equestrian sports involve inherently dangerous risk and as no helmet can protect against all foreseeable injuries.

The use of a hackamore (including mechanical hackamores) or other types of bridles is the optional choice of the rider, however, the judge may prohibit the use of bits of equipment he may consider severe. Tying of feet to stirrups with any material is prohibited. After running there can be no disqualification or penalty due to equipment or attire. During and after running the judge and only the judge may disqualify any entry for unduly severe treatment (no time penalty just disqualification). There is no appeal upon the judge's decision in regard to either disqualification.

Rider must enter ring mounted and unassisted and must go directly to the course when called for. Mounts may be led to the in gate but not through the gate. No one will be allowed a running start to the in gate. Rider is required to dismount and lead his horse out of the ring at the end of his run. Off course constitutes elimination. Knocking over a barrel race barrel or a pole will not result in elimination but will constitute a (5) second penalty. Touching a barrel or pole by the hand of the rider shall not cause a disqualification or penalty. There will be no time-outs or re-runs in case of broken equipment, thrown shoes, etc. All timing will be done by the average of two stop watches and/or electric timer and exact ties will be re-run one time or until broken in like manner. Cutting the timer by circling wide while on course may result in no time. Timing will be supervised by the judge. Standard distances will be observed but management reserves the right to vary the distances if necessary. The general rules in this catalog also apply, however, no rules except these listed in this division shall apply in gymkhana events. Pole bending poles will be set at 21' for horse and pony classes.
