All systems of selection and eligibility procedures have been thoroughly reviewed and the committee recommends continuing the selection by quota and age. Emphasis should continue for all members to show at local, county and district shows. Please consult with your leaders and members well in advance of the events. The state show is one of the largest and best 4-H youth events in the nation. Our challenge and goal is to keep the show operating optimally for the benefit of the members.

EXHIBITOR AND HORSE QUALIFICATIONS

Extension Agents, 4-H Leaders, 4-H horse project members, and parents; **please read these rules carefully.** An adult should accompany each 4-H member to the show. The adult in charge will be held responsible for the veracity of the entry and the conduct of their 4-Hers who participate in the show. Failure to comply with the rules and regulations as set forth in this program will result in disqualification and forfeiture of prizes won. Disqualification will be determined by the Virginia 4-H Horse Program staff and show committee. Adult supervisor must be listed for each 4-H Member on the Orientation Report Form.

This event is open to all 4-H youth per the following show rules. **Signed entry indicates compliance with all rules, the entry system, and the show personnel and judge's decisions without oral or written protest.** Educational emphasis is on stable management, showmanship, safety, equitation, horsemanship and sportsmanship.

- c) Must be an enrolled 4-Her by January 1 of the year they plan to attend the State Show or State Fair Show. - d) Qualified in a 4-H district qualifying show or state approved 4-H qualifying clinic (member and horse).
- e) Passed levels 1&2 of the Horsemanship Skills Program (member and horse) if the horse/rider combination has not previously shown at the state level.
 1. **Junior Members:** All junior youth must take and pass Levels 1 and 2 with any new horse that they have not previously taken or passed Horsemanship Skills with.
 2. **Senior Members:** Seniors who have previously taken and passed Levels 1 and 2 must test and pass only Level 2 (with proficiency shown in the Level 1 Skills) with **ANY new horse** that **has not been shown with THAT RIDER** at the State Horse Show or State Fair.
 3. Horse/Rider combinations that have previously shown at the State Show or State Fair **do not have to re-test if that horse/rider combination is not changing.**

- g) **4-H Age Qualifications.**
 1. Junior exhibitors must turn at least 9 years of age during the current 4-H year (October 1 – September 30). The Junior exhibitor must not have reached his/her 14th birthday during the current 4-H year (Oct. 1 – Sept. 30) to be eligible to ride in the Junior Exhibitor division.

- h) **Eligibility/Declaration Form**. Exhibitors must have completed the eligibility/declaration form for their project animal(s) through their own login account at v2.4honline.com no later than **May 1** of the current horse show year. In addition, Extension agents may require the paper copy ([406-125](tel:406-125)) to be on file with their Unit by a determined date. Youth may declare more than one horse but the horse selected for the state show must have this form filed online **by May 1**.

County/Districts may have extra qualifications above and beyond the ones listed in this rulebook. Please check with your county/district for specific requirements.

Senior Military Exemption – This exemption allows qualifying seniors to enter the State Show without attending a qualifying event for the year.

A. Qualifications

- a. Must be a senior 4-H member, 18 years or older, who will be going into active military duty or basic training.
- b. Military training or active duty is such that this 4-Her is unable to attend any official qualifying event prior to the State Show.
- c. Must have been involved in 4-H at least two (2) years prior to enlisting in the military.
- d. Must have qualified in the prior year in a district qualifying show or clinic.
- e. Must have shown in the prior year State Show.
- f. Must be exhibiting the same project animal as in the previous year.
- g. Each District can determine additional steps needed to qualify in their area, see recommendations below.

B. Recommended Options to Qualify in Lieu of a Qualifying Show or Clinic:

- a. A letter of recommendation from the county agent stating that he/she has personally seen the 4-Her's riding ability.
- b. The 4-Her must submit a log of riding time since October 1st
- c. The 4-Her must provide a copy of their project book.
- d. Complete one of the following options:

Note: The Senior Military Exemption must be approved by the District Horse Council in concert with the 4-Her's local 4-H agent. All approved qualifying information will be held at the district level. Once qualification requirements are met the information will be supplied to the State Office on the Qualifying Youth Registration Document.

Insurance – Exhibitors must have an accident-medical insurance policy. The policy number and name should be listed on the Health History form. **The show will not provide insurance.**

4-H Member Rules

1. **Dress.** Horse show participants and family members are expected to dress neat, appropriately and of a conservative nature in keeping with general 4-H expectations at all times. Anyone with the probability of handling or riding a horse should dress with safety in mind. When schooling, long pants are required and tops with enough coverage and support to withstand strenuous activity are required. Closed toed boots with a heel and approved safety helmet are required when riding. No open toed shoes, sandals/flip flops allowed when handling a horse or cleaning a stall. Shirts are required at all times, and participants are not to wear clothing that allows undergarments to show.
 - a) The following dress items are considered inappropriate at all times during the show weekend: clothing with negative, indecent language or symbols, excessively tight or short garments, **exposed undergarments, halter or tube tops, spaghetti straps, belly shirts exposing midriff and see through clothing.**
 - b) When showing, show appropriate dress and safety attire is required based on the division rules. Please see show division for appropriate attire. All show personnel have the authority to enforce the dress code policies. Failure of any individual to comply with dress policy or change requests can result in disqualification from the show and eviction from the horse show grounds.
2. **The Virginia 4-H Code of Conduct which all members and adult volunteers have signed will be in effect.**
3. **Show Entry.** It is the responsibility of the 4-H member to obtain the rules and complete their own entry through the FairEntry system online. After the entry has been submitted, qualified horse substitutions can be made prior to the start of the show on Thursday, September 9, 2021 at 9:00 AM with written support of the leader, agent, and a \$50.00 fee. If age of exhibitor is questioned, then the exhibitor must produce a birth certificate or be considered for disqualification for all classes in the current show.
4. If special arrangements are needed due to disability, please contact Sandy Arnold, Youth Equine Extension Associate, by the entry deadline of July 12, 2021 by emailing horse4h@vt.edu.
5. Parents, guardians, members and/or representatives agree to all rules and legal show decisions without appeal or legal action upon entry. Responsibility for preparation and safe participation in any class is the responsibility of the parent, guardian and/or representative and members.

General Horse Rules

- 1) The horse must be the project animal of the 4-H member. It may be owned, leased, or rented. Declarations for the project animal shown must be on file online through member's v2.4honline.com account by May 1. In addition, paper [Eligibility/Declaration Forms](#) may be required to be submitted to the county Extension office at a deadline set by the Extension agent.
- 2) The program is open to all breeds and types of horses, ponies, mules, and donkeys.
- 3) The equine must be healthy and serviceably sound. All horses will be subject to inspection by a veterinarian to comply with Federal, State and United States Equestrian Federation regulations concerning soring, drugs and drug testing, and cruelty to animals.
- 4) **It is strongly suggested all horses entering the horse show grounds be vaccinated in the last 6 months with the Flu/Rhino vaccine. Show management reserves the rights to mandate proof of vaccination should an outbreak of the disease occur or the facility rules require proof of vaccination.**
- 5) No stallions are allowed.
- 6) Equines must have a negative Coggins Test for EIA within 12 months of State Show. The most up to date Coggins must be uploaded into the FairEntry system at time of entry. If the Coggins expires after July 12

and before September 8, the updated copy must be emailed to Sandy Arnold at horse4h@vt.edu. The Coggins certificate must be presented at the Stable Manager's Office upon arrival at the show before the horse may be assigned to a stall.

a) **Bring two copies** to the show

i) You may be asked to turn in **one copy** to the show management and have one copy for the return trip home in case you are questioned.

7) A general health certificate will not be required. (A 30-day health certificate is required for all horses shipped from out of state to the show).

8) Two members of an immediate family may show one animal but this animal must be their 4-H horse project, and may be shown only one time in each class for which it is eligible. Both members with this animal must qualify by showing at their district qualifying show. Each individual exhibitor will pay the **\$175** entry fee for state and jointly will be assigned one stall for the animal.

9) Outside of immediate family, sharing horses is **NOT** allowed!!

10) It is suggested that the **county selection committee or agent** be encouraged to check that horses and ponies from their counties are suitable for the classes in which they are entered.

11) The 4-H Show will conduct a strict barn monitor system and any animal thought to present a health problem may be asked to go home. All exhibitors should check well in advance with own veterinarian for preventative medicine recommendations to protect their horses at the show. This protection will vary per veterinarian and responsibility is up to the owner.

12) Research has shown that health complications such as heat stress, stress of traveling, and showing can be exacerbated at low body condition scores. Due to concerns for animal welfare and the objective of 4-H to educate and promote quality animal husbandry; horses, ponies and/or mules shall not be shown at the Virginia 4-H Horse Program State Show and/or Virginia

4-H State Fair Horse Show with a body condition score of less than 4 based on the Henneke scale (ribs easily discernible, tops of spinous process easily discernible, tail-head prominent with hook bones easily discernible, withers accentuated and neck obviously thin). If you have questions about the body condition score of your horse or if you are not sure your horse will pass inspection, please contact Sandy Arnold at 703-201-4322. The Virginia 4-H Horse Program staff will assess animals in question. If there is a thin animal, the committee will make a final decision whether or not to disqualify the animal.

Horse Show Hero Program

4-Hers may solicit “**Horse Show Heroes**” to help sponsor the event and discount their entry fee.

Sponsorship totals less than \$175.00 will gain the 4-Her into a drawing for prizes but no drop in entry fee will be credited

-If 4-Her secures \$265.00 in sponsorships, the entry fee for that 4-Her is dropped to \$90.00

-If \$350.00 in sponsorships is obtained, the 4-Her will have **ZERO FUNDS** due at entry time!

Riders bringing two horses that secure \$750 or more in sponsorships will have **ZERO FUNDS** due at entry time!

Tax deductible donations of \$25.00 and above will receive a formal credit from VA Tech.

All Hero money must be sent with the entry and each 4-Her must summarize their Hero dollars in excel format to include the name and county of the 4-Her along with the Hero name and amount given. A total for each 4-Her is also requested. See the [4-H Horse Program Website](#) for more information and forms.

Horse Show Hero forms **MUST BE SENT WITH THE VA STATE 4-H HORSE SHOW ENTRIES** for the 4-Her to get credit. If a 4-Her with Hero sponsorships is unable to attend, Hero forms can be “transferred” to another 4-Her if done so before the scratch deadline of September 1, 2021.

After the scratch deadline, Hero sponsorships can still be accepted but there will be no refunds of Horse Show Hero Monies. Hero checks are cashed upon receipt, tax credit given if the support is \$25.00 or more, and are not refundable if the 4-Her is unable to attend the horse show.

- 5) Entry fee:
 - a) Permits the horse to enter all classes of which it is eligible.
 - b) Reserves an individual stall.
 - c) Is applied to plaques and ribbons.
 - d) Permits use of a shared tack stall.
- 6) **Entry Fees are non-refundable** unless request is approved and scratched by the show manager by September 1, 2021. Refund should be requested by letter or email by the Extension agent to Sandy Arnold at horse4h@vt.edu. (See specific ruling on scratches just prior to and after the show).

- 7) All entry checks will be cashed upon receipt and entry may be returned or disqualified in the event of a returned check. There is a \$25.00 charge on all returned checks.

Late Entries

1. Entries made before or on July 12, 2021 will be accepted without question.
2. Entries made after July 12, 2021 will be placed by receipt order permanently at the end of the waiting list. Show management will not discuss this with anyone. The secretary will notify the agent and the agent must immediately notify those affected.
3. Any question in regard to the disposition of late entries may only be made in by the Extension agent direct to the Virginia 4-H Horse Program Specialist. The show staff and the state horse specialist may only respond to the application of the rules via the Extension agent.

Quota and Cancellations

1. The State Show secretary, having received all entries, shall accept 600 entries, submitted on a state-wide basis by the oldest 4-Hers. If, for any reason an entry accepted by the secretary must be cancelled prior to the show, the Secretary shall offer the opening to the next oldest 4-H'er having submitted entry. The Show Secretary will notify each agent per county of the names to be scratched by the quota system as well as advising agents if there are no scratches in his county. The Agent, in turn, must notify the exhibitors.
2. Parents and Leaders should inform local agent and show secretary if they become aware of scratched entries and must immediately notify the state office via e-mail or written notification, so the space can be assigned to other exhibitors who have submitted eligible entries. An up-to-date waiting list will be posted on the [4-H Horse webpage](#). The secretary will notify and fill cancellations by rank order. All entries agree hereby to this system. Scratching without notification to secretary prohibits other members from showing.
3. All scratches must be made by **5:00 PM, September 1, 2021 by emailing horse4h@vt.edu** to be eligible for refund. All scratches and no shows after this deadline automatically forfeit entry fees (regardless of reason).

Horse Substitution Rule

The animal shown at the qualifying show or clinic must be the one shown at state.

Exhibitors may substitute one qualified horse for another horse **they declared by May 1st** and that has met all other qualification criteria after entries are submitted.

The request must be made before the start of the show on Sept. 9, 2021 at 9:00 am--The agent must verify the reason for substitution and the request must be accompanied by a \$50.00 **cashier's check or money order only**, to make the change.

4. "No shows" without notification to the show office or secretary in advance may be reviewed by the show committee. The 4-Her may be placed at the end of the waiting list for the next state show. This will be via written notice.

MEASUREMENT AND CERTAIN SHOEING REGULATIONS

Measurement

Measurement is to take place at district qualifying or local shows. Permanent United States Equestrian Federation cards may be accepted to verify height of horses or ponies. No animal will be measured at the show unless the height is questioned. District shows should check the 4-H cards for validity. Ultimate responsibility rests with the exhibitor. Heights are described on the [4-H Project Horse Eligibility/Declaration Form](#). Miniatures are classified as 40" or less and cannot be ridden.

An exhibitor only may question the height of any animal in the same class being shown but prior to the pinning of the champions and/or within one hour of the conclusion of the class. This is to be directed in writing (signed) to the steward. This statement will be shown to the exhibitor in question, the animal measured (regardless of the kind of card), and the awards and points to be assigned per current United States Equestrian Federation Rules. No champions may be challenged after the awards are made.

Shoeing

Any question about shoeing and pads should be directed to the steward in writing and signed by the party concerned. The steward may then check on the entry and present the written question to the other party concerned. Pads and shoes may be checked by the steward for English Pleasure Horses and gaited horses by DQP or at the in-gate prior to the class. Compliance is the sole responsibility of the exhibitor. Pads and Shoes cannot be questions after a class is in progress except upon the initiation of the steward and/or judge and cannot be questioned by anyone after the ribbon placing.

PHOTOGRAPHS

If you wish to compete in an Equitation class, you must choose from the same division of the riding classes that you are entered in. However, if your division does not offer an equitation class (example: gymkhana) or you have a second horse, you may choose any of the equitation classes.

Example #1: if you are competing in the Hunter Pleasure or Hunter riding classes, you may only choose to compete in a Hunter Equitation class. You may not compete in Dressage Equitation.

Example #2: if you are competing in the Dressage riding classes, you may only choose to compete in Dressage Equitation. You may not choose to do a Hunter Equitation class.

SECTION 1 – WESTERN HORSEMANSHIP

Western Horsemanship is designed to evaluate the rider's ability to execute a set of maneuvers prescribed by the judge with precision and smoothness while exhibiting poise and confidence and maintaining a balanced and functional correct body position. The ideal horsemanship pattern is extremely precise with the rider and horse working in complete unison. The horse's head and neck should be carried in a relaxed, natural position with the poll level with or slightly above the withers.

The exhibitor should appear natural in the seat and ride with a balanced, functional and correct position regardless of the maneuver or gait being performed. Riders should sit in the center of the saddle with the legs hanging to form a straight line from the ear, shoulder and hip. The heels should be lower than the toes with a slight bend in the knee. The riders back should be flat and relaxed. The shoulders should be back, level and square. Both hands and arms should be held in a relaxed, easy manner. The free hand and arm may be carried bent at the elbow in a similar position as the hand holding the reins or straight down at the rider's side. The reins should be adjusted so that the rider has light contact with the horse's mouth. Excessively tight or loose reins will be penalized.

Scoring:

Exhibitors are to be scored from 0 to infinity, with 70 denoting an average performance.

Patterns will be divided into 6 to 10 maneuvers, as specified by the judge, and each maneuver will be scored from +3 to -3 with 1/2 point increments acceptable that will be added or subtracted from 70.

Maneuver scores should be determined independent of penalties, and should reflect equal consideration of both performance of the exhibitor's pattern and the horsemanship form and effectiveness of the exhibitor to result in the following scores: +3 Excellent, +2 Very Good, +1 Good, 0 Average or Correct, -1 Poor, -2 Very Poor, -3 Extremely Poor.

Exhibitors overall horsemanship form and effectiveness should also be scored from 0 to 5 with 0 to 2 Average, 3 Good, 4

Very Good, 5 Excellent. Exhibitors should also be judged on the rail, and their pattern score and/or ranking may be adjusted as appropriate.

Penalties:

Maneuver evaluations and penalty applications are to be determined independently. The following penalties will be applied for each occurrence and will be deducted from the final score:

- **Three (3) points:**
 - Break of gait at the walk or jog up to 2 strides
 - Over or under turn from 1/8 to 1/4 turn

II. SHOWMANSHIP IN HAND DIVISION

Purpose

To demonstrate the handler's ability to show a horse at halter.

Horse

The horse should be clean, well-groomed, and turned-out appropriately for his type.

Conformation of the horse is not to count in any judging criteria.

Class Selection

If you wish to compete in a showmanship class, you must choose from the same division of the riding classes that you are entered in. However, if your division does not offer a showmanship class (example: gymkhana) or you have a second horse, you may choose any of the showmanship classes.

Example #1: if you are competing in the Hunter Pleasure or Hunter riding classes, you may only choose to compete in Hunter Showmanship. You may not compete in Dressage Showmanship.

Example #2: if you are competing in the Dressage riding classes, you may only choose to compete in Dressage Showmanship. You may not choose to do Hunter Showmanship.

Exhibitor

The exhibitor should be neat, clean, well-groomed, attentive, courteous and in appropriate attire. The exhibitor's overall poise, confidence, appearance and position throughout the class will be evaluated. Safety helmets or appropriate head gear for an industry show of the division is acceptable.

Western Division:

Tack - Leather show halter and leather shank or any well-fitting halter with shank. Silver on halters will not serve as an advantage.

Exhibitor - Should be dressed in western suit or western style slacks and jacket or vest with long sleeve shirt. No chaps. Hat, tie, and western boots required. No whips or crops may be carried.

Hunter Division:

Tack - **Bridle is required. No halters will be allowed!** Regulation snaffles, Pelhams, all with cavesson nosebands, are recommended types. A judge may penalize for non-conventional types of bits or nosebands.

In junior exhibitor classes, braiding is optional but does enhance the "turn out" of the horse/pony. In senior exhibitor classes the mane and tail must be braided to be considered for placing.

Exhibitor - Proper hunt attire should be worn, including properly fastened ASTM approved helmet. Whips or crops are optional.

Saddleseat Trotting/Non-Trotting Division:

Tack - Suitable bridle or halter. Ribbons are optional and may be either clipped or braided into mane.

Exhibitor - Saddle suit or coat and jodhpurs with tie, gloves and hat/helmet or appropriate western attire of long sleeved shirt, jeans/trousers, boots, western hat/helmet and optional jacket/vest.

Dressage Division:

Tack - **Bridle is required. No halters will be allowed!** Regulation snaffles with cavesson nosebands, are recommended types. A judge may penalize for non-conventional types of bits or nosebands.

In junior exhibitor classes, braiding is optional but does enhance the "turn out" of the horse/pony. In senior exhibitor classes the mane must be braided to be considered for placing.

Exhibitor - Dress Code for Training through Fourth Level Dressage is a short riding coat of conservative color, choker or stock tie, breeches or jodhpurs, boots, or jodhpur boots, and a properly fastened ASTM approved safety helmet. Half chaps and/or leggings are not allowed. Gloves of conservative color are recommended. Whips or crops are optional.

Miniature Division:

Tack - Appropriate western, english, or hunter tack should be utilized.

Exhibitor - Proper western, english, or hunter attire should be worn.

SHOWMANSHIP SYSTEMS

Everyone is expected to show their horse on the “Quarter Method” where the horse is “divided” down the midline of the vertebrae and at the withers. The judge’s position in the respective quadrant of the horse influences where the showman should stand to present the horse.

Quarter Method:

- The showman must always have an unobstructed view of the judge, must always be presenting the horse and must always know what his horse is doing.
- If the judge is standing at the rear quarters of the horse, the showman must be on the same side of the horse as the judge.
- If the judge is standing at the front quarters of the horse, the showman is on the opposite side of the horse as the judge.
- In either case, the showman must keep the judge within his field of vision at all times and should never stand directly in front of the horse.
- The exhibitor should not crowd other exhibitors when setting up side-by-side or head-to-tail.
- When moving around the horse, the exhibitor should change sides in front of the horse with minimal steps and should assume the same position on the right side of the horse that they had on the left side.

Regardless of where the judge stands in the ring for traveling the horses to and away from him, the following principles shall apply: When moving the horse at a walk, jog, or favorite gait or turning, the handler should always be on the horse’s left (near) side. All turns greater than 90 degrees must be to the right so that the horse is moving away from the handler.

Exhibitors should be poised, confident, courteous and genuinely sportsmanlike at all times, quickly recognizing and correcting faults in the positioning of the horse. The exhibitor should continue showing the horse until the class has been placed or they have been excused, unless otherwise instructed by the judge. The exhibitor should appear business-like, stand and move in a straight, natural and upright manner, and avoid excessive, unnatural or animated body positions.

Methods of Showing:

The exhibitor should perform the work accurately, precisely, smoothly, and with a reasonable amount of speed. Increasing speed of the work increases the degree of difficulty, however, accuracy and precision should not be sacrificed for speed. The horse should lead, stop, back, turn and setup willingly, briskly and readily with minimal visible or audible cueing.

Leading, backing, turning and initiating the set-up should be performed from the left side of the horse. At no time should the exhibitor ever stand directly in front of the horse. When moving, keep your horse’s neck, head and body in a straight line and maintain precise control.

The stop should be straight, prompt, smooth and responsive with the horse’s body remaining straight.

The exhibitor should not touch the horse with their hands or feet, or visibly cue the horse by pointing their feet at the horse during the set-up.

On turns greater than 90 degrees the ideal turn consists of the horse pivoting on the right hind leg while stepping across and in front of the right front leg with the left front leg.

When leading, the exhibitor should be positioned between the eye and the mid-point of the horse’s neck referred to as the leading position. Both arms should be bent at the elbow with the elbows held close to the exhibitor’s side and the forearms held in a natural position. Height of the arms may vary depending on the size of the horse and exhibitor, but the arms should never be held straight out with the elbows locked.

The position of the exhibitor when executing a turn to the right is the same as the leading position except that the exhibitor should turn and face toward the horse’s head and have the horse move away from them to the right.

When executing a back, the exhibitor should turn from the leading position to face toward the rear of the horse with the right hand extended in front of the exhibitor’s chest still maintaining slight bend in the elbow and walk forward. The ideal position is for the exhibitor’s left shoulder to be in alignment with the horse’s left front leg.

When setting the horse up for inspection, the exhibitor should stand angled toward the horse in a position between the horse’s eye and muzzle, and should never leave the head of the horse.

Scoring

Exhibitors are to be scored from 0 to infinity, with 70 denoting an average performance.

Patterns will be divided into 6 to 10 maneuvers, as specified by the judge, and each maneuver will be scored from +3 to -3 with ½ point increments acceptable that will be added or subtracted from 70.

Maneuver scores should be determined independent of penalties, and should reflect equal consideration of both performance of the exhibitor's pattern and the form and effectiveness of the exhibitor and presentation of horse to result in the following scores: +3 Excellent, +2 Very Good, +1 Good, 0 Average or Correct, -1 Poor, -2 Very Poor, -3 Extremely Poor.

Exhibitors overall form and effectiveness should also be scored from 0 to 5 with 0 to 2 Average, 3 Good, 4 Very Good, 5 Excellent.

- Break of gait at the walk or trot up to 2 strides
- Over or under turning up to 1/8 of a turn
- Ticking or hitting the cone

New for 2021: Judging Criteria and Class Procedure for Hunter and Dressage Divisions:

Showmanship classes are to be judged 60% on showmanship and 40% on appearance of exhibitor in the ring.

Conformation of the horse is not to count but horse and equipment must be clean and optimum in appearance.

Contestants will be evaluated on an individual basis using the Danish System. Upon exiting the ring, they will be given a Danish ribbon. Blue ribbons will be called back for finals.

Class Procedure

Each exhibitor will individually enter the ring and perform the pattern as shown in the show program. Exhibitors will work in the order of go that is posted and confirmed by the paddock master. The following maneuvers are considered acceptable: leading the horse at a walk, jog, trot or extended trot or favorite gait, or back in a straight or curved line, or a combination of straight and curved lines; stop; and turn 90 (1/4), 180 (1/2), 270 (3/4), 360 (full turn) degrees or any combination or multiple of these turns. The pull turn is an unacceptable maneuver. Exhibitors must also set the horse up squarely for inspection or hind feet offset in Hunter or Dressage Showmanship.

Be sure to check in with the paddock master prior to your class. It is the responsibility of the exhibitor to be on time for their go. If you miss your go in order you will not be allowed to go at the end of class. Special cases will be considered if arrangements are made at least one hour prior to the class. Scores in the Western Division will be posted at the entry gate after approximately each 5-10 horses work their pattern.

Awards

Junior and Senior classes with 50 or more exhibitors will be split into equal divisions to be judged and placed separately. Once the placings have been awarded, the **Top 5 exhibitors from each split** will return for a final pattern where Champion and Reserve champion will be placed. Scores from the first run are not to count. The class will be dual judged and the 1st place individual will receive Champion and the 2nd place individual will receive Reserve Champion.

Classes that are not split will have the Top Five return for a final pattern where Champion and Reserve Champion will be decided. Scores will not carry over from the first run.

The single Champion in each Junior and Senior Showmanship division will receive a \$150.00 award. Reserve Champion for each age bracket will receive a \$75.00 award. A W-9 form and monetary award form will be given out at the show and should be returned to the awards office during the show. If mailed after the show, then the original signature, and completed forms must be postmarked by October 1 in order for the awards to be processed to the winner.

Please see the USEF Rulebook (www.usef.org) and the Western Dressage Association of America (<https://westerndressageassociation.org/>) for further explanations of the general principals of Western Dressage competition and the correct gaits and movements.

The Western Dressage Test will be **Basic Level Test 1**

If either class has less than 8 entries, the classes will be combined and run as one class.

All exhibitors are required to wear boots and a properly fitted ASTM/SEI approved equestrian helmet with a fastened harness the entire time the exhibitor is in the arena. Shirts with a collar and long sleeves are required. Spurs are optional and may be of Western style, with or without blunt tines, or English Dressage style. Other optional attire includes: chaps, gloves, neck tie or similar tie/pin, vest, jacket, coat, or sweater.

Please see rules for western tack in this rulebook. The following exceptions and/or additions are allowed in Western Dressage:

 - A. At the end of the Free Walk or Free Jog, riders using split reins held in one hand may use the free or offhand to pull the reins back to the desired length. Riders using Romal reins may use the hand using the Romal to alter the tension or length of the reins from the bridle to the reining hand.

In addition to what is described in Appointments for the Western Division, the following are not allowed in Western Dressage:

1. Full cheeks, half cheeks, kimberwicks, roping bits with both reins attached to a single ring, or any type of rein or attachment which increases the effective length of the bit's shank or creates additional leverage.

EXECUTION AND JUDGING OF TESTS:

Western Dressage integrates the historically validated principles of dressage with the best of western stock horse tradition, with the purpose of enjoying a safe, pleasurable, versatile, and useful working horse. The hallmarks of the Western Dressage Horse are usefulness, rideability, willingness, safety, pure gaits, lightness, calmness, and steadiness. A Western Dressage Rider should use clear, effective, subtle aids coupled with a confident seat and light, responsive hands in communication with the horse.

A Western Dressage Partnership should exhibit impulsion originating from deeply engaged hindquarters transmitted without resistance through a supple topline to a light, soft contact with the rider’s hand(s). The horse should move freely forward via a willingness to work off the hindquarters which enables the western horse to be a useful working partner.

Class No. SECTION 6 – JUMPERS

221 Junior Jumpers

222 Senior Jumpers

Riders wishing to compete in this class must successfully complete a similar class in a recognized event (examples: VHSA, BHSA, USEF, USEA, CDCTA, BREA, SWVAHJA). Proof of this must be submitted with entry into the show through the Jumper Qualifying Form found in this rulebook. This form must be fully filled out and signed by the show manager.

Successful completion is defined as a horse and rider that completes all jumping efforts **without disqualification** in the class for any reason. **This qualifying form applies to those youth that are entering the Jumper Class. This form is not required for youth solely entered in Hunter Classes.**

If either class in this section has less than 8 entries, the classes will be combined and run as one class.

Schooling for youth in this class (and not another hunter class) will take place on Thursday in East Arena. Schooling will NOT be allowed on Friday for exhibitors in the class. There will be warm up fences but no other schooling other than the time outlined above.

Rider Attire: Riders shall wear formal show attire for Jumping.

Tack: Tack can include an ear bonnet and square show pad. Figure 8 nosebands and martingales (standing or running) are allowed.

Class Rules

1. Jumpers are scored and placed on a mathematical basis and penalty faults, which includes disobediences, falls and knock-downs.
2. **Horses and ponies will compete in the same class.**
3. Both a starting line at least 12 feet in front of the first obstacle and a finish line at least 24 feet beyond the last obstacle must be indicated by markers (at least 12 feet apart) at each end of the lines. Time shall be taken from the instant the horse’s chest reaches the starting line until it reaches the finish line. Time shall be taken out while a knocked down jump is being replaced - that is, from the moment the rider gets his mount in a position to retake the jump until the proper authority signals that the jump has been replaced. It shall be the rider’s responsibility to be ready to continue the course when the signal is given.
4. **Class Procedure:**

- A. Class will be scored as written in Table II, section 2(b) of the USEF Rules for Jumpers.
 - B. The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clean in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jump-off course. A competitor with a clear round may dismount, and with assistance if necessary, adjust tack and/or equipment; however, upon the audible signal to begin his/her round, the competitor is responsible to adhering to the 45 seconds rule. A competitor who leaves the arena after a clear round (before or after the tone) will be considered to have retired from the jump-off. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults.
 - C. All class entries will participate over the posted course.
 - D. Fences will be set at a **minimum of 2'6" and a maximum of 2'11"**. Fences must be set at the required height indicated, within a two-inch variance.
5. **Jumper Courses:**
- A. All courses must be set according to USEF standards.
 - B. Obstacles should be attractive, varied and appropriate to their setting. They and/or their components must be capable of being knocked down and should be neither so light or poorly supported that they fall at a slight touch, nor so heavy or firmly supported that they can hardly be dislodged.
 - C. All suspended elements (i.e., gates, panels, etc) must be hung not more than 4" from their top edges.
 - D. At least 3 out of the first 10 efforts must be spreads.
 - E. There must be at least one change of direction in every course, including jump-off courses.
6. **Scoring:**
- A. Jumpers are scored on penalties incurred between the starting line and finish line. A competitor, after receiving the signal to begin his/her round, is not being scored until crossing the starting line in the proper manner.
 - B. Penalty faults include disobediences, falls, knockdowns, touches and time penalties.
 - C. In cases of broken equipment or loss of shoe, the rider must continue if he wishes to avoid penalty, or may retire.
 - D. If a competitor jumps an obstacle that has not been reset, or has been reset improperly, due to it being downed by a previous competitor, the weather, or some other factor, the competitor receives no penalty. However, if the competitor knocks down the obstacle he will be penalized accordingly.
 - E. Failing to complete-A competitor failing to complete a particular round shall have the reason recorded as follows:
 - (1) Withdrew (WD) or did not start (DNS) indicated that the competitor failed to enter the arena within one minute of being called. The time for entering the ring must be enforced by management. To prevent unfairness to an exhibitor, management may extend the time for entering the ring.
 - (2) Retired (RT) indicates the competitor voluntarily retired prior to completing the round.
 - (3) Eliminated (E or EL) indicates that during his/her round the competitor was eliminated by the judge for any of the various reasons indicated in these rules.
7. Starting and Finishing: In order to receive a score other than "Withdrew (Did not start)", "Retired", or "Eliminated":
- A. The horse must cross the start line between the markers in the proper direction with the rider mounted. Passing through the starting markers in the improper direction before starting does not incur penalty.
 - B. The horse must cross the finish line between the markers in the proper direction and with the rider mounted.
 - C. The horse must jump all of the required fences between the start and finish markers.
 - D. The horse must not resist for 45 consecutive seconds or take more than 45 seconds to jump the first obstacle after the time of the round has begun or take more than 45 seconds to jump the next obstacle on course.
8. Entering the Arena: Failure to enter the arena within one minute of being called incurs elimination. The time limit for entering the ring must be enforced by management. Management may extend the time limit for entering the ring.
9. Time to Start: An exhibitor will have 45 seconds from the time the judge(s) sound an audible signal to cross between the start markers in the proper direction and start on course. If a competitor does not cross through the start line within the allotted time, the time on course will start when the allotted time expires.
10. Use of Audible Signal: An audible signal (bell, horn, whistle, gong or buzzer) is sounded for the following purposes:
- A. To give the signal to start
 - B. To stop a competitor in the event of an unforeseen incident

- C. To interrupt the 45-second period which a rider has to begin the course in the event of an unforeseen incident
- D. To indicate that an obstacle has to be reset before being retaken after it has been knocked down during a refusal
- E. To give the signal for a competitor to continue his/her round after an interruption
- F. To indicate by repeated and prolonged ringing that the exhibitor has been eliminated

11. **Timing**

- A. Starting and Stopping-time is taken from the instant the horse's chest reaches the start line, or upon the expiration of 45 seconds following the sounding of the audible tone, until it reaches the finish line. The judge may interrupt the 45-second countdown if unforeseen circumstances occur. Disobediences, falls, etc., occurring between the signal to start and the moment the competitor crosses the starting line in the correct direction are not penalized.
- B. Time out-If as a result of a disobedience a competitor knocks down or dislodges an obstacle or a flag marking the limits of an obstacle, the clock is stopped immediately and remains stopped while the obstacle or flag marking the limits of an obstacle is rebuilt. Regardless of which fence on the course this occurs at, a penalty of four seconds will be added to the time the horse takes to complete the course.
- C. Time out at combinations-If a competitor knocks down or dislodges one of the parts of a combination or a flag marking the limits of an obstacle, and then refuses or runs out at the next park without knocking it down, the clock is stopped as for a knockdown resulting from a disobedience. Regardless of at which fence on the course this occurs, and for each time it occurs on the course, a penalty of four seconds will be added to the time the horse takes to complete the course. Elements knocked down preventing a horse from jumping the next obstacle must be removed.
- D. Time Faults-One (1) time fault will be charged for each commenced second by which the time allowed is exceeded in any class for which time is a factor in scoring.
- E. Exceeding the time limit-Any competitor whose time including penalty seconds which might have been assessed for time-out(s), as described above, exceeds the time limit is eliminated. The time limit is defined as double the time allowed.

12. **Disobediences:**

- A. **Refusal:** Stopping in front of an obstacle to be jumped, whether or not the horse knocks it down or displaces it, is penalized as a disobedience. Stopping at an obstacle without knocking it down and without backing, followed immediately by jumping from a standstill, is not penalized. However, if the halt continues, or if the horse backs even a single step or circles to retake the course, a refusal is incurred.
- B. **Run-out:** Evading or passing the obstacle to be jumped or the finish line or jumping an obstacle outside its limiting markers is penalized as a disobedience.
- C. **Resuming the Course:** After a run-out or refusal, the competitor must, before proceeding on course, re-jump the obstacle at which the disobedience occurred or be eliminated. If the flag, standard, wing, or obstacle has not been reset when the competitor is ready to jump, he/she must await the signal to start or be eliminated.
- D. **Loss of Forward Movement:** Halting or stepping backward after crossing the start line will be penalized as a disobedience.
- E. **Circling on Course:** Any form of circle or circles whereby the horse crosses its original track between two consecutive obstacles (start and finish included), or stops advancing toward or turns at least 180 degrees away from the next fence, or finish line, except to retake an obstacle after a disobedience, is considered a disobedience. This is a judgment call.

13. **Falls:**

- A. The first fall of horse or rider results in elimination.
- B. A rider is considered to have fallen when he/she is separated from this horse, which has not fallen, in such a way as to necessitate remounting or vaulting into the saddle.
- C. A horse is considered to have fallen when the shoulder and haunch on the same side have touched the ground or an obstacle and the ground.
- D. A courtesy fence is not permitted following the fall of the horse or rider.

14. **Knockdowns:** An obstacle is considered knocked down when in jumping an obstacle, a horse or rider by contact:

- A. Changes any part thereof which establishes the height of the obstacle or the height of any element of a spread obstacle, even when the falling part is arrested in its fall by some other portion of the obstacle, OR

- B. Moves any part thereof which establishes the height of the obstacle so that it rests on a different support from the one on which it was originally placed.
15. Off Course: A competitor is considered off course when he deviates from the course as shown by the diagram and jumps an obstacle prior to rectifying the deviation.

Class No. SECTION 7 FREESTYLE REINING

153 Freestyle Reining – combined Juniors and Seniors

Reining is a western riding discipline in which riders guide their horses willingly through a precise pattern of circles, spins, and stops. All work is done at the lope and gallop. It is often described as the western form of dressage riding, as it requires the horse to be responsive and in tune with its rider, whose aids should not be easily seen, and judges the horse on its ability to perform a set pattern of movements.

A. General rules

1. Reining maneuvers originated from moves that a cow horse must use in performing its duties and have been refined to the high level of competition existing today. Freestyle Reining not only provides an opportunity to use these maneuvers creatively, but also to expand them to music by means of choreography. Riders are encouraged to use musical scores that permit them to show the athletic ability of the horse in a crowd appealing way.

Music: Music of choice. Must provide music on a **flash thumb drive by 10am Friday**. No other music should be on the flash thumb drive. Music must be in .mp3 audio file format. Music will not be accepted if it is on a cell phone, tablet, email etc. or in YouTube, music video or any other format

2. 4-H rules will apply except where the following rules pre-empt same.
3. **Required Maneuvers will be defined as follows:**
 - a. A minimum of 4 consecutive spins to the right
 - b. A minimum of 4 consecutive spins to the left

- c. A minimum of 3 stops
 - d. A minimum of 1 lead change at the canter from right to left
 - e. A minimum of 1 lead change at the canter from left to right
 - f. A minimum of 1 rollback in each direction.
4. Exhibitors will only be judged astride.
 5. Exhibitors are allowed to use one or two hands and any bit approved by the NRHA Handbook, including snaffle bits and bosals approved for use in the Snaffle Bit or Hackamore classes.
 6. Failure to perform all the required maneuvers or failure to complete the performance within the time limit will result in a score of 0.
 7. Additional maneuvers such as backups, speed variations, and non-classical reining maneuvers such as half pass and side pass are appropriate in Freestyle and shall be given appropriate credit. Additional repetitions of required maneuvers are appropriate, but will only add or subtract from the existing scores already given for the required maneuvers, not as additional scores.
 8. Equipment used in Freestyle must adhere to the following standards:
 - a. All equipment must be non-abusive and humane based on NRHA Rules and Guidelines.
 - b. Any equipment not specifically covered by or in conflict with standard equipment guidelines must be non-abusive to the horse.
 9. Time Limit. A maximum of 3 1/2 minutes including any introductions. The time limit will be from the beginning of the music or from the beginning of the introduction (whichever is first) and will end with the music.
 10. Costumes: Permitted but not required. Emphasis is placed on performing the reining maneuvers to music.
 11. Props: Permitted but at no time may hinder the judges' view of the horse. The use of props will not add to the score.

B. Judging of freestyle reining

1. Required maneuvers in Freestyle will receive a score based on technical merit from the technical judges utilizing judges score sheets specifically designed for the Freestyle.
2. Transitional maneuvers and other maneuvers not specified as reining maneuvers will be evaluated and scored accordingly in a specified box and counted as a single maneuver score.
3. In the case of one or two judges being used, they would judge the technical merit of the ride. As part of the overall score, each judge would weigh the artistic impression of the ride as 10 percent of the overall ride.
4. In the event a tie occurs, the technical merit scores will be tallied to break the tie. In the event a tie remains, the exhibitors tied will be declared co-champions.
5. Validating required maneuvers will be the responsibility of the judges. However, at least one scribe will be used to assist in verifying the required maneuvers for each horse as they are completed in the pattern.
6. Artistic impression judge or applause meter should not represent more than 20 percent of the combined score and should only be used in conjunction with (minimum) two approved judges. When used in scoring, the following formulas should be applied to properly weigh the scores according to the above percentage and still produce a comparable numerical score as when three judges are used.
 - a. Score for Judge 1 should be multiplied by 1.2
 - b. Score for Judge 2 should be multiplied by 1.2
 - c. Score for the Applause Meter should be multiplied by .6.
 - d. All three scores should then be added to determine the final score for placing.
7. Show management will reserve the right to rule on music or dress that may be inappropriate or offensive to the spirit and nature of the show. Show management may also determine the use of special lighting.

Patterns:

1. The following patterns are to be worked as stated, not as drawn. The drawn pattern is just to give the general idea of what the pattern will look like In the arena.
2. Markers will be placed on the wall or fence of the arena as follows:
 - a. at the center of the arena
 - b. at least 50' from each end wall
3. Where designated in the pattern for stops to be beyond a marker, the horse should begin his stop after he passes the specified marker.
4. Each pattern is drawn so that the bottom of the page represents the end of the arena entered by exhibitors and must be run as such. In the event that an arena has only one gate and it is in the exact middle of the side, that side shall represent the right side of the page the pattern is drawn on.

SECTION 4 – WORKING WESTERN

The purpose of the working western class is to measure the ability of the horse to be a pleasure to ride while being used as a means of conveyance from performing one task to another. The horse should reflect the versatility, attitude and movement of a working horse riding outside or inside the confines of an arena. The horse should be well-trained, relaxed, quiet, soft and cadenced at all gaits. The ideal working western horse will travel with forward movement and demonstrate an obvious lengthening of stride at extended gaits. The horse can be ridden with light contact or on a relatively loose rein without requiring undue restraint, but not shown on a full drape of reins. The overall manners and responsiveness of the working western horse to make timely transitions in a smooth and correct manner, as well as the quality of the movement are of primary considerations. This class will be scored similar to a Ranch Riding class based on AQHA rules. Rider may be excused at judge's discretion. Pattern will be posted at the show.

Class Procedure

Each horse will work individually. Horses will be scored on the basis of 0 to 100, with 70 denoting an average performance. Each maneuver will receive a score that should be added or subtracted from 70 and is subject to a penalty that should be subtracted. Each maneuver will be scored on the following basis, ranging from plus 1 1/2 to minus 1 1/2: -1 1/2 extremely poor, -1 very poor, -1/2 poor, 0 correct, +1/2 good, +1 very good, +1 1/2 excellent. Maneuver scores are to be determined and assessed independently of penalty points.

VII. GYMKHANA DIVISION

All Gymkhana riders must wear properly fitted protective and secured headgear (passing or surpassing current ASTM standards) at all times while mounted. It is the responsibility of the rider, or the parent or guardian of the exhibitor to see to it that the headgear worn complies with appropriate safety standards for protective headgear intended for equestrian use.

Gymkhana is a standalone division. Therefore, there are no cross entries from or to other divisions except showmanship, equitation, trail, or miscellaneous. These are timed events. Horses are over 14.2 hands. Large ponies are over 12.2 hands and not exceeding 14.2 hands and small ponies are 12.2 hands and under. Horses and ponies shall be of any breed or combination of breeds, serviceably sound and in good condition. Ponies must be suitable to rider.

Tack and Attire

To be ridden and shown with stock-type tack and attire. Proper attire consists of collared, long sleeve, button/snap down shirts with jeans, boots and fastened safety helmet. Belts, chaps, tapaderos and spurs are optional. Split or closed reins may be used with one or two hands on the reins. Rider may hold onto saddle with hands. Tie downs and standing martingales are optional, but there may be no bare metal in contact with the horse's head. **Whipping is allowed only by the use of a bat, crop, whip or rope and the judge at his discretion, may disqualify a contestant for excessive use of either (especially in front of the cinch). Whipping with reins, hands, etc. is prohibited.** Stock-type saddle and bridle is required. The use of a hackamore (including mechanical hackamores) or other types of bridles is the optional choice of the rider, however, **the judge may prohibit the use of bits of equipment he may consider severe. Tying of feet to stirrups with any material is prohibited.**

General Rules

The judge and only the judge must inspect mounts in the ring before running and may disqualify or prohibit any entry with unduly severe type equipment or for unsoundness. After running there can be no disqualification or penalty due to equipment or attire. During and after running the judge and only the judge may disqualify any entry for unduly severe treatment (no time penalty, just disqualification). There is no appeal upon the judge's decision in regard to either disqualification.

If a rider at falls of their horse at any point during a run, they are disqualified. To include, but not limited to, the holding pen before a run, during the run and after the run.

The arena will be set up so that riders will enter the arena and start and finish their run in the arena. Panels will be set up in one end of the arena with two holding pens. Riders will enter the arena into the primary holding pen in a small group and wait until their number is called. Horses may be led or ridden into this primary holding pen by the exhibitor only. Horses must remain under control in the holding pen. No one is allowed to stay in the holding pen except the riders and horses.

Once it is a rider's turn, they will enter the opposite holding pen alone and wait until the gate to the alley way is opened and they are given the go ahead from the show personnel to run. Once it is opened, the rider must proceed directly to the course. Riders who take an excessive amount of time (> 3 minutes) to enter the arena will be disqualified at the discretion of the judge and committee. Riders may run up the alleyway into the pattern. Once the run is over, riders must stop and dismount their horses in the arena and lead them out.

Show Management reserves the right to change the arena set up as deemed necessary.

Off course constitutes elimination. Knocking over a barrel race barrel or a pole will not result in elimination but will constitute a (5) second penalty. Touching a barrel, bucket, or pole by the hand of the rider shall not cause a

disqualification or penalty. There will be no time-outs or re-runs in case of broken equipment, thrown shoes, etc. All timing will be done by the average of two stop watches and/or electric timer and exact ties will be re-run one time or until broken in like manner. Cutting the timer by circling wide while on course may result in no time. Timing will be supervised by the judge. Standard distances will be observed but management reserves the right to vary the distances if necessary. The general rules in this catalog also apply, however, no rules except these listed in this division shall apply in gymkhana events.

Pole bending poles will be set at 21' for horse and pony classes. Stakes Race: The start and finish line is 20 feet wide and marked by 2 cones, each 10 feet from the center line. The poles marking the center line are each 40 feet from the start and finish line, making them 80 feet apart. Exhibitors will run a figure 8 pattern, starting from either the right or left of the center line as shown in the following pattern.

Championships determined by points earned in three classes: 1st place, 10 points; 2nd, 9 points; 3rd, 8 points; 4th, 7 points; 5th, 6 point; 6th, 5 points; 7th, 4 points; 8th, 3 points; 9th, 2 points; 10th, 1 point. VIII. TRAIL

Open to all horses and ponies in the show. Riders must participate in a trail class prior to the state show entry deadline. This is to be verified with use of the Trail Pre-Qualifying Form found in this rulebook. Standard tack and proper show attire per respective division that is appropriate for a trail class. Two hands may be used on the reins when riding in a snaffle or bosal only for Western horses 5 years and younger (No tied split reins are permitted). Other disciplines may use both hands on all appropriate bits and reins as outlined on page 32-33.

All entries will work individually, no rail work. Credits will be given to those horses negotiating the obstacles cleanly, smoothly, and alertly with style in prompt response of the rider's cues, providing carefulness is not sacrificed. Horses shall be penalized for any unnecessary delay while approaching or negotiating the obstacles. Horses with artificial appearance over the obstacles should be penalized.

Scoring is on a basis of 0-infinity with 70 denoting an average score. Each obstacle will receive an obstacle score that should be added and subtracted from 70 and is subject to a penalty that should be subtracted. Each obstacle will be scored from -1 ½ to +1 ½ with -1 ½ being extremely poor, -1 very poor, -½ poor, 0 correct, +½ good, +1 very good and +1 ½ being excellent.

Penalties will also be assessed per occurrence as follows:

½ pt. penalty: each tick or contact of a log, pole, cone, plant or any component of an obstacle

1 pt. penalty: hit, bit or stepping on a log, pole, cone, plant or any component of an obstacle, incorrect or break of gait at a walk or jog for two strides or less, both front or hind feet in a single stride slot or space at walk or jog, split pole in lope over, incorrect number of strides if specified

3 pt. penalty: incorrect or break of gate at the walk or jog for more than 2 strides, out of lead or break of gait at lope, knocking down an elevated pole, cone, barrel, plant, obstacle or severely disturbing an obstacle, falling or jumping off or out of a bridge with one foot, stepping outside the confines of an obstacle with designated boundaries (back through, box, side pass), missing or evading a pole with one foot

5 pt. penalty: dropping an object required to be carried on course, 1st or 2nd cumulative refusal, letting go or dropping rope gait, falling or jumping off of bridge with more than one foot, stepping outside the confines of an obstacle with more than one foot, missing or evading a pole with more than one foot, blatant disobedience (bucking, rearing, striking, kicking out)

Disqualified: use of two hands (except in snaffle or hackamore), switching hands except when working an obstacle that requires the switch of hands, performing obstacle incorrectly or other than in specified order, no attempt to perform obstacle, equipment failure, excessively or repeatedly touching the horse on the neck to lower the head, exiting or entering obstacles from the incorrect side or direction, over turn of more than ¼, 3 cumulative refusals, failure to ever demonstrate correct lead and/or gait as designated, failure to follow correct line of travel between obstacles, excessive schooling, pulling, turning, stepping or backing anywhere on course.

At least six obstacles are to be used. Mandatory obstacles include opening, passing through, and closing a gate; walk, trot, and/or lope over four poles; and backing around cones or between poles. Other obstacles *may* include combinations of walking over a bridge, put on/remove raincoat, mailbox, side pass, carrying an object, and serpentine obstacles at a walk, trot/jog (pleasure gait), and or canter/lope between obstacles. Course will be posted at the show.

If the judge imposes a time limit for the course, the time limit will be announced. If time is called during the course, the entry is excused and their score to that point will stand or count. Finishing within the time limit is not necessarily a criterion for placing; however an entry that does not complete the course within the time limit cannot place over an entry that completed the entire course correctly. The judge may, at his/her discretion, ask the entry to proceed or bypass any obstacle not negotiated promptly or properly. The judge has the discretion to excuse an entry for any combination of three refusals, balks, evading an obstacle, and/or blatant disobedience (kicking out, backing, rearing, and striking) anywhere on course. Once excused, that entry will immediately leave the arena. **Winners to be announced during the Ice Cream Social Saturday afternoon at 3:00 PM.**

Entry changes that need to be made after September 9, 2021 must be made with the Dressage secretary by phone or Friday at the dressage arena on the hill.

Tests may be read to rider. Tests will be ridden in dressage arenas “on the hill.”

Attire

The dress code for all Dressage tests and classes is a short riding coat of conservative color, with tie, choker, stock tie or integrated stand-up collar, white or light-colored breeches or jodhpurs, boots or jodhpur boots, and ASTM approved protective headgear. Riders may wear half-chaps, gaiters or leggings in solid black or brown, without fringe, matching the color of their boots, and made of smooth leather or leather-like material. Gloves of conservative color are recommended. Only English-style spurs are permitted, must be made of metal, and the shank must be either curved or straight pointing directly back from the center of the spur when on the rider’s boot. If shank is curved it must be directed downward.

Object and General Principles

1. The object of dressage is the development of the horse into a happy athlete through harmonious education. As a result, it makes the horse calm, supple, loose and flexible, but also confident, attentive and keen, thus achieving perfect understanding with the rider.
2. These qualities are demonstrated by:
 - a. The freedom and regularity of the gaits;
 - b. The harmony, lightness and ease of the movements;
 - c. The lightness of the forehand and the engagement of the hindquarters, originating from a lively impulsion;
 - d. The acceptance of the bit, with submissiveness/thoroughness without any tension or resistance.
3. The horse thus gives the impression of doing, of its own accord, what is required. Confident and attentive, submitting generously to the control of the rider, remaining absolutely straight in any movement on a straight line and bending accordingly when moving on curved lines.
4. The walk is regular, free and unconstrained. The trot is free, supple, regular and active. The canter is united, light and balanced. The hindquarters are never inactive or sluggish. The horse responds to the slightest indication of the rider and thereby gives life and spirit to all the rest of its body.
5. By virtue of a lively impulsion and the suppleness of the joints, free from the paralyzing effects of resistance, the horse obeys willingly and without hesitation and responds to the various aids calmly and with precision, displaying a natural and harmonious balance both physically and mentally.
6. In all the work, even at the halt, the horse must be “on the bit.” A horse is said to be “on the bit” when the neck is more or less raised and arched according to the stage of training and the extension or collection of the gait, accepting the bridle with a light and consistent soft submissive contact. The head should remain in a steady position, as a rule slightly in front of the vertical, with a supple poll as the highest point of the neck, and no resistance should be offered to the rider.
7. Cadence is shown in trot and canter and is the result of the proper harmony that a horse shows when it moves with well-marked regularity, impulsion and balance. Cadence must be maintained in all the different trot or canter exercises and in all the variations of these gaits.
8. The regularity of the gaits is fundamental to dressage.

The Position and Aids of the Rider

1. All the movements should be obtained with imperceptible aids and without apparent effort of the rider. The rider should be well-balanced, elastic, sitting deep in the center of the saddle, smoothly absorbing the movement of the horse with his loins and hips, supple thighs with the legs steady and stretched well down. The heels should be the lowest point. The upper part of the body should be tall and supple. The contact should be independent from the rider’s seat. The hands should be carried steadily close together, with the thumb as the highest point and a straight line from the supple elbow through the hand to the horse’s mouth. The elbows should be close to the body. All of these criteria enable the rider to follow the movements of the horse smoothly and freely.
2. Not only are the aids of the hands and the legs but also of the seat of great importance in dressage. Only the rider who understands how to contract and relax his loin muscles at the right moment is able to influence his horse correctly.

3. The effectiveness of the rider's aids determines the precise fulfillment of the required movements of the tests. There shall always be the impression of a harmonious cooperation between horse and rider.
4. Riding with both hands is obligatory.
5. The use of the voice in any way whatsoever or clicking the tongue once or repeatedly is a serious fault involving the deduction of at least 2 marks from those that would otherwise have been awarded for the movement where this occurred.
6. When rising trot is permitted in a test or class, the rider should change the diagonal when changing directions except during a lengthening. The correct diagonal is considered to be when the rider is sitting when the outside front foot and inside hind foot are on the ground. In general, rising on the outside diagonal correctly influences the horse's balance in movements other than straight lines. A change of direction in rising trot implies a change of diagonal, but it is up to the rider to determine where that change should occur. If no change is made, there is no error and no deduction is made unless the balance of the horse is adversely affected, as it might be, for example, in a turn, circle or leg yield. In that case, the movement is judged accordingly and the collective marks for "Submission" and "Effective Use of the Aids" could be negatively impacted.

Tack, Turnout and Equipment

1. An English type saddle with stirrups is compulsory for all tests. Stirrups must have closed branches. An English type saddle may be constructed with or without a tree but cannot have a horn, swell, gallerie, or open gullet. Australian, Baroque, Endurance, McClellan, Spanish, Stock, or Western saddles are not permitted nor are modified versions of these saddles. A Dressage saddle which must be close to the horse and have long, near-vertical flaps and stirrups. Saddle pads are optional, but should be white or of conservative color. English-style stirrups, without attachments, or safety stirrups are compulsory. Safety stirrups must have closed branches of metal or other breakaway material.
2. For Training, First and Second Level tests, a plain snaffle bridle is required with a regular cavesson, a dropped noseband, a flash noseband (a combination of a cavesson noseband and a dropped noseband attachment) or a crossed noseband. A crescent noseband is also permitted. Except for the crescent noseband, buckles and a small disk of sheepskin, which may be used in the intersection of the two leather straps of a crossed noseband, the headstall and cavesson/noseband of the bridle, must be made entirely of leather or leather-like material. A padded cavesson/noseband and crownpiece are allowed. A browband is required, and except for the parts that attach to the crownpiece or headstall, is not required to be made of leather or leather-like material. A throatlatch is required except when the combined noseband or Micklem bridles are used.
 - a. Snaffle bits must be smooth with a solid surface. Twisted and wire bits are prohibited. A mouthpiece with more than one rolling part is prohibited. Bits may be made with a rubber or plastic covering, but the bit may not be modified by adding latex or other material. Bits with mouthpieces made of synthetic material are permitted. Flexible rubber or synthetic mouthpieces are permitted. A double jointed bit or snaffle with rotating mouthpiece may be shaped to allow tongue relief.
 - b. The mouthpiece of a snaffle may have up to two joints. The surface of the center piece must be solid with no moveable parts and may be tilted in a different orientation from the mouthpiece but must have rounded edges.
3. Martingales, bit guards, any kind of gadgets (such as bearing, side, running, balancing reins, nasal strips, tongue tied down, etc.), any kind of boots (including "easy-boots") or bandages (including tail bandages) and any form of blinkers, earmuffs or plugs, nose covers, seat covers, hoods are, under penalty of elimination, are strictly forbidden in the show ring.
4. Fly hoods (ear covers) are permitted for all classes in order to protect horses from insects. The fly hoods should be discreet in color and design and should not cover the horse's eyes.
5. A breastplate and/or crupper may be used.
6. A rein is a continuous, uninterrupted strap or line from the bridle bit to the hand. Rein additions or attachments are not permitted. Each bit must be attached to a separate rein and reins may only be attached to bits.
7. Any decoration of the horse with extravagant items, such as ribbons or flowers, etc. in the mane, tail, etc., is strictly forbidden. Braiding of the horse's mane and tail, however, is permitted. False tails are permitted and if used may not contain any metal parts.
8. Running martingales (only with snaffle rein of plain snaffle bridle), boots and bandages (without magnets) **are permitted in warm-up**. A running martingale consists of a divided strap attached to the girth or breastplate (at the front of the horse's chest); the extension of each strap must be connected from the point of division only to the rein on the same side and must be free to slide.
9. One whip no longer than 47.2 inches (120 cm), including lash, may be carried by the rider when mounted.

Scoring:

Refer to each USEF dressage test to know about its purpose and movement requirements. Each movement is scored according to its stated directive on a scale of zero (0) to ten (10). Half marks from 0.5-9.5 may be used both for movements and collective marks. The rider must enter the arena within 45 seconds of the sound of the bell and if not, may result in elimination. Using voice during the test may result in a deduction of two points. The judge will sound the bell at an “error of the course” and instruct the rider where to pick up the test again. An error incurs a two point penalty. Fall of a rider or horse results in elimination. If the horse leaves the arena with or without the rider (all four feet outside the fence or line marking the arena perimeter) between the beginning and end of the test, the competitor is eliminated. The judge may eliminate a rider if the horse is resistant for more than 20 seconds or if it determined to be endangering the rider, horse, judges or the public for safety reasons. Lameness may also result in elimination as determined by the judge.

Dressage Tests may be obtained by contacting United States Equestrian Federation at (859) 258-2472. United States Equestrian Federation’s website is: www.usef.org. Tests may also be obtained by contacting your local Dressage Association or by emailing Leslie Prillaman at Lesliep@vt.edu.

Awards – Placings to top 10 in each class. Top 5 exhibitors in both Junior and Senior will return for a final Ground Handling pattern where Champion and Reserve champion will be placed. Scores from the first run are not to count.

Class No. SECTION 2 - Ranch Horsemanship

229 Jr. Ranch Horsemanship
230 Sr. Ranch Horsemanship

218 **RANCH HORSEMANSHIP CLASSIC** – Top 7 riders from classes 229 and 230 will be eligible to ride in the Ranch Horsemanship Classic.

1. Individual workouts/patterns will be used in all Ranch Horsemanship classes. May

be asked to back and stand for dismounting and mounting. Horsemanship only to count. Horses and ponies (entire class or finalist) to be ridden at a walk, jog, and lope, at least one way of the ring. Chaps and spurs optional. The pattern will be posted at least one hour prior to the start of the class.

2. Seat & Hands

- vi. Exhibitor will be judged on seat, hands, ability to control and show horse, and suitability of horse to rider. Results as shown by performance of horse are not to be considered more important than the method used by the rider to obtain them.
- vii. Upper arms to be in a straight line with body; hand(s) holding reins should be bent at the elbow. Only one hand on the reins may be used on horses shown in a curb bit. If showing a horse (5 years of age or younger) in a snaffle or bosal, two hands may be used to hold the reins.
- viii. Exhibitor should sit in the saddle either with legs hanging straight and slightly forward to the stirrups or with knees bent slightly and weight directly over the balls of the feet. In either position the stirrups should be just short enough to allow the heels to be lower than the toes. Body should always appear comfortable, with heels relaxed and flexible. Feet should be placed in stirrups with weight on the balls of the feet. Consideration should be given to width of stirrups, which may vary on Western saddles. If stirrups are wide, foot may give the appearance of being “home” when in reality the weight is being carried properly on the ball of the foot.

3. Class Routine

- ix. The judge must first ask each exhibitor to work individually using a designated pattern. The pattern may include any maneuvers that are normally required in any stock horse class, such as figure eights and square stops. Individual pattern work must include all three gaits. Exhibitors must also be required to back in a straight line. It must be remembered that, above all, a stock horse is expected to respond instantly and smoothly to all aids.
- x. After each exhibitor has been worked individually, the judge may recall all exhibitors or finalists to work on the rail, or the class may be placed.
- xi. Exhibitors recalled for rail work shall enter the arena at a walk and be judged on the rail at a walk, jog, and lope. They shall be worked both ways of the ring and should always be on the correct lead at the lope. The reverse is to be executed by turning away from the rail. The horse should be in perfect balance at all times, working entirely off of its haunches. The head and neck should be in a direct line with the body, with the mouth closed and the head at a natural height for the horse’s conformation.

Class No. SECTION 3 - Ranch Riding

231	Jr. Ranch Riding
232	Sr. Ranch Riding

1. Horses will be shown at three gaits: walk, jog, and lope. Rider will also be asked to reverse away from the rail, to stop, and to back. The judge may ask for an extended trot. Extended trot may be ridden by sitting in the saddle posting, or standing in the stirrups.

2. A good ranch riding horse has a free-flowing stride of reasonable length (in keeping with his conformation) and covers a reasonable amount of ground with little effort. The motion should be balanced and flowing, with the head carried in a natural position (in keeping with the horse's conformation). The horse should be shown on a reasonably relaxed rein but with light contact and control. Responsive, smooth transitions should be shown when changing gaits.
3. The walk and jog should be free-moving and void of peggy, short-strided motion. The lope should be a definite three-beat gait, performed on the proper lead and showing good use of the hindquarters.
4. Horse's expression should be alert and mannerly, without the appearance of a dull, sullen, lethargic, drawn, or overly tired attitude. Maximum credit will be given to the flowing, balanced, and willing horse that gives the appearance of being fit, alert, and a pleasure to ride.
5. Horses 6 years of age and older must be ridden in a curb bit and shown with one hand. Horses 5 years of age and younger may be shown 2-handed in a snaffle bit or bosal.
6. Credits:
 - xii. Natural, ground-covering gaits
 - xiii. Consistency at all gaits
 - xiv. Smooth upward and downward transitions
 - xv. Working off hindquarters when turning
 - xvi. Working on reasonably loose rein without excessive cueing to maintain moderate pace
7. Faults to be penalized according to severity:
 - xvii. Lack of ground-covering gait
 - xviii. Excessive speed or slowness of gait
 - xix. Wrong lead
 - xx. Failure to make upward or downward transition when called for
 - xxi. Opening mouth excessively
 - xxii. Stumbling
 - xxiii. Head carried with tips of ears lower than withers for less than 3 strides
 - xxiv. Exhibitor should sit the jog and not post. At the lope, rider should be close to the saddle. All movements of the horse should be governed by imperceptible use of the aids. Exaggerated shifting of the rider's weight is not desirable.

Class No. SECTION 6 - Ranch Roping Skills

237	Jr. Ranch Roping Skills
238	Sr. Ranch Roping Skills

1. The idea of this class is to show the ability of the horse and rider's skill in handling cattle as if they were doctoring injured or sick cattle. Cattle should be approached as calmly and slowly as possible. The judge should judge this class as if the cattle belonged to him or her.
2. A roping dummy will be used in place of live cattle to demonstrate your knowledge and skill of proper roping procedures.
3. Ideally the contestant should make a legal catch (both horns, half head or around the neck) of the designated roping dummy and dally up

Class No. SECTION 5 - Ranch Trail

235	Jr. Ranch Trail
236	Sr. Ranch Trail

- a. This class is designed to show the horse's ability to navigate and cope with the various situations and obstacles encountered in everyday ranch work. It is designed to show a horse's ability to perform these obstacles with a willing attitude. The horse is judged on cleanness and promptness with which the obstacles are negotiated, ability to negotiate obstacles correctly, and attitude and mannerisms exhibited by the horse while negotiating the course.
- b. Whenever possible, realistic or natural obstacles should be used. The course can be laid outside of the arena using natural terrain. However, if a ground tie is specified in the course, the course must be set up in an enclosed arena.
- c. The judge must walk the course and has the right and duty to alter the course in any manner. The judge may remove or change any obstacle he deems unsafe or non-negotiable prior to the start of the class. If at any time a trail obstacle is deemed to be unsafe by the judge, it shall be repaired or removed from the course. If it cannot be repaired and horses have completed the course, the score for that obstacle shall be deducted from all previous works for that class.
- d. At least two or three obstacles will be designated as tie breakers and shall be selected prior to the beginning of the competition. One of the mandatory obstacles should be used as the first tie breaker.
- e. Tack and Equipment:
 - i. Ranch work equipment and attire is recommended, but show equipment and attire will not be penalized.
 - ii. Wearing gloves, leather or fabric, is optional. Roping gloves may be worn for the duration of the class or may be worn only for the roping and log drag obstacles.
 - iii. Roping reins or reins with romal are permitted, but must be used with a snap attachment if a ground tie is in the course.
- f. Use of hands: Only one hand may be used on reins and hands must not be changed, except to work with an obstacle. Reins may be held in any manner. Two hands may be used when using a snaffle bit or bosal on a horse or pony 5 years of age or younger.
- g. The horse will be shown at a ground-covering walk, trot (or natural gait), and lope between the obstacles and credit will be given for performing these gaits on the correct lead with an alert attitude. The walk may be judged as part of an obstacle. Between obstacles, at least 30 feet should be allowed for the trot, and at least 50 feet for the lope. Gaits between obstacles will be scored as part of the next obstacle.
- h. Extending the trot or natural gait may also be asked. The extended trot may be ridden with the rider either posting or standing in the stirrups to the front of the saddle. Holding the saddle horn is permissible, at this gait, as might be done in open terrain.
- i. No additional credit will be given for unnecessary/additional maneuvers (such as sidepassing to and from an obstacle).
- j. The judge may ask a rider to move on to the next obstacle if the horse/rider is unable to

complete the maneuver in a reasonable time or if the judge deems that the rider is, or will be, in an unsafe situation. The judge may also ask the rider to move on after a third refusal at an obstacle.

- i. A rider will lose 15 points if an obstacle is attempted and not completed.
 - ii. The maximum points a rider can lose on any one attempted obstacle is 15 points.
- k. A rider may elect to skip an obstacle without disqualification. He/she may do so with the judge assigning a 20 point penalty.
- l. Scoring will be on the basis of 0-infinity, with 70 denoting an average performance. Each obstacle will receive an obstacle score that should be added or subtracted from 70 and is subject to a penalty that should be subtracted. Each obstacle will be scored on the following basis, ranging from plus 1 ½ to minus 1 ½: -1
 - i. ½ extremely poor, -1 very poor, -½ needs improvement, 0 correct, +½ good, +1 very good, +1 ½ excellent. Obstacle scores are to be determined and assessed independently of penalty points.
- m. Penalties should be assessed per occurrence as follows:
 - i. One-half (½) Point
 1. Each tick of log, pole, cone, plant, or any component of the obstacle.
 - ii. One (1) Point
 1. Each bite of or hit of or stepping on a log, cone, plant or any component of the obstacle.
 2. Incorrect or break of gait at walk or jog for two strides or less.
 3. Both front or hind feet in a single-strided slot or space at a walk or jog.
 4. Skipping over or failing to step into required space. With the nature of the uneven/random spacing of some step-overs, if the horse can navigate the obstacle cleanly without stepping into every little space, that is fine. I.e., not every space in a step-over is a “required” space.
 5. Split pole in lope over.
 6. Incorrect number of strides, if specified.
 7. Each step, up to three steps, moved during ground tie or picking up hooves.
 - iii. Three (3) Points
 1. Incorrect or break of gait at walk or jog for more than 2 strides.
 2. Out of lead or break of gait at lope (except when correcting an incorrect lead).
 3. Knocking down an elevated pole, cone, barrel, plant, obstacle, or severely disturbing an obstacle.
 4. Stepping outside the confines of, falling or jumping off or out of obstacle, with designated boundaries, with one foot,
 - iv. Five (5) Points
 1. Dropping slicker, log rope, or object required to be carried on course.
 2. Dropping lariat anywhere on course other than after completion of roping obstacle.
 3. Each refusal, balk, or evading an obstacle by shying or backing.
 4. Letting go of gate.
 5. Use of either hand to instill fear or praise.
 6. Stepping outside the confines of, falling or jumping off or out of obstacle, with designated boundaries, with more than one foot.

7. Blatant disobedience (including kicking out, bucking, rearing, striking).
 8. Moving more than 3 steps during ground tie or picking up hooves.
 9. *(Note: "Holding the saddle with either hand" is a 5-point penalty in Western Trail but is*
 10. **not** a penalty in Ranch Versatility Trail.
- v. Faults, which occur on the line of travel between obstacles, are scored according to severity:
1. Head carried too high
 2. Head carried too low (tip of ear below the withers)
 3. Over-flexing or straining neck in head carriage so the nose is carried behind the vertical
 4. Excessive nosing out
 5. Opening mouth excessively
- vi. Fifteen (15) points
1. Use of two hands (except for junior horses shown with hackamore or snaffle bit) or changing hands on reins. But it is permissible to change hands to work an obstacle.
 2. Excessively or repeatedly touching the horse on the neck to lower the head.
 3. Failure to ever demonstrate correct gait between obstacles as designated.
 4. Failure to complete an obstacle once attempted.
 5. Maximum number of points that can be lost on any one attempted obstacle.
- vii. Twenty (20) points
1. No attempt to work an obstacle.
- viii. Disqualified 0 – Score
1. Use of romal other than as allowed in Contest Rules, Regulations, and Procedures.
 2. Performing the obstacle incorrectly or other than in specified order.
 3. Equipment failure that delays completion of pattern.
 4. Entering or exiting an obstacle from the incorrect side or direction.
 5. Working obstacle the incorrect direction.
 6. Riding outside designated boundary marker of the arena or course area.
 7. Significant deviation from correct line of travel between obstacles.
- n. Six to ten obstacles will be used. Three will be mandatory, and the remaining will be selected from the optional list.
- i. Mandatory Obstacles:
1. Opening, passing through, and closing a gate. This gate may not be a rope gate.
 2. Log Drag – Horse must be willing to drag a log for a short distance in a straight line. Rider to pick up rope while mounted at point A, and drop rope at point B. Rope may not be tied hard and fast to the saddle horn; dallying is optional. Log size should be roughly the size of a small fence post, suggested maximum weight ~30 lbs. Rope should be securely attached to one end of the post by either drilling a hole through the post and tying a bowline (or other non-slip knot), or attaching an O-ring and tying a non-slip knot through the ring.

3. Stationary Steer – This obstacle is used to show the willingness of the horse to have a rope thrown from its back. The judge will give credit to the horse that stands quietly while the contestant makes the swing and throw at the stationary steer. Shying from the rope will be penalized, but missing the stationary steer will not be penalized. Rider must provide the rope for this obstacle; rope may be carried in hand, over saddle horn, or affixed to saddle. At the completion of this obstacle, contestant may coil rope and keep for remainder of class, or drop rope at obstacle without penalty.
- ii. Optional Obstacles:
1. Mailbox – Rider will open and close a mailbox when mounted.
 2. Bridge – Horse should walk willingly over a stationary bridge.
 3. Slicker – The rider shall show the ability to handle the horse while simulating putting on a slicker. The rider may also be asked to carry the slicker from point A to point B.
 4. Walk-over log-L obstacle – Walk over 90° log “L”. Log should be no less than 6” and no more than 12” in diameter. Riders should negotiate this obstacle in a straight line.
 5. Step-overs at a walk, trot, or lope – Natural branches, logs, fence posts, etc. which are laid out in seemingly random angles and distances. Distances should be measured only so the set-up is repeatable, but not for uniform spacing or stride length. Obstacles may not be raised and the maximum height of any step-over is 8”.
 6. Water hazard – The horse should enter and exit the water hazard in a quiet manner.
 7. Back through obstacle – Straight, “L”, or into/out of a marked location.
 8. Sidepass – Straight, one direction, may or may not be elevated.
 9. Ground Tie – Rider must be able to dismount and walk a minimum of 5 paces away with the horse in a designated spot. If used, this must be the last obstacle of the course (no remount) and class must be held in an enclosed arena. If a rider is using a one-piece rein (romal, roping rein, etc.), it should be unsnapped from the bit on one side while ground-tying.
 10. Pick up front feet – The rider must be able to dismount and pick up both front feet in an easy, time efficient manner. If used, this must be the last obstacle of the course (no remount). May be used in succession with ground tie so rider only dismounts once per course.
 11. Any other safe and negotiable obstacle which could reasonably be found in everyday ranch work and meets the approval of the judge.
- iii. If disrupted, the course shall be reset. In the case that an obstacle is used in combination, the obstacle cannot be reset until the contestant finishes the entire combination.

Class No. SECTION 4 - Ranch Reining

233 Jr. Ranch Reining
234 Sr. Ranch Reining

1. The ranch reining class measures the ability of the stock horse to perform basic handling maneuvers. Patterns may be chosen from any of the ranch reining patterns listed in this rulebook or other approved patterns by the show management and judge. Attire rules follow other judged western events.
2. **CREDITS AND PENALTIES.** All runs begin upon entering the pen and any infractions are subject to penalty at that time such as two hands on the reins, using either hand to instill fear or praise, etc. To rein a horse is not only to guide him but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of control. All deviations from the exact written pattern must be considered a lack of or temporary loss of control and therefore a fault that must be marked down according to severity of deviation. The horse/rider team's overall performance should be credited for smoothness, finesse, attitude, quickness and authority of performing various maneuvers while using controlled speed which raises the degree of difficulty and makes the horse/rider team more exciting a pleasing to watch.
3. **PENALTIES:**
 One-half (1/2) Penalties: Starting a circle or exiting a roll-back at a fog for up to two (2) strides; delayed change of lead by one stride where the lead change is required by the pattern description; failure to remain a minimum of twenty feet from the wall or fence when approaching a stop and/or roll-back; over-spin or under-spin up to 1/8 turn.

XII. MINIATURE HORSE DIVISION (40" and under)

Miniature horses are to be shown in proper tack and attired: this can be Western, English or Hunter. Approved ASTM safety headgear (fastened) is required for all classes. Soundness is required. LEG UP AWARD

Horse Cooler sponsored by In Stitches/Upton Embroidery, Cheryl Falvella

First awarded in 2002, the VA State 4-H Horse Show is proud to offer the Leg Up Award annually. The Show Committee is committed to bringing recognition to an outstanding and inspirational 4-Her in the horse project that attends the 2021 State 4-H Horse Show.

What makes an outstanding candidate for this award? Qualities such as dedication, leadership, high personal standards, and the internal drive to make themselves and their horse the best they can be. *Equally important* are their demonstrated efforts to help others “make the best better”. Perhaps this person has faced challenges in life and risen above the hardships in an admirable fashion. Their involvement in the horse project is important but they do not have to have an extensive show record. The committee seeks to honor a 4-Her who has become a role model among their peers and betters everyone around them.

Each county may nominate one 4-Her they feel is a deserving individual. The nominee does not have to have a horse showing on the grounds but should be on the grounds serving in some capacity. Complete this form by August 23, 2021. The winner will be announced at the Saturday Evening Closing Ceremonies.

Nomination Form for the 2021 Leg Up Award – due online by August 23, 2021!

SUPPLEMENTAL GUIDE
Judging Virginia State 4-H
Stable Management Competition
(These are guides and rules)

The Virginia State 4-H Horse Show and other 4-H activities offer awards for excellence in Stable Management. The exhibitor should bear in mind that *competition on this level demands more than what would normally be considered good day-to-day stable management*. With ~ 600 4-Hers competing for these awards, and the majority seriously competing, the winners will always be those who maintain an "inspection-ready" stable 24 hours a day during competition. This demands a great deal of plain hard work, organization, cooperation, and pre-planning. It also requires a keen spirit of competition in order to maintain such a demanding level of stable management.

Exhibitors will be judged between 7am and 2pm on both Friday and Saturday. Judges will leave a score card on each stall that marks areas of deficiency (comments may also be left). These marks do not denote what your final score is- judges also keep a score card with point values. If you have a mark, then you have automatically lost at least one point. More points may be taken off depending on the level of the deficiency (i.e. a mark next to dirty bedding may lose 1 point if you only need to pick, while it may lose 3 points if it is obvious you have not yet cleaned your stall). The amount of points deducted is left to the judges' discretion; however, any item may have a maximum of 4 penalty points. Judges' scores will be totaled and the sum used to determine blue (top prize), red (second prize) and white (participation) ribbon winners. Therefore, all participants will be awarded a ribbon; with the exception that *any horse found without water will automatically disqualify that participant* from the stable management competition unless a written explanation is posted for judge on the stall door.

Bearing this "general philosophy" in mind, let's go over the general elements of individual stall inspection: organization of the stall front area, safety, and cleanliness of the stall. Additionally, the health and condition of your horse will be assessed, but because it is impossible to track down every horse that is not in its stall at the time of inspection only comments will be left unless the judges have a serious concern about the health and safety of the animal- judges reserve the right to disqualify any participant from the stable management competition that endangers or neglects their animal.

A. Stall front areas should be kept neat and well organized.

The entire area in front of the stall should be kept clean and neat at all times, equipment should be well organized and nothing should be directly in front of the stall door- thus the door should be able to slide completely open and have nothing in front of the open area. The ground in front of the stall should be raked or swept clean of shavings. You will not be judged on the type, size, or color of the equipment that you use but instead on the functional usefulness and the neatness with which they are maintained. There are several options for keeping equipment neat and out of the way when not in use: you may use a tack box, saddle rack, and/or utilize an extra stall as a tack room.

Tack Boxes: Tack boxes are almost a necessity owing to the nearly nonexistent storage space. Real tack or harness boxes or trunks are very expensive to buy. However, old army trunks, forgotten camp trunks, foot lockers, etc., make very useful and efficient tack boxes. You must consider the size and type of your saddle before acquiring such a trunk. Western saddles require much larger trunks than do English. If the trunk is the proper size, it will accommodate your saddle, bridles, girths, blankets, halters, leads, etc., in the bottom portion, and grooming tools, etc., in the upper tray. Besides keeping your equipment safe during transportation, it also provides an excellent means of storage during the show and a place in which you can lock up your equipment at night. No one can easily sneak away with a loaded tack trunk. For added security, the trunk may be chained to the stall if desired. A tack box is not required, however if this option is not utilized it is still imperative that all saddles, bridles, and blankets be neatly organized and stowed out of the way.

Saddle Racks: If tack boxes are used, saddle racks are not necessary although they make tack more readily accessible and lend much to the appearance of the stable. Saddle racks and tack boxes are best, but under no circumstances, can a saddle rack replace a tack box on your priority list. Manufactured or homemade racks may be used. The latter are much less expensive and, with a little applied ingenuity, are frequently better than manufactured racks. Saddle racks can be either attached to the outside of the stall wall or free standing. If a saddle rack is free standing it should not be in the aisle way and needs to fit in the area directly in front of the stall (but not in the way of the door).

B. Stalls must be maintained for the safety of the animals and people.

You are being judged on your ability to maintain a safe environment for your horse as well as for the people interacting with your horse. The components of this section include buckets, hay nets and other equipment, tying of the horse, and appropriate stall identification.

Water and grain buckets. Water and grain buckets should be hung high enough to eliminate, as much as possible, the chances of your horse putting a hoof in such containers or leaving droppings in these buckets and containers. These are simply safety and health hazards which good management should avoid. If you feed on the ground, a reasonably high-sided, flat-bottomed feed container is needed. This will help keep the horse from nosing the grain out and turning the container over. If for some reason, buckets must be hung lower or not kept in the stall (horse cribs or plays with buckets) then a note must be posted to this effect, and it should include how often the horse is offered water. Horses must also have at least one quarter bucket of water available at all times. Points will be deducted for horses found with less than that (even in empty stalls- your stall should be prepared for your return) and disqualification from the stable management competition will occur if a horse is found without water.

Lightweight plastic and metal household utility buckets should be avoided. Even if the lightweight materials survive, the handles on these buckets are highly prone to snapping off the bucket, thereby creating a safety hazard to your horse. Only heavyweight metal, plastic, or rubber buckets designed for livestock should be used. The initial cost is more but these buckets have a long life and do not create safety hazards. Buckets should not be hung with nails or wire because these materials could easily injure your horse. A three-foot length of clothes line or window sash run through the eye of a swivel snap can be used. Tie the ends of the rope in a non-slip knot so that you have a closed rope loop with a swivel snap hung on it. Place this at the front corner of your stall with the snap hanging down and the top of the loop at the top of the board. Bring the snap up, thread it through the top loop of the rope, and then pull the snap down. You then have a good means of hanging your water bucket. Your bucket is easily snapped in or out for refill and cleaning. You haven't used any nails or wire, it costs little or nothing to make, and it will last you for years.

Hay nets: Hay can either be fed in a pile in a corner of the stall or in a hay net or hay bag. Hay nets, while discouraged, should be hung from a solid structure that cannot be brought down by the horse if pulled on. This can either be the metal grid at the front of the stall or a solid structure at the back of the stall (if available). If a hay net/bag is used it is very important that *they be hung at the appropriate height (3 feet for ponies, 4 feet for horses)*. Hay nets hung too low are an invitation for your horse to get his legs hung in them therefore they should be hung at chest height and monitored throughout the day as they can lower as they empty. When empty, hay nets should be removed. Hay nets are not required. They can become a safety hazard. If the stall is kept clean, hay can be fed on the stall floor. Hay nets are discouraged.

Other equipment: Pitchforks, halters and leads, brush boxes, and other equipment *should never be left in a stall* when they are not in use. Pitchforks, shovels, and other cleaning tools left lying in a stall are likely to be stepped on and cause injury to either horse or human. Halters and leads left lying in a stall pose a potential for getting caught on legs and causing injury. In addition they should always be stored at the ready in case they are needed. When not in use, the halter and lead, or lead if the halter is being worn, should be hung on the outside of the stall.

Horse tacked in a stall: For safety reasons, horses should be groomed and tacked up in their stalls and not in the aisles. While horses are being groomed or tacked they should be tied. Whenever your horse is tacked and in its stall it should be tied, within easy access to its water. The horse can be tied either with a halter over its bridle or its bridle should be removed. Horses should NEVER be tied using the reins or a lead connected to the bit- serious injury to their mouth can occur if they panic. An approved safety knot should also be used, and the competitor may be asked to demonstrate that the knot is properly tied. Lastly, horses should only be tied to an immovable object such as the stall wall, and never to something that could remain attached to the lead rope (such as a bucket hung on the stall wall) if they should panic and pull loose.

Stall Identification: This may be as elaborate or simple as the individual or club desires. It should, however, tell the observer the name of the 4-H'er, the name of the horse and the name of the club. Uniformity of design is desirable within club groups. Additionally, emergency contact information- a phone number and where the exhibitor is staying (camping or hotel) should be posted.

C. Stalls should be clean and well bedded.

You are being judged on your ability to maintain a clean and comfortable stall, 24 hours a day. You should fully clean your stall first thing in the morning and before you leave at night- horses that are kept stalled 24 hours a day need to have their stalls fully cleaned twice a day. Your horse works hard for you and deserves a comfortable place to rest. There is no excuse for a stall still being dirty at the time of the judge's arrival and this may mean arriving extra early if you have early morning schooling.

Level of bedding: Although it should be obvious, it is surprising how many stalls are not sufficiently bedded. In other words, there are patches of uncovered ground; or the bedding is so light that when the horse moves around normally, he pulls what little bedding there is off the ground. Bedding should be deep enough to pad the stall floor sufficiently to accommodate absorption of urine and still provide a dry, comfortable bed for the horse. (Try sleeping in a wet stall with only an inch or two of straw, with no blanket or bed roll, and you'll quickly learn what "sufficient" bedding is.) The stalls at the Virginia Horse Center require the equivalent of a full bale of straw or two bags of shavings at all times to keep them well bedded. Normally, you need to start with a bale and one-half as initial bedding, and replace approximately one-half a bale/one bag each day, depending on the individual animal's stall habits and the weather conditions. Admittedly we are more extravagant with straw and shavings during stable management competition than we would be at home on a day-to-day maintenance basis. But, on the same basis, we do not wear our show ring riding habits at home when we are schooling horses, either. Pre-planning is very important to proper stall cleaning, this means that you should have enough bags of shavings on hand for the next morning. Therefore, the excuse of "the shavings truck hasn't arrived yet" is not accepted.

If a stall has been properly cleaned, it is clean beneath the top layer of straw/shavings as well as clean on top. You cannot go into a stall, pick up the dropping on top of the straw, and call that stall clean. The bedding must be lifted, all wet and dirty straw removed, all covered-up droppings removed, and then the remaining clean bedding "shook-out" over the stall floor. An easy way to clean stalls that are bedded with shavings is to rake all of the dirty shavings into a large pile in the middle of the stall and then remove the entire pile. This will usually leave clean shavings around the edge of the stall that can be raked evenly across the floor of the stall and then a fresh bag added on top. Once this is properly done in the morning, it is easy to step in several times during the day to remove the droppings and possibly shake the straw out again to keep the stall "inspection-ready". If the stall has been properly cleaned, no judge is going to penalize the stall for having obviously fresh droppings or a recent wet spot on the bedding.

Stalls must be stripped before leaving the show grounds or a \$25.00 charge will assess to the person the stall was assigned to during the show.

Water and hay: Water buckets must be scrubbed daily and kept clean- it is important to keep water clear of hay and other debris. If your horse dunks its hay, please post a note to that effect, otherwise points may be deducted for dirty water buckets. Hay should also be kept neat and organized and if not in a hay net, must be

kept piled neatly in one stall corner. It is important that when you clean your stall you remove any hay from the bedding. A small amount of hay in the bedding will not be penalized, however if it appears that you have not properly cleaned your stall and an excessive amount of hay is in the horse's bedding then points will be deducted.

D. Health and comfort of the animal

No matter what is going on in the ring, your first obligation is to your horse. He should be clean, dry, and brushed-out before you leave him in his stall. If you have not finished grooming your horse and you see the stable judge coming DON'T leave the horse to "get out of the way". Keep right on with your work. The stable judge likes to see the exhibitor properly caring for his animal.

Grooming: Some exhibitors seem to think that they only need to groom their horses in time to prepare for a class they are going to enter. Not so. Horses should be groomed in the morning, regardless of whether or not they are to be entered in a class. In other words, the horses are on exhibit from the time you arrive at the activity in question until you leave. Even when in their stalls, they are on exhibit. Common sense tells you that if your horse is "on exhibit" he must be presented at his best. A horse that hasn't been groomed in the morning and stands in his stall with bedding in his mane and tail, stable stains on his legs and body, hay dust in his face, and manure in his feet, is like a person going to school or work with an unwashed face, unbrushed teeth and uncombed hair. It is downright unattractive in man and beast alike!

Tack: Tack should be cleaned after each using. If it has been properly maintained before coming to Virginia Horse Center and it is put on a clean horse, a simple going over first with a clean soft brush or towel, and then with a good quality leather preparation should keep it in a pleasing condition. If however, tack is used on a dirty horse, or if it is particularly hot and dusty or muddy then a more complete and thorough cleaning will be required. The first things your stable judges will check will be:

- a. The bits for evidence of saliva, food particles, and dirt not properly removed;
- b. Stirrups with mud or dirt left on them;
- c. Buckles with dirt or soap left on them;
- d. Undersides of saddles roughened by improper care or careless cleaning;
- e. Split, torn or dry-rotten billets, stirrup leathers, girths, reins, etc;
- f. Dirty, broken, or improperly fitted halters.

These are the first things the judges check because these are the things that create safety or health hazards to you and your horse. Your tack does not have to be new or particularly expensive, but it must be clean, in good condition, in good repair, and properly fitted.

Some General Guidelines for Consideration

Unlike a military inspection which demands total perfection for a relatively short period of time at a designated time of day, Stable Management competition is just what its name implies. You are being judged on your ability to maintain a high-level management program for three days under distracting circumstances. It is more demanding than a "mustering out" for which you would apply total concentration to all phases of management in order to present your work at a pre-determined time, only to forget it all until the next inspection. After all, who would know if you didn't wipe the bit off between rides, or didn't wait to get the saddle marks off old Beauty because the gang was going swimming or forgot to water poor old Beauty before you left the grounds to hit the sack?

Stable Management is like a year-end exam -- if you don't study or apply yourself all year, you can't walk in the classroom and get an A, or even a high B. You might be able to stay up all night studying and get a good grade on a six weeks test, but not on an end-of-the-year exam. The same applies here. You might be able to work hard for a few hours and grade-out high on a single, daily, pre-set inspection; but you must apply yourself all day if you expect to be in the blue ribbon group. Your tack, your equipment, your stall, your horse, and you, yourself, are on nearly 24-hour-a-day display.

In regard to equipment, your primary concern should be to have the equipment necessary to maintain the type of high-level stable management we have discussed, keyed to efficient use and safe, attractive display. To totally achieve this, some "special" travel and storage equipment is almost demanded.

Stalls should be closely inspected for nails, wire, loose boards, trash, etc., before your stall is initially bedded and your horse put in the stall. A basic tool kit should be carried in your trailer or car to handle such repairs and corrections.

While some aspects of horse care are not specifically included on the score cards, judges reserve the right to comment on them and deduct penalty points if they feel that a 4-H'er is deficient. These include the condition of your horse -- his weight, the health of his coat, the care of any wounds or injuries he may have, hoof care, or evidence of improperly fitted or cared for equipment, etc. Another area for consideration is sportsmanship and consideration for the safety of others. Anything jeopardizing the health or safety of another rider, horse, or person walking through the barn area, will be penalized. Poor sportsmanship and lack of cooperation will be penalized. Also, if the stable judges have sufficient reason to believe that the 4-Hers stable management is being carried out by his parents, leaders, or any other adult, that 4-Hers stall shall be considered ineligible for competition.

If these guidelines are followed, you will have created a stall which is clean, safe, and properly equipped; a horse that is clean, safe and as happy as his disposition allows; and a stable front which totally, efficiently, neatly and attractively stores and displays all your horse's paraphernalia.

Interaction with Judges

Despite the fact that you are being judged on your performance in stable management, the judges are primarily interested in your education. **The stable judges are always ready to answer questions and offer constructive criticism when politely approached.** Parents and coaches are not to approach the judges with questions or comments. If an exhibitor feels that there is an error in judging they should make their complaint in writing and present it to the show steward.

A stable management score card that may be used in judging stable management programs is shown on the next page.

NOTE: If you have any special reasons or cases in regard to feeding, watering, etc. different from these guides -- leave a note for the judge.

The judge will post individual scores and notes on the stalls on a regular basis. These should not be interpreted as the final score or award. The State Advisory Committee has reviewed extensively this stable scoring system and deems it fair, sensible, and workable. There is thus a moratorium on any discussion or review at any level in regard to this topic. Judging emphasis should be on sensible and practical management and safety.

State 4-H Horse Show

Code of Conduct and Orientation Program Meeting Guidelines

Each youth and parent must sign that they have received and have discussed proper conduct, rules and regulations of the State 4-H Horse Show **prior to the entry deadline**. Failure to sign the Orientation Report Form will result in entries being returned and the youth will not be allowed to participate in the show for that year. It is also highly recommended that agents and leaders hold a rules and regulations meeting just prior to the State 4-H Horse Show to further impart the necessity of following the stated rules and to answer any questions.

INTRODUCTION

Concerns about behavior at previous shows have forced us to request this assistance from Extension agents to ensure that all 4-Hers, leaders and parents are aware of and understand the necessity for following the rules and regulations for the State 4-H Horse Show. Each unit should conduct an orientation meeting to acquaint 4-Hers, leaders and parents with an understanding of the rules as set forth in the rulebook. It should be emphasized that all rules have been developed to teach safety to the 4-Her for themselves and their project animal.

All 4-Hers, leaders and parents are representing the Virginia 4-H Horse Program at the Virginia Horse Center, and as such all participants should be encouraged to exemplify the 4-H ideals.

GUIDELINES AND INFORMATION FOR ORIENTATION MEETING

Each unit shall conduct an orientation meeting for 4-H member entry-candidates and their responsible adults. This meeting may be conducted by agents or club leaders. The meeting may be done on an individual basis or in a group setting. Parents of entry-candidates should attend the orientation meeting. Extension agents are encouraged to seek an experienced 4-H horse project leader to assist with the orientation session.

A. Explain and clarify all rules and regulations of the State 4-H Horse Show. Some of the most important rules are:

- a. No dogs are allowed at the show.
- b. No drivers under the age of 18 are allowed to drive golf carts per Virginia Horse Center rules. Licensed Drivers must drive slowly and safely and no one may lead horses from golf carts. **Drivers must adhere to marked areas where golf carts are not allowed at all times!!** No golf carts may be driven through the main horse show ring areas and may not be parked near any arena. For the safety of horses and riders, it is paramount that drivers abide by the state show staff requests and signage.
- c. Back numbers and helmets must be worn at all times when mounted or driving horse/pony carts.
- d. **No one but the 4-Her may ride their project animal.**
- e. No riding after lights have been turned out and EMTs have left the grounds.

B. Acquaint entry-candidates with the Code of Conduct (see following page).

C. Motivate entry-candidates to represent their unit and district well. Emphasize:

- a. Good sportsmanship and safety.
- b. A sense of pride and responsibility in having qualified for entry and participation.
- c. Exemplary representation and conduct at this public venue. Conduct of our 4-Hers both in and out of the show ring creates a public image of 4-H which has great impact on the general public. They must be on their best behavior at all times.

D. Review entries for accuracy and verify all signatures. An experienced 4-H horse leader will serve as great advice to review and double check entries. Please note:

- a. Members may only enter one showmanship and one equitation
- b. No entries may cross enter Pleasure Division and the Hunter Division

E. Identify/designate responsible adult(s) for each 4-Her at the show on the Orientation Report Form.

F. Impress upon the adult(s) the extent of their responsibility.

- a. Each 4-Her should be encouraged to be responsible for his/her own conduct; however, ultimately the conduct or misconduct of an individual or club group is the responsibility of the designated adult-in-charge. Each 4-Her must recognize the supervisory authority and responsibility of the adult-in-charge.
- b. Adults must recognize that this is a show for youth and each 4-Her has proven through their Horsemanship Skills tests that they are capable of caring for their own horse. Adults may help hold horses and assist their 4-Her as necessary for the youth's safety and physical well-being. Adults are not to be caring for the horses by way of feeding or doing the main preparations. If in doubt, please ask show management!

G. Expected Dress:

- a. Exhibitors are expected to be appropriately attired in traditionally accepted riding apparel in the show ring. Neat, workmanlike attire consisting of long pants, hard shoes or boots, and shirts are appropriate in the stable area. Mounted 4-Hers must wear appropriate show attire or stable attire as described herein as well as a safety helmet and boots. A neat well-groomed appearance is desired.
- b. Exhibitors, adults and leaders are expected to dress in conservative, safe attire. Bare feet, sandals, tennis shoes, open or soft shoes are unsafe in the stable area and therefore unacceptable for all participants, including parents/guardians. Halter tops, tube tops, shorts, etc. are in poor taste and unworkmanlike stable attire; such attire is therefore strongly discouraged.

CODE OF CONDUCT FOR VIRGINIA 4-H ENTRANTS - STATE 4-H HORSE SHOW

Each entrant to the State 4-H Horse Show is a representative of the thousands of horse project 4-Hers in the State of Virginia. Each entrant must therefore accept the responsibility of creating a positive image which reflects the 4-H ideals. The [Virginia 4-H Code of Conduct](#) applies to all 4-H Events including this one. The following rules will also apply to this event.

Each entrant must extend a courteous and respectful attitude, especially to show officials. Each entrant, leader, parent and participant shall accept the supervision of and attend all sessions planned by the adult-in-charge.

An entrant shall be sent home (at their expense and with no recourse) if involved in any of the following:

- Deliberate destruction of facilities or equipment;
- Deliberate cruelty to animals;
- Possession or use of fireworks or weapons;
- Possession or use of alcoholic beverages or illegal drugs;
- Blatant discourtesy to show officials or designated responsible leaders
- Disrespectful, harmful or unacceptable social media posts made about the show, volunteers or Virginia 4-H Horse Program
- Disregard of show official's request to obey Rules and Regulations of State 4-H Horse Show; or
- Unacceptable or dangerous conduct at any time (infractions to be reviewed by the Rules Committee).

RULES COMMITTEE - STATE 4-H HORSE SHOW STEERING COMMITTEE

If the infraction occurs within the jurisdiction of the Show Steward, the steward will be included on the committee. All rules are extended to leaders, parents, and participants.

Responsibility: To decide if punitive measures are required, and, if so, what form the punitive measures are to be taken.

Recommendations: If found in violation of rules, the committee may decide on some form of punitive measure ranging from elimination of showing in the next class to expulsion from show grounds and forfeiture of all prizes. This extends to the actions of leaders, parents, participants and anyone accompanying any 4-H member involved or acting as a spectator at the show.
