GENERAL POLICY STATEMENT

The guides, including entry system, are recommended by the state 4-H horse project advisory committee and will have the appropriate administrative approval. All systems of selection and eligibility procedures have been thoroughly reviewed and the committee recommends continuing the selection by quota and age. Emphasis should continue for all members to show at local, county and district shows. Please consult with your leaders and members well in advance of the events. The state show is one of the largest and best 4-H events in the nation. Our challenge and goal is to keep the show operating optimally for the benefit of the members.

The adult in charge will be held responsible for the veracity of the entry and the conduct of their 4-Hers who participate in the show. Failure to comply with the rules and regulations as set forth in this program will result in disqualification and forfeiture of prizes won. Disqualification will be determined by the steward and show committee. Adult supervisor must be listed for each 4-H Member on the Orientation Form.

This event is open to all 4-H youth per show rules. **Signed entry indicates compliance with all rules, the entry system, and the show personnel and judge's decisions without oral or written protest**. Educational emphasis is on stable management, showmanship, safety, equitation, horsemanship and sportsmanship.

This exemption will remain in place until Horsemanship Skills Levels 3 and 4 are implemented. All other State Show qualification criteria will still be required.

County/Districts may have extra qualifications above and beyond the ones listed in this rulebook. Please check with your county/district for specific requirements.

Senior Military Exemption – This exemption allows qualifying seniors to enter the State Show without attending a qualifying event for the year.

A. Qualifications

- a. Must be a senior 4-H member, 18 years or older, who will be going into active military duty or basic training.
- b. Military training or active duty is such that this 4-Her is unable to attend any official qualifying event prior to the State Show.
- c. Must have been involved in 4-H at least two (2) years prior to enlisting in the military.
- d. Must have qualified in the prior year in a district qualifying show or clinic.
- e. Must have shown in the prior year State Show.
- f. Must be exhibiting the same project animal as in the previous year.
- g. Each District can determine additional steps needed to qualify in their area, see recommendations below.

B. Recommended Options to Qualify in Lieu of a Qualifying Show or Clinic:

- a. A letter of recommendation from the county agent stating that he/she has personally seen the 4-Her's riding ability.
- b. The 4-Her must submit a log of riding time since October 1st
- c. The 4-Her must provide a copy of their project book.
- d. Complete one of the following options:
 - i. Participate in a clinic at a local 4-H camp setting.
 - ii. Participate in a demonstration that the district would have open for some of the local 4-H clubs in that district. The Leaders Association or County Agents would help to organize this activity.
 - iii. Submit a video showing his/her riding abilities along with the recommendation from his/her club leader and county agent that this qualify the 4-Her from our district for the state show with the Senior 4-H Military Exemption.

Note: The Senior Military Exemption must be approved by the District Horse Council in concert with the 4-Her's local 4-H agent. All approved qualifying information will be held at the district level. Once qualification requirements are met the information will be supplied to the State Office on the Qualifying Youth Registration Document.

Insurance – Exhibitors must have an accident-medical insurance policy. The policy number and name should be listed on the medical form. **The show will not provide insurance.**

4-H Member Rules

1. **Dress**. Horse show participants and family members are expected to dress neat, appropriately and of a conservative nature in keeping with general 4-H expectations at all times. Anyone with the probability of handling or riding a horse **should** dress with safety in mind. When schooling, long pants are required and tops with enough coverage and support to withstand strenuous activity are required. Closed toed boots with a heel and approved safety helmet are required when riding. No open toed shoes, sandals/flip flops allowed when handling a horse or cleaning a stall. Shirts are required at all times, and participants are not to wear clothing that allows undergarments to show.

- a) The following dress items are considered inappropriate at all times during the show weekend: clothing with negative, indecent language or symbols, excessively tight or short garments, exposed undergarments, halter or tube tops, spaghetti straps, belly shirts exposing midriff and see through clothing.
 - b) When showing, show appropriate dress and safety attire is required based on the division rules. Please see show division for appropriate attire. All show personnel have the authority to enforce the dress code policies. Failure of any individual to comply with dress policy or change requests can result in disqualification from the show and eviction from the horse show grounds.
2. **The Virginia 4-H Code of Conduct which all members and adult volunteers have signed will be in effect.**
 3. **Show Entry.** It is the responsibility of the 4-H member to obtain the rules and entry forms and to submit their entry in order on time to their Extension agent. After the entry has been mailed in, qualified horse substitutions can be made prior to the start of the show on September 15, 2016 at 10:00 AM with written support of the leader, agent, and a \$50.00 fee. If age of exhibitor is questioned, then the exhibitor must produce a birth certificate or be considered for disqualification for all classes in the current show.
 4. If special arrangements are needed due to disability, please contact Leona Ransdell, Animal Science Extension Office, 388 Litton Reaves, VA Tech, Blacksburg, VA 24061 in writing by July 13, 2016. Written requests with parent and/or guardian signature may request accommodation for classes and divisions as defined by the rules and eligibility. The awards may be separate or by class. A specific written request to the show superintendent may ask the judge to rule on a comparative placing (1-10) in the regular class. The judge's decision is final. Decisions concerning a specific class addendum are made by the State 4-H Horse Show Steering Committee. All decisions are final.
 5. Parents, guardians, members and/or representatives agree to all rules and legal show decisions without appeal or legal action upon entry. Responsibility for preparation and safe participation in any class is the responsibility of the parent, guardian and/or representative and members.

General Horse Rules

- 1) The horse must be the project animal of the 4-H member. It may be owned, leased, or rented. [Eligibility/Declaration Form](#) for the project animal shown must be on file at the county office, as well as submitted on-line by **May 1**.
 - 2) The program is open to all breeds and types of horses, ponies, mules, and donkeys.
 - 3) The equine must be healthy and serviceably sound. All horses will be subject to inspection by a veterinarian to comply with Federal, State and United States Equestrian Federation regulations concerning soring, drugs and drug testing, and cruelty to animals.
- 4) It is strongly suggested all horses entering the horse show grounds be vaccinated in the last 6 months with the Flu/Rhino vaccine. Show management reserves the rights to mandate proof of vaccination should an outbreak of the disease occur or the facility rules require proof of vaccination.**
- 5) No stallions are allowed.
 - 6) Horses must have a negative Coggins Test for EIA within 12 months of State Show. The certificate must be presented at the Stable Manager's Office before the horse may be assigned to a stall. **DO NOT SEND COGGINS PAPERS WITH ENTRIES!**
 - a) **Bring two copies** to the show.
 - i) Turn in **one copy** to the show committee and have one copy for the return trip home in case you are questioned.

- 7) A general health certificate will not be required. (A 30-day health certificate is required for all horses shipped from out of state to the show).
- 8) The 4-H Show will conduct a strict barn monitor system with the show veterinarian and any animal thought to present a health problem may be asked to go home. All exhibitors should check well in advance with own veterinarian for preventative medicine recommendations to protect their horses at the show. This protection will vary per veterinarian and responsibility is up to the owner.
- 9) Two members of an immediate family may show one animal but this animal must be their 4-H horse project, and may be shown only one time in each class for which it is eligible. Both members with this animal must qualify by showing at their district qualifying show. Each individual exhibitor will pay the \$150 entry fee for state and jointly will be assigned one stall for the animal.
- 10) It is suggested that the county selection committee be encouraged to check that horses and ponies from their counties are suitable for the classes in which they are entered. For example, young horses should not be committed to extremely strenuous tests.

District Qualifying Shows and Clinics

- 1) Each district will offer no more than 4 district qualifying shows for state show qualification purposes. District qualifying shows are an integral part of the overall educational program. The exhibitor and project animal must qualify at their own respective show or may go across district lines to a skihow outside the district but must get permission from show manager at least 30 days ahead of the show.
- 2) Each horse/rider combination may qualify at only one district qualifying show or clinic. Obtaining the dates, rules, entry, knowing which is their show, etc. is a responsibility of the exhibitor.
- 3) Each district qualifying show or clinic will vary according to needs of the area and exhibitors are responsible for rule differences between district and state. **State rules are suggested as general guidelines for district qualifying shows and clinics.**
- 4) Each district qualifying show or clinic may specify how many horses each member may bring or show.
- 5) **Rules, operations, etc. of the district qualifying show or clinic are handled entirely by the district under the ultimate supervision of the district Extension leader, 4-H. The state committees and specialists will refer any inquiries and problems direct to the district.**
- 6) The district show/clinic manager or secretary will complete the District Qualified Youth Registration Document and send it to the State Office **within 2 weeks of the qualifying event.** It can be found on the [4-H Horse Website](#).
- 7) Following the district qualifying show, all 4-Hers qualifying and desiring entry to the State show must obtain, complete and submit their entry to their respective unit Extension agent.

Entry System

Entry Procedure

- 1) Must use: Entry Form - Virginia 4-H Horse and Pony Show. These entry blanks can be obtained from your Extension Agent or on Page 98 of this rulebook. Please print or type. Carefully complete the form in its entirety. A member may enter only one animal.
- 2) Dressage entries must complete the separate dressage entry form to facilitate the secretarial work of scheduling ride times.
- 3) All competitors must submit their entries to their Extension Agent by **July 1**.

- 4) Entries must be completed, signed, and mailed with Orientation Report Form listing name and signatures of all exhibitors and parent/guardian by the Extension Agent. Entry must include Entry Form - Virginia 4-H Horse and Pony Show, Application and Health History Report and check. The Extension Agent must be the one to mail the entry. **Entries must be postmarked by July 13, 2016.**

Mail entries to: 4-H State Horse Show Entry, Animal & Poultry Sciences Department (0306), Blacksburg, VA 24061.

For entry questions please call Leona Ransdell, Extension Program Associate at 540-231-6345

- 5) Each horse must be entered on a separate entry form.
- 6) **Must be signed by the Extension Agent, 4-H Leader, 4-H member, and parent or guardian.**
- 7) Entries should be double checked to be sure horses are entered in the appropriate classes and divisions. Entries may be shown in one division only plus one equitation, one showmanship and miscellaneous class.
- 8) There will be a \$5.00 cash charge at the show for each class added, no charge for classes dropped (except for Classic Entries and changes mandated by a division manager). Deadline for adds is 1 hour prior to class start time.

Entry Responsibility

1. The Extension agent is responsible for entry after submission by the 4-H member. Any inquiries about veracity will be directed to the agent for solution and reply. The show management reserves the right to review any entry for eligibility. Any necessary final solutions may be made by respective written request by the Extension agent to the Director, 4-H Programs, Hutcheson Hall (0419), VA Tech, Blacksburg, VA 24061.
2. Errors or omissions in the entry are to be corrected by the agent by request from the show secretary or management.
3. The agent should appoint a local selection committee to assist in the screening process which may, at local option, decline any entry even if qualified in the district show. **This is to be handled at the local level (state will not become involved) and is non-protatable. The committee should have a chairperson and it may establish eligibility criteria in addition to the very basic state requirements.** This should be done and published to all potential exhibitors prior to their district qualifying show.
4. The agent and committee are responsible for entry, orientation and explanation of rules, including the entry system and age cuts. **Signatures by exhibitor and parent indicate that they have read the rules and understand them.** This should include advice to the younger members about the age selection system - enter but be advised to double check with the secretary for cancellations resulting in replacements.

5. The agent should keep photocopies of the entries. The state secretary will provide written acknowledgment of receipt back to the agent. The show committee expects to provide initial input on exhibitors for the agent and exhibitor to check for accuracy prior to the horse show.
6. No entries will be accepted from anyone other than the county Extension agent.
7. Any inquiries about entries will be honored only via the Extension agent.

Entry Fees:

- 1) **One hundred fifty dollars (\$150)** per entry (horse and rider combination) must be mailed with the entry form to 4-H State Horse Show Entry, Animal & Poultry Sciences (0306), Virginia Tech, Blacksburg, VA 24061. Payment type and amount must be noted on the Orientation Report Form that is sent with entries. **DO NOT SEND CASH!**

Horse Show Hero Program

4-Hers may solicit “**Horse Show Heroes**” to help sponsor the event and discount their entry fee.

Sponsorship totals less than \$150.00 will gain the 4-Her into a drawing for prizes but no drop in entry fee will be credited

- If 4-Her secures \$225.00 in sponsorships, the entry fee for that 4-Her is dropped to \$75.00
- If \$300.00 in sponsorships is obtained, the 4-Her will have **ZERO FUNDS** due at entry time!

Tax deductible donations of \$25.00 and above will receive a formal credit from VA Tech.

All Hero money must be sent with the entry and each 4-Her must summarize their Hero dollars in excel format to include the name and county of the 4-Her along with the Hero name and amount given. A total for each 4-Her is also requested. See the [4-H Horse Program Website](#) for more information.

Horse Show Hero forms **MUST BE SENT WITH THE VA STATE 4-H HORSE SHOW ENTRIES** for the 4-Her to get credit. If a 4-Her with Hero sponsorships is unable to attend, Hero forms can be “transferred” to another 4-Her if done so before the scratch deadline of September 1, 2016.

After the scratch deadline, Hero sponsorships can still be accepted but there will be no refunds of Horse Show Hero Monies. Hero checks are cashed upon receipt, tax credit given if the support is \$25.00 or more, and are not refundable if the 4-Her is unable to attend the horse show.

- 2) **All checks should be made payable to the Virginia 4-H Foundation – Horse Show.**
- 3) **Entry fee:**
 - a) Permits the horse to enter all classes of which it is eligible.
 - b) Reserves an individual stall.
 - c) Is applied to plaques and ribbons.
 - d) Permits use of a shared tack stall.
- 4) **Entry Fees are non-refundable** unless request is approved and scratched by the show secretary by September 1, 2016. Refund should be requested by letter by the Extension agent to VA Tech Horse Show Coordinator at 540-231-6345 or faxed to 540-231-3010. (See specific ruling on scratches just prior to and after the show).
- 5) All entry checks will be cashed upon receipt and entry may be returned or disqualified in the event of a returned check. There is a \$25.00 charge on all returned checks.

Late Entries

1. Entries postmarked before or on July 13, 2016 will be accepted without question.
2. Entries postmarked after July 13, 2016 will be placed by receipt order permanently at the end of the waiting list. Show management will not discuss this with anyone. The secretary will notify the agent and the agent must immediately notify those affected.
3. Any question in regard to the disposition of late entries may only be made in writing by the Extension agent direct to the Director, 4-H Programs, Hutcheson Hall (0419), Virginia Tech, Blacksburg, VA 24061. The show staff and the state horse specialist may only respond to the application of the rules via the Extension agent.

Quota and Cancellations

1. The State Show secretary, having received all entries, shall accept 600 entries, submitted on a state-wide basis by the oldest 4-Hers. If, for any reason an entry accepted by the secretary must be cancelled prior to the show, the Secretary shall offer the opening to the next oldest 4-H'er having submitted entry. The Show Secretary will notify each agent per county of the names to be scratched by the quota system as well as advising agents if there are no scratches in his county. The Agent, in turn, must notify the exhibitors.
2. Parents and Leaders should inform local agent and show secretary if they become aware of scratched entries and must immediately notify the state office via e-mail or written notification, so the space can be assigned to other exhibitors who have submitted eligible entries. An up-to-date waiting list will be posted on the [4-H Horse webpage](#). The secretary will notify and fill cancellations by rank order. All entries agree hereby to this system. Scratching without notification to secretary prohibits other members from showing.
3. All scratches must be made by **5:00 PM, Tuesday, Sept. 1, 2016** to be eligible for refund. All scratches and no shows after this deadline automatically forfeit entry fees (regardless of reason). Scratches must be confirmed via letter to the State 4-H Horse Show, Animal & Poultry Sciences Department (0306), Virginia Tech, Blacksburg, VA 24061 or via e-mail to leonar@vt.edu.

Horse Substitution Rule

The animal shown at the qualifying show or clinic must be the one shown at state.

Exhibitors may substitute one qualified horse for another horse they declared by May 1st and that has met all other qualification criteria after entries are submitted.

The request must be made before the start of the show on Sept. 15, 2016 at 10:00 am--The agent must verify the reason for substitution and the request must be accompanied by a \$50.00 **cashier's check or money order only**, to make the change.

"No shows" without notification to the show office or secretary in advance may be reviewed by the show committee. The 4-Her may be placed at the end of the waiting list for the next state show. This will be via written notice.

GENERAL HORSE SHOW RULES AND REGULATIONS

- 1) All inquiries should be made to your Extension agent, 4-H leader, or to the VA State Extension staff at 540-231-6345 between 8:00 AM and 5:00 PM. Do not call the Virginia Horse Center office.
- 2) **Rules**—it is the **responsibility of the exhibitor and parents/guardians to read and understand** the United States Equestrian Federation, American Quarter Horse Association **and 4-H Rules** for the classes in which they are exhibiting. In general, **modified** United States Equestrian Federation Rules and American Quarter Horse Association Rules for class specifications have been applied. **Exhibitors should note the differences in district and state rules and be apprised of respective rules per each class and division. Above all, the judge's decision is FINAL when a particular class is called into question. Signatures by exhibitor and parent indicate that they have read the rules and that they understand ALL rules and regulations and any penalty of disqualification or elimination.**
- 3) **Sportsmanship is the 4-H way.** Any discourtesy to a judge or show official by an exhibitor, parent, or leader may cause an exhibitor to forfeit all ribbons and trophies and disqualify exhibitor from showing in future 4-H horse shows.
 - a) Questions and concerns about a class are to be discussed with the steward and show committee **by the exhibitor only.** **Judges' placing cards will not be posted.** The judge's decision is final and the placings will not be changed due to questions that arise from a class.
 - b) Judges may be approached only by way of the steward, show manager or designated office personnel. **Any question or concern should be written and submitted first to the steward and next to the horse show steering committee for final action, which is final and non-protestable (oral or written).**
 - c) **Individually Scored** Classes will have score cards posted as soon as they are made available.
- 4) The show committee reserves the right to cancel, combine, or divide any class.
- 5) In all classes the exhibitor will not be allowed in the ring if they miss their gate call. It is the responsibility of the exhibitor to be at the ring ready to show when their class is called.
- 6) Only authorized personnel will be allowed in the ring.
- 7) In order to be eligible to show in a classic championship class, animals must have been shown in a qualifying class for that division and be in the designated top placings for that classic class.
- 8) Suggestions following the show should be presented by letter or email skunk through the respective local Extension agent and district horse councils.
- 9) **No dogs allowed in the coliseum or on the show grounds.** Show staff reserves the right to have any dogs and the owners removed from the show grounds. Due the safety hazard of having dogs on the grounds, exhibitors, spectators, friends and families are **NOT ALLOWED TO BRING A DOG ON THE GROUNDS!**

- 10) The show is not responsible for chaperoning any participant. This is the responsibility of the county and parent/guardian.
- 11) Classes of more than 25 shown collectively may be split by the management and this is to be done with all entries first coming into the ring. Making the workout is entirely up to the exhibitor and is non-protestable.
- 12) Exhibitors must pick-up all awards at the show and are responsible for settling all claims for awards at the show only.
- 13) The show secretary will maintain an up-to-date record of all class placings. County groups may designate one adult to copy class placings for county records. A detailed show report will be posted on the 4-H Horse website after the show.
- 14) No foals or similar animals may be involved with their dams or allowed to be on the grounds.
- 15) On the show grounds, care and preparation of the horse is the responsibility of the exhibitor with **minimal** assistance from other 4-Hers. **Non-4-Hers must not engage in the preparation and care of the project animal.** Youth must also strictly adhere to stable management and exercise area regulations.
 - a) Preparation and care may include but is not limited to: stall cleaning, grooming, braiding, tacking up, bathing, lunging, feeding or watering.

16) Only the exhibitor of the horse entered in the show may mount and ride the horse during the course of the horse show which starts when the horse is checked in by the stable management crew. If another 4-Her, parent, coach, leader or other individual disrespects this rule and mounts the horse for schooling on the show grounds for any length of time, the exhibitor, the rider and horse will be disqualified from further participation in the horse show. The integrity of the 4-H premise is that the horse is the project of the 4-H Member and this must be upheld at this state event

17) No electronic devices may be used, including headsets or other communication devices to a mounted rider during a competitive class. Disregard to this rule will result in the exhibitor being scratched from all subsequent classes and having any awards won with the head set in place being revoked and placing will be awarded to the next competitor in the lineup as pinned by the judge.

STABLE MANAGEMENT

Awards will be presented for excellence in Stable Management. Exhibitors are encouraged to read the supplemental sheet on "Stable Judging - State 4-H Horse Show". Judging will be conducted by one official judge. The judge may use the guidelines as an official scoring record or may use any other system as desired. Stall Decorations is a separate contest to be judged on Saturday at approximately 10 am. See rules for the Stall Decoration contest at the back of the rulebook.

- a) Stalls should be clean and well bedded.
- b) Horses should be cooled and brushed out before being left in their stall.
- c) Water and grain buckets should be placed in front of stall; hay should be fed in corner of stall. No nails, screws or staples can be used.
- d) Hay bags should be hung at least 3 feet off the grounds for ponies and at least 4 feet for horses.
- e) Tack should be safe, clean, oiled, and polished.
- f) Stables will be judged anytime between 7 am Friday and 5 PM Saturday. Things to be considered include cooperation, cleanliness, appropriate stable equipment, and management program. Suggested equipment include feed and water buckets, tack boxes, first aid equipment, saddle racks, rakes, forks, and muck basket. Stall should be identified. In any situation where the aisles are too narrow to display tack and tack boxes in front of the stall, this equipment should be kept at the ends of the aisles. Safety is always the most important concern.
- g) Exhibitors or their designated representative may pick up stable management ribbons from the show secretary after 5 PM on Saturday or Sunday anytime. Exhibitors are encouraged to be at their stalls as feasible and to visit with the judge about suggestions for improvements. The ribbon award will be final.
- h) All exhibitors will be awarded stable management ribbons on the Danish System (strip blue, red, or white) at the discretion of the judge. All ribbons must be picked up at the show by the exhibitor or a representative.
- i) Judging will not deduct for empty stalls due to late arrival or early departure.
- j) Judge is encouraged to deduct points for all observed safety rule infractions.

- l) All stalls will be judged. The exhibitor should not enter this on the entry form.

MEASUREMENT AND CERTAIN SHOEING REGULATIONS

Measurement

Measurement is to take place at district qualifying or local shows. Permanent United States Equestrian Federation cards may be accepted to verify height of horses or ponies. No animal will be measured at the show unless the height is questioned. District shows should check the 4-H cards for validity. Ultimate responsibility rests with the exhibitor.

An exhibitor only may question the height of any animal in the same class being shown but prior to the pinning of the champions and/or within one hour of the conclusion of the class. This is to be directed in writing (signed) to the steward. This statement will be shown to the exhibitor in question, the animal

Shoeing

Any question about shoeing and pads should be directed to the steward in writing and signed by the party concerned. The steward may then check on the entry and present the written question to the other party concerned. Pads and shoes may be checked by the steward for English Pleasure Horses and gaited horses by DQP or at the in-gate prior to the class. Compliance is the sole responsibility of the exhibitor. Pads and Shoes cannot be questioned after a class is in progress except upon the initiation of the steward and/or judge and cannot be questioned by anyone after the ribbon placing

PHOTOGRAPHS

A commercial photographer (listed under show personnel) will be available for photography throughout the show. Arrangements and payment are between the exhibitor and photographer. Group photographs are available and it is suggested that arrangements be made in advance of the show directly with the photographer.

2. Neither the show nor sponsors will be responsible for any accident or injury to the person or property of any exhibitor, spectator, attendant, or other person. I. EQUITATION

Horses and ponies to be ridden in separate classes; horses are over 14.2 and ponies are 14.2 and under. Riders to be separated into juniors and seniors by age; juniors are under 14 years of age and seniors are 14 years and older. Exhibitors may enter only one equitation class. Riders shall use appropriate tack and attire according to what is outlined on pages 31 for their respective divisions.

SECTION 1 – WESTERN HORSEMANSHIP

Western Horsemanship is designed to evaluate the rider's ability to execute a set of maneuvers prescribed by the judge with precision and smoothness while exhibiting poise and confidence and maintaining a balanced and functional correct body position. The ideal horsemanship pattern is extremely precise with the rider and horse working in complete unison. The horse's head and neck should be carried in a relaxed, natural position with the poll level with or slightly above the withers.

The exhibitor should appear natural in the seat and ride with a balanced, functional and correct position regardless of the maneuver or gait being performed. Riders should sit in the center of the saddle with the legs hanging to form a straight line from the ear, shoulder and hip. The heels should be lower than the toes with a slight bend in the knee. The riders back should be flat and relaxed. The shoulders should be back, level and square. Both hands and arms should be held in a relaxed, easy manner. The free hand and arm may be carried bent at the elbow in a similar position as the hand holding the reins or straight down at the rider's side. The reins should be adjusted so that the rider has light contact with the horse's mouth. Excessively tight or loose reins will be penalized.

Scorings is based on a scale of 0-100 with one half point increments with 70 denoting an average score.

Scoring Range:

90-100: Excellent rider, including body position and use of aids. Completes pattern accurately, quickly, smoothly and precisely while demonstrating a high level of professionalism.

80-89: Very good performance in execution of the pattern as well as correct horsemanship and use of aids. Excellent horseman that commits a major fault.

70-79: Good pattern execution and average horsemanship lacking adequate style and professional presentation to merit elevating to the next scoring range. A very good rider that commits a major fault or an excellent rider that commits a severe fault.

60-69: Fair pattern that lacks quickness or precision or rider has obvious position and/or appearance faults that prevents effective horsemanship; or a good horseman that commits a major fault in the performance of the pattern. A very good rider that commits a severe fault.

Less than 59: Good pattern with one severe or multiple major/minor faults; excellent or very good rider that commits multiple, and/or combination of, severe, major or minor faults in the performance. A rider that demonstrates a lack of riding ability and knowledge of correct body position.

Faults:

Faults can be classified as minor, major or severe. The judge will determine the appropriate classification of a fault based upon the degree and/or frequency of the infraction. An exhibitor that incurs a severe fault avoids elimination, but should be placed below all other exhibitors that complete the pattern correctly. A minor fault can become a major fault and a major fault can become a severe fault when the degree and/or frequency of the infraction(s) merits.

Minor faults: Deduction of 5 points

Break of gait at walk or jog/trot up to 2 strides

Over/under turn from 1/8 to 1/4

Tick or hit of cone

Obviously looking down to check leads

Major faults: Deduction of 10 points

Break of gait at a lope, out of lead or missing lead for 1-2 strides

Incorrect lead or break of gait (except when correcting an incorrect lead)

Break of gait at walk, jog or trot for more than two strides

Loss of stirrup

Head carried too low and/or clearly behind the vertical while the horse is in motion, showing the appearance of intimidation

Severe Faults: Deduction of 20 points

(Avoids disqualification but should be placed below other exhibitors who do not incur a severe fault)

Loss of rein

Use of either hand to instill fear or praise while on pattern or during rail work

Holding saddle with either hand

Cueing with the end of the romal

Blatant disobedience including kicking, pawing, bucking and rearing

Spurring in front of the cinch

Disqualifications (should not be placed) include:

Failure to display correct number

Abuse of horse or schooling

Knocking over the cone, going off pattern or working on wrong side of cone

Fall by horse or rider

Illegal equipment or illegal use of hands on reins

Use of prohibited equipment

SHOWMANSHIP SYSTEMS

Everyone is expected to show their horse on the “Quarter Method” where the horse is “divided” down the midline of the vertebrae and at the withers. The judge’s position in the respective quadrant of the horse influences where the showman should stand to present the horse.

Quarter Method:

1. The showman must always have an unobstructed view of the judge, must always be presenting the horse and must always know what his horse is doing.
2. If the judge is standing at the rear quarters of the horse, the showman must be on the same side of the horse as the judge.
3. If the judge is standing at the front quarters of the horse, the showman is on the opposite side of the horse as the judge.
4. In either case, the showman must keep the judge within his field of vision at all times and should never stand directly in front of the horse.
5. The exhibitor should not crowd other exhibitors when setting up side-by-side or head-to-tail.
6. When moving around the horse, the exhibitor should change sides in front of the horse with minimal steps and should assume the same position on the right side of the horse that they had on the left side.

Regardless of where the judge stands in the ring for traveling the horses to and away from him, the following principles shall apply: When moving the horse at a walk, jog, or favorite gait or turning, the handler should always be on the horses left (near) side. All turns greater than 90 degrees must be to the right so that the horse is moving away from the handler.

Exhibitors should be poised, confident, courteous and genuinely sportsmanlike at all times, quickly recognizing and correcting faults in the positioning of the horse. The exhibitor should continue showing the horse until the class has been placed or they have been excused, unless otherwise instructed by the judge. The exhibitor should appear business-like, stand and move in a straight, natural and upright manner, and avoid excessive, unnatural or animated body positions.

Methods of Showing:

The exhibitor should perform the work accurately, precisely, smoothly, and with a reasonable amount of speed. Increasing speed of the work increases the degree of difficulty, however, accuracy and precision should not be sacrificed for speed. The horse should lead, stop, back, turn and setup willingly, briskly and readily with minimal visible or audible cueing.

Leading, backing, turning and initiating the set-up should be performed from the left side of the horse. At no time should the exhibitor ever stand directly in front of the horse. When moving, keep your horse’s neck, head and body in a straight line and maintain precise control.

The stop should be straight, prompt, smooth and responsive with the horse’s body remaining straight.

The exhibitor should not touch the horse with their hands or feet, or visibly cue the horse by pointing their feet at the horse during the set-up.

On turns greater than 90 degrees the ideal turn consists of the horse pivoting on the right hind leg while stepping across and in front of the right front leg with the left front leg.

When leading, the exhibitor should be positioned between the eye and the mid-point of the horse’s neck referred to as the leading position. Both arms should be bent at the elbow with the elbows held close to the exhibitor’s side and the forearms held in a natural position. Height of the arms may vary depending on the size of the horse and exhibitor, but the arms should never be held straight out with the elbows locked.

The position of the exhibitor when executing a turn to the right is the same as the leading position except that the exhibitor should turn and face toward the horse’s head and have the horse move away from them to the right.

When executing a back, the exhibitor should turn from the leading position to face toward the rear of the horse with the right hand extended in front of the exhibitor’s chest still maintaining slight bend in the elbow and walk forward. The ideal position is for the exhibitor’s left shoulder to be in alignment with the horse’s left front leg.

When setting the horse up for inspection, the exhibitor should stand angled toward the horse in a position between the horse's eye and muzzle, and should never leave the head of the horse.

Faults in Showmanship:

Faults can be classified as minor, major or severe. The judge will determine the appropriate classification of a fault based upon the degree and/or frequency of the infraction.

Minor Faults: deduction of 5 points:

Break of gait at walk or trot for up to two strides

Over or under turning up to 1/8 of a turn

Ticking or hitting cone

Sliding a pivot foot

Lifting a pivot foot during a pivot or set-up and replacing it in the same place

Major Faults: deduction of 10 points:

Not performing the gait or not stopping within 10 feet of designated area

Break of gait at walk or trot for more than 2strides

Splitting the cone (Cone between the horse and handler)

Horse stepping out of or moving the hind end significantly during a pivot or turn

Horse stepping out of set-up after presentation

Over/under turning 1/8 to 1/4 turn

Severe Faults: deduction of 20 points

Severe faults avoid disqualification but should be placed below other exhibitors that do not incur a severe fault

Exhibitor is not in the required position during inspection

Exhibitor touching the horse or kicking or pointing their feet at the horse's feet during the set-up

Standing directly in front of the horse

Loss of lead shank

Holding chain or two hands on shank

Severe disobedience including: rearing or pawing; horse continually circling exhibitor

Disqualifications: should not be placed

Loss of control of horse that endangers exhibitor, other horses, or judge

Horse becomes separated from exhibitor

Failure to display correct number

Willful abuse

Never performing specific gait

Excessive schooling or training; use of artificial aids

Knocking over the cone or going off pattern

Illegal equipment

Over or under turning by more than 1/4 turn

Class Procedure

Each exhibitor will individually enter the ring and perform the pattern as shown in the show catalog. Exhibitors will work in the order of go that is posted and confirmed by the paddock master. The following maneuvers are considered acceptable: leading the horse at a walk, jog, trot or extended trot or favorite gait, or back in a straight or curved line, or a combination of straight and curved lines; stop; and turn 90 (1/4), 180 (1/2), 270 (3/4), 360 (full turn) degrees or any combination or multiple of these turns. The pull turn is an unacceptable maneuver. Exhibitors must also set the horse up squarely for inspection.

Be sure to check in with the paddock master prior to your class. It is the responsibility of the exhibitor to be on time for their go. If you miss your go in order you will not be allowed to go at the end of class. Special cases will be considered if arrangements are made at least one hour prior to the class. Scores will be posted at the entry gate after approximately each 5-10 horses work their pattern.

Contestants will be scored on an individual basis ranging from 0-100 and according to the fault system listed above.

Score Range:

90-100: Excellent showmanship, including body position and presentation of horse. Completes pattern accurately, quickly, smoothly and precisely; demonstrates a high level of professionalism.

80-89: Very good performance in execution of the pattern as well as correct showmanship and presentation of horse. Excellent showman that commits a major fault.

70-79: Good pattern execution and average showmanship; lacking adequate style and professional presentation to merit elevating to the next scoring range. A very good showman that commits a major fault or an excellent showman that commits a severe fault.

60-69: Fair pattern that lacks quickness or precision. Horse with consistently unwilling attitude or handler with obvious position and/or presentation faults that prevents effective showmanship. A good showman that commits one major fault in the performance of the pattern. A very good showman that commits a severe fault.

Less than 59: Good showman that commits one severe or multiple major and/or minor faults; excellent or very good showman that commits multiple, and/or combination of severe, major or minor faults in the performance or presentation or position of exhibitor that precludes effective communication with the horse.

Awards

Junior and Senior classes with 50 or more exhibitors will be split into equal divisions to be judged and placed separately. Once the placings have been awarded, the **Top 5 exhibitors from each split** will return for a final pattern where Champion and Reserve champion will be placed. Scores from the first run are not to count. The class will be dual judged and the 1st place individual will receive Champion and the 2nd place individual will receive Reserve Champion.

Classes that are not split will have the Top Five return for a final pattern where Champion and Reserve Champion will be decided. Scores will not carry over from the first run.

The single Champion in each Junior and Senior Showmanship division will receive a \$150.00 award. Reserve Champion for each age bracket will receive a \$75.00 award. Open to horses and ponies. Any breed appropriate tack and attire, English, Western or Period. Please refer to your specific rulebook for guidelines. Severe bits are discouraged and shanks in excess of 9 ½ inches and gag bits with no shanks are prohibited.

Open to any shoe, however the shoe must not exceed 1 ½ inch in width, ½ inch in thickness and the caulk must not exceed a 1 inch turnback. The shoe must not extend more than ¼ inch beyond the hoof at the toe.

Horses will enter the ring at the walk. The judge will call for the walk, pleasure gait, and canter. Horses will be judged as a pleasure horse and on quality of movement. The canter should be smooth and straight on both leads and any exaggerated pumping of the horse by the exhibitor shall not be considered good form.

The general tack and attire rules are listed on page 32-33.

All Western Pleasure classes are to be shown at a walk, jog, and lope both ways of the ring on a reasonably loose rein without undue restraint. The judge may ask for extended gaits. To be judged on performance, smoothness of gaits, manners and overall ability of the horse to perform.

Horses are required to work the pattern individually in the order specified. Judging criteria will be on the accuracy of the pattern as well as quiet, controlled negotiation of the pattern. The horses are to be scored on each component of the working western pattern. This class will be scored similar to a reining pattern based on AQHA rules. Rider may be excused at judge's discretion.

VII. GYMKHANA DIVISION

All Gymkhana riders must wear properly fitted protective and secured headgear (passing or surpassing current ASTM standards) at all times while mounted. It is the responsibility of the rider, or the parent or guardian of the exhibitor to see to it that the headgear worn complies with appropriate safety standards for protective headgear intended for equestrian use.

Gymkhana is a standalone division. Therefore, there are no cross entries from or to other divisions except showmanship, equitation, trail, or miscellaneous. These are timed events. Horses are over 14.2 hands. Large ponies are over 12.2 hands and not exceeding 14.2 hands and small ponies are 12.2 hands and under. Horses and ponies shall be of any breed or combination of breeds, serviceably sound and in good condition. Ponies must be suitable to rider.

Tack and Attire

To be ridden and shown with stock-type tack and attire. Proper attire consists of collared, long sleeve, button/snap down shirts with jeans, boots and fastened safety helmet. Belts, chaps, tapaderos and spurs are optional. Split or closed reins may be used with one or two hands on the reins. Rider may hold onto saddle with hands. Tie downs and standing martingales are optional, but there may be no bare metal in contact with the horse's head. Whipping is allowed only by the use of a bat, crop, whip or rope and the judge at his discretion, may disqualify a contestant for excessive use of either (especially in front of the cinch). Whipping with reins, hands, etc. is prohibited. Stock-type saddle and bridle is required. The use of a hackamore (including mechanical hackamores) or other types of bridles is the optional choice of the rider, however, **the judge may prohibit the use of bits of equipment he may consider severe. Tying of feet to stirrups with any material is prohibited.**

General Rules

The judge and only the judge must inspect mounts in the ring before running and may disqualify or prohibit any entry with unduly severe type equipment or for unsoundness. After running there can be no disqualification or penalty due to equipment or attire. During and after running the judge and only the judge may disqualify any entry for unduly severe treatment (no time penalty, just disqualification). There is no appeal upon the judge's decision in regard to either disqualification.

Rider must enter ring mounted and unassisted and must go directly to the course when called for. Mounts may be led to the gate but not through the gate.

No one will be allowed a running start to the in gate. Riders may be led to the gate, enter sideways, back into the arena. Riders may not mount in the arena.

Any horse deemed to not enter safely or controlled will be disqualified. "Under Control" is deemed as a flat footed walk. This judgement is made by the stewards and judges. The decision is final and this is a non-protestable rule. Rider is required to dismount and lead his horse out of the ring at the end of his run.

Off course constitutes elimination. Knocking over a barrel race barrel or a pole will not result in elimination but will constitute a (5) second penalty. Touching a barrel, bucket, or pole by the hand of the rider shall not cause a disqualification or penalty. There will be no time-outs or re-runs in case of broken equipment, thrown shoes, etc. All timing will be done by the average of two stop watches and/or electric timer and exact ties will be re-run one time or until broken in like manner. Cutting the timer by circling wide while on course may result in no time. Timing will be supervised by the judge. Standard distances will be observed but management

reserves the right to vary the distances if necessary. The general rules in this catalog also apply, however, no rules except these listed in this division shall apply in gymkhana events.

Pole bending poles will be set at 21' for horse and pony classes. Stakes Race: The start and finish line is 20 feet wide and marked by 2 cones, each 10 feet from the center line. The poles marking the center line are each 40 feet from the start and finish line, making them 80 feet apart. Exhibitors will run a figure 8 pattern, starting from either the right or left of the center line as shown in the following pattern.

Championships determined by points earned in three classes: 1st place, 10 points; 2nd, 9 points; 3rd, 8 points; 4th, 7 points; 5th, 6 point; 6th, 5 points; 7th, 4 points; 8th, 3 points; 9th, 2 points; 10th, 1 point. All ties on points will be broken first by fastest time on barrels, (if still tied - go to fastest time on poles).

If there is a failure for electric time, then the contestant shall have the option of performing a rerun at the end of the class.

VIII. TRAIL

Open to all horses and ponies in the show. Standard tack and proper show attire per respective division that is appropriate for a trail class. Two hands may be used on the reins when riding in a snaffle or bosal only for Western horses 5 years and younger (No tied split reins are permitted). Other disciplines may use both hands on all appropriate bits and reins as outlined on page 32-33.

All entries will work individually, no rail work. Credits will be given to those horses negotiating the obstacles cleanly, smoothly, and alertly with style in prompt response of the rider's cues, providing carefulness is not sacrificed. Horses shall be penalized for any unnecessary delay while approaching or negotiating the obstacles. Horses with artificial appearance over the obstacles should be penalized.

Scoring is on a basis of 0-infinity with 70 denoting an average score. Each obstacle will receive an obstacle score that should be added and subtracted from 70 and is subject to a penalty that should be subtracted. Each obstacle will be scored from -1 ½ to + 1 ½ with -1 ½ being extremely poor, -1 very poor, - ½ poor, 0 correct, + ½ good, +1 very good and +1 ½ being excellent.

Penalties will also be assessed per occurrence as follows:

½ pt. penalty: each tick or contact of a log, pole, cone, plant or any component of an obstacle

1 pt. penalty: hit, bit or stepping on a log, pole, cone, plant or any component of an obstacle, incorrect or break of gait at a walk or jog for two strides or less, both front or hind feet in a single stride slot or space at walk or jog, split pole in lope over, incorrect number of strides if specified

3 pt. penalty: incorrect or break of gate at the walk or jog for more than 2 strides, out of lead or break of gait at lope, knocking down an elevated pole, cone, barrel, plant, obstacle or severely disturbing an obstacle, falling or jumping off or out of a bridge with one foot, stepping outside the confines of an obstacle with designated boundaries (back through, box, side pass), missing or evading a pole with one foot

5 pt. penalty: dropping an object required to be carried on course, 1st or 2nd cumulative refusal, letting go or dropping rope gait, falling or jumping off of bridge with more than one foot, stepping outside the confines of an obstacle with more than one foot, missing or evading a pole with more than one foot, blatant disobedience (bucking, rearing, striking, kicking out)

Disqualified: use of two hands (except in snaffle or hackamore), switching hands except when working an obstacle that requires the switch of hands, performing obstacle incorrectly or other than in specified order, no attempt to perform obstacle, equipment failure, excessively or repeatedly touching the horse on the neck to lower the head, exiting or entering obstacles from the incorrect side or direction, over turn of more than ¼, 3 cumulative refusals, failure to ever demonstrate correct lead and/or gait as designated, failure to follow correct line of travel between obstacles, excessive schooling, pulling, turning, stepping or backing anywhere on course.

At least six obstacles are to be used. Mandatory obstacles include opening, passing through, and closing a gate; walk, trot, and/or lope over four poles; and backing around cones or between poles. Other obstacles *may* include combinations of walking over a bridge, put on/remove raincoat, mailbox, side pass, carrying an object, and serpentine obstacles at a walk, trot/jog (pleasure gait), and or canter/lope between obstacles. Course will be posted at the show.

If the judge imposes a time limit for the course, the time limit will be announced. If time is called during the course, the entry is excused and their score to that point will stand or count. Finishing within the time limit is not necessarily a criterion for placing; however an entry that does not complete the course within the time limit cannot place over an entry that completed the entire course correctly. The judge may, at his/her discretion, ask the entry to proceed or bypass any obstacle not negotiated promptly or properly. The judge has the discretion to excuse an entry for any combination of three refusals, balks, evading an obstacle, and/or blatant disobedience (kicking out, backing, rearing, and striking) anywhere on course. Once excused, that entry will immediately leave the arena. **Winners to be announced during the Ice Cream Social Saturday afternoon at 3:00 PM.**

Trail Class Preliminary Event – In order to participate in the Trail Class on Saturday, exhibitors must qualify on Friday (from 10 AM -3 PM). Riders are expected to be in proper show attire.

Participants will have to successfully complete 2 obstacles with 3 refusals or less to be eligible to compete in the actual class. **The qualifiers will be posted before the Trail Practice and only those on the posted list are eligible to practice and compete in the actual trail class. Riders that are NOT on the list will NOT be allowed to compete! No exceptions!**

Trail Practice – Friday night the trail class will be set and 4-Hers can practice the course for a fee of \$5.00 for 10 minutes. This practice will start 2 hours after the preliminary class has ended and last for 3 hours. **The practice is only open to horses and riders that have passed the preliminary class and qualified to show in the trail class on Saturday.** Tickets will be purchased in the office and brought to the ring before a 4-Her may enter the ring. Only one ticket can be purchased until every 4-Her that wants to go has gone through the course. 4-Her's must wear their back numbers.

105	Stock Seat Exceptional Rider – <i>For Western attired riders regardless of breed</i>
113	Open Exceptional Rider (<i>both Stock Seat and Hunt Seat riders compete in an open class</i>)

Classes to be performed while mounted with the assistance of a leader and sidewalker(s). The course will consist of maneuvers through a prescribed pattern marked with cones. The 4-H member will be judged based on knowledge of the basic riding position he/she is striving for and an ability to maintain position at the halt and walk. Rider should be able to halt, walk on, circle, turn and reverse. Additional elements may be added at the discretion of the judge and with approval of show management. Properly fitted headgear is required while riding in designated schooling and exercise areas, the show ring and while riding anywhere on the show grounds. All riders must wear appropriate safety headgear.

Entry into any class must be carefully considered by the parent, leader, county selection committee and agent. Safety is the primary consideration; disabled riders are required to wear safety headgear. Unsafe tack, equipment or actions on the part of any rider or handler is grounds for elimination from any event. The judge's decision is final.

X. DRESSAGE

You may enter two dressage tests. A separate entry form (on page 103) must be filled out by all dressage competitors to facilitate ride scheduling but also list the dressage classes on the standard entry form.

Ride times will be email approximately one week prior to the show.

Entry changes that need to be made after September 14th, 2016 must be made with the Dressage secretary by phone or Friday at the dressage arena on the hill.

Tests may be read to rider. Tests will be ridden in dressage arenas “on the hill.”

Attire

The dress code for all Dressage tests and classes is a short riding coat of conservative color, with tie, choker, stock tie or integrated stand-up collar, white or light-colored breeches or jodhpurs, boots or jodhpur boots, and ASTM approved protective headgear. Riders may wear half-chaps, gaiters or leggings in solid black or brown, without fringe, matching the color of their boots, and made of smooth leather or leather-like material. Gloves of conservative color are recommended. Only English-style spurs are permitted, must be made of metal, and the shank must be either curved or straight pointing directly back from the center of the spur when on the rider’s boot. If shank is curved it must be directed downward.

Object and General Principles

1. The object of dressage is the development of the horse into a happy athlete through harmonious education. As a result, it makes the horse calm, supple, loose and flexible, but also confident, attentive and keen, thus achieving perfect understanding with the rider.
2. These qualities are demonstrated by:
 - a. The freedom and regularity of the gaits;
 - b. The harmony, lightness and ease of the movements;
 - c. The lightness of the forehand and the engagement of the hindquarters, originating from a lively impulsion;
 - d. The acceptance of the bit, with submissiveness/thoroughness without any tension or resistance.
3. The horse thus gives the impression of doing, of its own accord, what is required. Confident and attentive, submitting generously to the control of the rider, remaining absolutely straight in any movement on a straight line and bending accordingly when moving on curved lines.
4. The walk is regular, free and unconstrained. The trot is free, supple, regular and active. The canter is united, light and balanced. The hindquarters are never inactive or sluggish. The horse responds to the slightest indication of the rider and thereby gives life and spirit to all the rest of its body.
5. By virtue of a lively impulsion and the suppleness of the joints, free from the paralyzing effects of resistance, the horse obeys willingly and without hesitation and responds to the various aids calmly and with precision, displaying a natural and harmonious balance both physically and mentally.
6. In all the work, even at the halt, the horse must be “on the bit.” A horse is said to be “on the bit” when the neck is more or less raised and arched according to the stage of training and the extension or collection of the gait, accepting the bridle with a light and consistent soft submissive contact. The head should remain in a steady position, as a rule slightly in front of the vertical, with a supple poll as the highest point of the neck, and no resistance should be offered to the rider.
7. Cadence is shown in trot and canter and is the result of the proper harmony that a horse shows when it moves with well-marked regularity, impulsion and balance. Cadence must be maintained in all the different trot or canter exercises and in all the variations of these gaits.
8. The regularity of the gaits is fundamental to dressage.

The Position and Aids of the Rider

1. All the movements should be obtained with imperceptible aids and without apparent effort of the rider. The rider should be well-balanced, elastic, sitting deep in the center of the saddle, smoothly absorbing the movement of the horse with his loins and hips, supple thighs with the legs steady and stretched well down. The heels should be the lowest point. The upper part of the body should be tall and supple. The contact should be independent from the rider’s seat. The hands should be carried steadily close together, with the thumb as the highest point and a straight line from the supple elbow through the hand to the horse’s mouth. The elbows should be close to the body. All of these criteria enable the rider to follow the movements of the horse smoothly and freely.

2. Not only are the aids of the hands and the legs but also of the seat of great importance in dressage. Only the rider who understands how to contract and relax his loin muscles at the right moment is able to influence his horse correctly.
3. The effectiveness of the rider's aids determines the precise fulfillment of the required movements of the tests. There shall always be the impression of a harmonious cooperation between horse and rider.
4. Riding with both hands is obligatory.
5. The use of the voice in any way whatsoever or clicking the tongue once or repeatedly is a serious fault involving the deduction of at least 2 marks from those that would otherwise have been awarded for the movement where this occurred.
6. When rising trot is permitted in a test or class, the rider should change the diagonal when changing directions except during a lengthening. The correct diagonal is considered to be when the rider is sitting when the outside front foot and inside hind foot are on the ground. In general, rising on the outside diagonal correctly influences the horse's balance in movements other than straight lines. A change of direction in rising trot implies a change of diagonal, but it is up to the rider to determine where that change should occur. If no change is made, there is no error and no deduction is made unless the balance of the horse is adversely affected, as it might be, for example, in a turn, circle or leg yield. In that case, the movement is judged accordingly and the collective marks for "Submission" and "Effective Use of the Aids" could be negatively impacted.

Tack, Turnout and Equipment

1. An English type saddle with stirrups is compulsory for all tests. Stirrups must have closed branches. An English type saddle may be constructed with or without a tree but cannot have a horn, swell, gallerie, or open gullet. Australian, Baroque, Endurance, McClellan, Spanish, Stock, or Western saddles are not permitted nor are modified versions of these saddles. A Dressage saddle which must be close to the horse and have long, near-vertical flaps and stirrups. Saddle pads are optional, but should be white or of conservative color. English-style stirrups, without attachments, or safety stirrups are compulsory. Safety stirrups must have closed branches of metal or other breakaway material.
2. For Training, First and Second Level tests, a plain snaffle bridle is required with a regular cavesson, a dropped noseband, a flash noseband (a combination of a cavesson noseband and a dropped noseband attachment) or a crossed noseband. A crescent noseband is also permitted. Except for the crescent noseband, buckles and a small disk of sheepskin, which may be used in the intersection of the two leather straps of a crossed noseband, the headstall and cavesson/noseband of the bridle, must be made entirely of leather or leather-like material. A padded cavesson/noseband and crownpiece are allowed. A browband is required, and except for the parts that attach to the crownpiece or headstall, is not required to be made of leather or leather-like material. A throatlatch is required except when the combined noseband or Micklem bridles are used.
 - a. Snaffle bits must be smooth with a solid surface. Twisted and wire bits are prohibited. A mouthpiece with more than one rolling part is prohibited. Bits may be made with a rubber or plastic covering, but the bit may not be modified by adding latex or other material. Bits with mouthpieces made of synthetic material are permitted. Flexible rubber or synthetic mouthpieces are permitted. A double jointed bit or snaffle with rotating mouthpiece may be shaped to allow tongue relief.
 - b. The mouthpiece of a snaffle may have up to two joints. The surface of the center piece must be solid with no moveable parts and may be tilted in a different orientation from the mouthpiece but must have rounded edges.
3. Martingales, bit guards, any kind of gadgets (such as bearing, side, running, balancing reins, nasal strips, tongue tied down, etc.), any kind of boots (including "easy-boots") or bandages (including tail bandages) and any form of blinkers, earmuffs or plugs, nose covers, seat covers, hoods are, under penalty of elimination, are strictly forbidden in the show ring.
4. Fly hoods (ear covers) are permitted for all classes in order to protect horses from insects. The fly hoods should be discreet in color and design and should not cover the horse's eyes.
5. A breastplate and/or crupper may be used.
6. A rein is a continuous, uninterrupted strap or line from the bridle bit to the hand. Rein additions or attachments are not permitted. Each bit must be attached to a separate rein and reins may only be attached to bits.
7. Any decoration of the horse with extravagant items, such as ribbons or flowers, etc. in the mane, tail, etc., is strictly forbidden. Braiding of the horse's mane and tail, however, is permitted. False tails are permitted and if used may not contain any metal parts.

8. Running martingales (only with snaffle rein of plain snaffle bridle), boots and bandages (without magnets) **are permitted in warm-up**. A running martingale consists of a divided strap attached to the girth or breastplate (at the front of the horse's chest); the extension of each strap must be connected from the point of division only to the rein on the same side and must be free to slide.
9. One whip no longer than 47.2 inches (120 cm), including lash, may be carried by the rider when mounted.

Scoring:

Refer to each USEF dressage test to know about its purpose and movement requirements. Each movement is scored according to its stated directive on a scale of zero (0) to ten (10). Half marks from 0.5-9.5 may be used both for movements and collective marks. The rider must enter the arena within 45 seconds of the sound of the bell and if not, may result in elimination. Using voice during the test may result in a deduction of two points. The judge will sound the bell at an "error of the course" and instruct the rider where to pick up the test again. An error incurs a two point penalty. Fall of a rider or horse results in elimination. If the horse leaves the arena with or without the rider (all four feet outside the fence or line marking the arena perimeter) between the beginning and end of the test, the competitor is eliminated. The judge may eliminate a rider if the horse is resistant for more than 20 seconds or if it determined to be endangering the rider, horse, judges or the public for safety reasons. Lameness may also result in elimination as determined by the judge.

Dressage Tests may be obtained by contacting United States Equestrian Federation at (859) 258-2472. United States Equestrian Federation's website is: www.usef.org. Tests may also be obtained by contacting your local Dressage Association or by emailing Leslie Prillaman at Lesliep@vt.edu.

XI. REINING DIVISION

Reining is a western riding discipline in which riders guide their horses willingly through a precise pattern of circles, spins, and stops. All work is done at the lope and gallop. It is often described as the western form of dressage riding, as it requires the horse to be responsive and in tune with its rider, whose aids should not be easily seen, and judges the horse on its ability to perform a set pattern of movements.

The division is comprised of three classes: TWO standard pattern classes taken from AQHA/NRHA patterns and ONE freestyle class. All classes are to be judged by published rules in this book. The classes will be judged individually and scores will be totaled for championship ranking. The highest composite score for all three classes will result in a championship for the division. Reserve champion will be awarded to the second highest score. Individual classes will award first, second, third, etc.

A reining qualifying event will be run at 1:00 PM on Thursday at the State Show. **All exhibitors wishing to compete in the reining class must participate in this qualifier!**

This qualifier will consist of a series of maneuvers that must be performed. The maneuvers will not be judged but for the purpose of safety, anyone who does not display control of their mount will be asked to switch divisions (at no additional charge).

Class No.

- 152 Reining
- 153 Freestyle Reining
- 154 Reining

To rein a horse is not only to guide him, but also to control his every movement. The best-reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of control. All deviations from the exact written pattern must be considered a lack of or temporary loss of control, and therefore faulted according to severity of deviation. After deducting all faults against execution of the pattern and the horse's overall performance, credit will be given for smoothness, finesse, attitude, quickness and authority in performing the various maneuvers while using controlled speed which raises the difficulty level and makes the horse more exciting and pleasing to watch.

Approved equipment for the reining division must include a western saddle with pad or blanket. Use of a hind (second) billet strap or chest strap is optional and allowed. Western bridles with curb bits and split reins must be used with the exception of hackamores or snaffle bits that may only be used on horses five years and under. Proof of age is required. Detailed descriptions of bit requirements are listed on page 32.

Scoring:

Scoring will be on a "0" to Infinity basis, with 70 denoting an average performance. Individual maneuvers are scored in 1/2-point increments from a low of -1 1/2 to a high of +1 1/2 with a score of "0" denoting a maneuver that is correct with no degree of difficulty.

All horses will be judged immediately upon entering the arena and judging will cease after the last maneuver. Any fault incurred prior to the commencement of a pattern will be scored according to the rules for judging.

The following will result in **NO SCORE:**

- Use of illegal equipment (see page 31-32).
- Use of whips or bats is prohibited.
- Use of any attachment that alters the movement or circulation of the tail.
- Failure to dismount and/or present equipment to the appropriate judge for inspection.
- Disrespect or misconduct by the exhibitor.
- Abuse of an animal in the show arena and/or evidence that an act of abuse has occurred.
- The judge may excuse a horse at any time while in the arena for unsafe conditions or improper exhibition pertaining to the horse and/or rider.
- Closed reins are not allowed except as standard romal reins and mecates on snaffle bits and bosals where the use of two hands is allowed.
- The rider may untangle or straighten excess rein, where excess rein may prevent the rider from continuing the pattern, where the excess can be adjusted without affecting the performance of the horse, during hesitations, or when stopped and settling the horse; the rider's free hand may be used to hold a romal in the normal fashion.

The following will result in a **score of 0:**

- Use of more than index or first finger between reins
- Use of two hands (exception when using a snaffle bit or hackamore)
- Improper use of romal (use of the free hand while holding the romal to alter the tension or length of the reins from the bridle to the reining hand is considered to be the use of two hands, and will result in a 0 score – the romal may not be used as a whip or bat at any time)
- Failure to complete the pattern as written
- Inclusion of maneuvers not specified, including, but not limited to
 - Backing more than 2 strides

- Turning more than 90 degrees
- Equipment failure that delays completion of pattern; including dropping a rein that contacts the ground while the horse is in motion.
- Balking or refusal of command where pattern is delayed
- Running away or failing to guide where it becomes impossible to discern whether the entry is on pattern.
- Jogging in excess of one-half circle or one-half the length of the arena
- Over spins of more than 1/4 turn
- Fall to the ground of horse or rider

The following will result in a reduction of **5 points**:

- Spurring in front of cinch
- Use of either hand to instill fear or praise
- Holding saddle with either hand
- Blatant disobediences including kicking, biting, bucking, rearing, and striking.

The following will result in a reduction of **2 points**:

- Breaking gait
- Freezing up in spins or rollbacks
- On walk-in patterns, failure to stop or walk before executing a canter departure
- On run-in patterns, failure to be in a canter prior to the first marker
- If a horse does not completely pass the specified marker before initiating a stop position

Each time a horse is out of lead, a judge is required to deduct 1 point. The penalty for being out of lead is accumulative and the judge will deduct 1 penalty point for each quarter of the circumference of a circle or any part thereof that a horse is out of lead. A judge is required to penalize a horse 1/2 point for a delayed change of lead by one stride.

Deduction of 1/2 point for starting a circle at a jog or exiting rollbacks at a jog up to two strides. Jogging beyond two strides, but less than 1/2 circle or 1/2 the length of the arena is a deduction of 2 points.

Deduction of 1/2 point for over or under spinning up to 1/8 of a turn; deduct 1 point for over or under spinning from 1/8 to 1/4 turn.

A 1/2-point penalty deduction will be given for failure to remain a minimum of 20 feet from the wall or fence when approaching a stop or rollback.

In patterns requiring a run-around, failure to be on the correct lead when rounding the end of the arena will be penalized as follows: for 1/2 the turn or less, 1 point; for more than 1/2 turn, 2 points.

Faults against the horse to be scored accordingly, but not to cause disqualification:

- Opening mouth excessively when wearing a bit
- Excessive jawing, opening mouth or head raising on stop
- Lack of smooth, straight stop on haunches, bouncing or sideways stop
- Refusing to change leads
- Anticipating signals
- Stumbling
- Backing Sideways
- Knocking over markers

Faults against the rider to be scored accordingly, but not to cause disqualification:

- Losing stirrup
- Failure to run circles or figure eights within the markers is not considered a fault depending on arena conditions and size; however, failure to go beyond markers on rollbacks and stops is considered a fault.

FREESTYLE REINING

A. General rules

1. Reining maneuvers originated from moves that a cow horse must use in performing its duties and have been refined to the high level of competition existing today. Freestyle Reining not only provides an opportunity to use these maneuvers creatively, but also to expand them to music by means of choreography. Riders are encouraged to use musical scores that permit them to show the athletic ability of the horse in a crowd appealing way.

<p><i>Music:</i> Music of choice. Must provide music on a CD or flash drive by 10am Friday. No other music should be on the CD or flash drive. Music must be in .mp3 audio file format. Music <u>will not be accepted</u> if it is on a cell phone, tablet, email etc. or in YouTube, music video or any other format</p>

2. 4-H rules will apply except where the following rules pre-empt same.
3. **Required Maneuvers will be defined as follows:**
 - a. A minimum of 4 consecutive spins to the right
 - b. A minimum of 4 consecutive spins to the left
 - c. A minimum of 3 stops
 - d. A minimum of 1 lead change at the canter from right to left
 - e. A minimum of 1 lead change at the canter from left to right
 - f. A minimum of 1 rollback in each direction.
4. Exhibitors will only be judged astride.
5. Exhibitors are allowed to use one or two hands and any bit approved by the NRHA Handbook, including snaffle bits and bosals approved for use in the Snaffle Bit or Hackamore classes.
6. Failure to perform all the required maneuvers or failure to complete the performance within the time limit will result in a score of 0.
7. Additional maneuvers such as backups, speed variations, and non-classical reining maneuvers such as half pass and side pass are appropriate in Freestyle and shall be given appropriate credit. Additional repetitions of required maneuvers are appropriate, but will only add or subtract from the existing scores already given for the required maneuvers, not as additional scores.
8. Equipment used in Freestyle must adhere to the following standards:
 - a. All equipment must be non-abusive and humane based on NRHA Rules and Guidelines.
 - b. Any equipment not specifically covered by or in conflict with standard equipment guidelines must be non-abusive to the horse.
9. Time Limit. A maximum of 3 1/2 minutes including any introductions. The time limit will be from the beginning of the music or from the beginning of the introduction (whichever is first) and will end with the music.
10. Costumes: Permitted but not required. Emphasis is placed on performing the reining maneuvers to music.
11. Props: Permitted but at no time may hinder the judges' view of the horse. The use of props will not add to the score.

B. Judging of freestyle reining

1. Required maneuvers in Freestyle will receive a score based on technical merit from the technical judges utilizing judges score sheets specifically designed for the Freestyle.
2. Transitional maneuvers and other maneuvers not specified as reining maneuvers will be evaluated and scored accordingly in a specified box and counted as a single maneuver score.
3. In the case of one or two judges being used, they would judge the technical merit of the ride. As part of the overall score, each judge would weigh the artistic impression of the ride as 10 percent of the overall ride.
4. In the event a tie occurs, the technical merit scores will be tallied to break the tie. In the event a tie remains, the exhibitors tied will be declared co-champions.
5. Validating required maneuvers will be the responsibility of the judges. However, at least one scribe will be used to assist in verifying the required maneuvers for each horse as they are completed in the pattern.
6. Artistic impression judge or applause meter should not represent more than 20 percent of the combined score and should only be used in conjunction with (minimum) two approved judges. When used in scoring, the following formulas should be applied to properly weigh the scores according to the above percentage and still produce a comparable numerical score as when three judges are used.
 - a. Score for Judge 1 should be multiplied by 1.2
 - b. Score for Judge 2 should be multiplied by 1.2
 - c. Score for the Applause Meter should be multiplied by .6.

- d. All three scores should then be added to determine the final score for placing.
7. Show management will reserve the right to rule on music or dress that may be inappropriate or offensive to the spirit and nature of the show. Show management may also determine the use of special lighting.

Patterns:

1. The following patterns are to be worked as stated, not as drawn. The drawn pattern is just to give the general idea of what the pattern will look like In the arena.
2. Markers will be placed on the wall or fence of the arena as follows:
 - a. at the center of the arena
 - b. at least 50' from each end wall
3. Where designated in the pattern for stops to be beyond a marker, the horse should begin his stop after he passes the specified marker.
4. Each pattern is drawn so that the bottom of the page represents the end of the arena entered by exhibitors and must be run as such. In the event that an arena has only one gate and it is in the exact middle of the side, that side shall represent the right side of the page the pattern is drawn on.

LEG UP AWARD

Horse Cooler sponsored by In Stitches/Upton Embroidery, Cheryl Falvella

First awarded in 2002, the VA State 4-H Horse Show is proud to offer the Leg Up Award again in 2016. The Show Committee is committed to bringing recognition to an outstanding and inspirational 4-Her in the horse project that attends the 2016 State 4-H Horse Show.

What makes an outstanding candidate for this award? Qualities such as dedication, leadership, high personal standards, and the internal drive to make themselves and their horse the best they can be. *Equally important* are their demonstrated efforts to help others “make the best better”. Perhaps this person has faced challenges in life and risen above the hardships in an admirable fashion. Their involvement in the horse project is important but they do not have to have an extensive show record. The committee seeks to honor a 4-Her who has become a role model among their peers and betters everyone around them.

Each county may nominate one 4-Her they feel is a deserving individual. The nominee does not have to have a horse showing on the grounds but should be on the grounds serving in some capacity. Completed forms should be returned to the show office by 9:00 AM on Saturday, September 17, 2016. The winner will be announced at the ice cream social on Saturday at 3:00 PM.

Forms will be available in the horse show office or on the 4-H web page for the horse program.

SUPPLEMENTAL GUIDE
Judging Virginia State 4-H
Stable Management Competition
(These are guides and rules)

The Virginia State 4-H Horse Show and other 4-H activities offer awards for excellence in Stable Management. The exhibitor should bear in mind that *competition on this level demands more than what would normally be considered good day-to-day stable management*. With ~ 600 4-Hers competing for these awards, and the majority seriously competing, the winners will always be those who maintain an "inspection-ready" stable 24 hours a day during competition. This demands a great deal of plain hard work, organization, cooperation, and pre-planning. It also requires a keen spirit of competition in order to maintain such a demanding level of stable management.

Exhibitors will be judged between 7am and 2pm on both Friday and Saturday. Judges will leave a score card on each stall that marks areas of deficiency (comments may also be left). These marks do not denote what your final score is- judges also keep a score card with point values. If you have a mark, then you have automatically lost at least one point. More points may be taken off depending on the level of the deficiency (i.e. a mark next to dirty bedding may lose 1 point if you only need to pick, while it may lose 3 points if it is obvious you have not yet cleaned your stall). The amount of points deducted is left to the judges' discretion; however, any item may have a maximum of 4 penalty points. Judges' scores will be totaled and the sum used to determine blue (top prize), red (second prize) and white (participation) ribbon winners. Therefore, all participants will be awarded a ribbon; with the exception that *any horse found without water will automatically disqualify that participant* from the stable management competition unless a written explanation is posted for judge on the stall door.

Bearing this "general philosophy" in mind, let's go over the general elements of individual stall inspection: organization of the stall front area, safety, and cleanliness of the stall. Additionally, the health and condition of your horse will be assessed, but because it is impossible to track down every horse that is not in its stall at the time of inspection only comments will be left unless the judges have a serious concern about the health and safety of the animal- judges reserve the right to disqualify any participant from the stable management competition that endangers or neglects their animal.

A. Stall front areas should be kept neat and well organized.

The entire area in front of the stall should be kept clean and neat at all times, equipment should be well organized and nothing should be directly in front of the stall door- thus the door should be able to slide completely open and have nothing in front of the open area. The ground in front of the stall should be raked or swept clean of shavings. You will not be judged on the type, size, or color of the equipment that you use but instead on the functional usefulness and the neatness with which they are maintained. There are several options for keeping equipment neat and out of the way when not in use: you may use a tack box, saddle rack, and/or utilize an extra stall as a tack room.

Tack Boxes: Tack boxes are almost a necessity owing to the nearly nonexistent storage space. Real tack or harness boxes or trunks are very expensive to buy. However, old army trunks, forgotten camp trunks, foot lockers, etc., make very useful and efficient tack boxes. You must consider the size and type of your saddle before acquiring such a trunk. Western saddles require much larger trunks than do English. If the trunk is the proper size, it will accommodate your saddle, bridles, girths, blankets, halters, leads, etc., in the bottom portion, and grooming tools, etc., in the upper tray. Besides keeping your equipment safe during transportation, it also provides an excellent means of storage during the show and a place in which you can lock up your equipment at night. No one can easily sneak away with a loaded tack trunk. For added security, the trunk may be chained to the stall if desired. A tack box is not required, however if this option is not utilized it is still imperative that all saddles, bridles, and blankets be neatly organized and stowed out of the way.

Saddle Racks: If tack boxes are used, saddle racks are not necessary although they make tack more readily accessible and lend much to the appearance of the stable. Saddle racks and tack boxes are best, but under no circumstances, can a saddle rack replace a tack box on your priority list. Manufactured or homemade racks may be used. The latter are much less expensive and, with a little applied ingenuity, are frequently better than manufactured racks. Saddle racks can be either attached to the outside of the stall wall or free standing. If a saddle rack is free standing it should not be in the aisle way and needs to fit in the area directly in front of the stall (but not in the way of the door).

B. Stalls must be maintained for the safety of the animals and people.

You are being judged on your ability to maintain a safe environment for your horse as well as for the people interacting with your horse. The components of this section include buckets, hay nets and other equipment, tying of the horse, and appropriate stall identification.

Water and grain buckets. Water and grain buckets should be hung high enough to eliminate, as much as possible, the chances of your horse putting a hoof in such containers or leaving droppings in these buckets and containers. These are simply safety and health hazards which good management should avoid. If you feed on the ground, a reasonably high-sided, flat-bottomed feed container is needed. This will help keep the horse from nosing the grain out and turning the container over. If for some reason, buckets must be hung lower or not kept in the stall (horse cribs or plays with buckets) then a note must be posted to this effect, and it should include how often the horse is offered water. Horses must also have at least one quarter bucket of water available at all times. Points will be deducted for horses found with less than that (even in empty stalls- your stall should be prepared for your return) and disqualification from the stable management competition will occur if a horse is found without water.

Lightweight plastic and metal household utility buckets should be avoided. Even if the lightweight materials survive, the handles on these buckets are highly prone to snapping off the bucket, thereby creating a safety hazard to your horse. Only heavyweight metal, plastic, or rubber buckets designed for livestock should be used. The initial cost is more but these buckets have a long life and do not create safety hazards. Buckets should not be hung with nails or wire because these materials could easily injure your horse. A three-foot length of clothes line or window sash run through the eye of a swivel snap can be used. Tie the ends of the rope in a non-slip knot so that you have a closed rope loop with a swivel snap hung on it. Place this at the front corner of your stall with the snap hanging down and the top of the loop at the top of the board. Bring the snap up, thread it through the top loop of the rope, and then pull the snap down. You then have a good means of hanging your water bucket. Your bucket is easily snapped in or out for refill and cleaning. You haven't used any nails or wire, it costs little or nothing to make, and it will last you for years.

Hay nets: Hay can either be fed in a pile in a corner of the stall or in a hay net or hay bag. Hay nets, while discouraged, should be hung from a solid structure that cannot be brought down by the horse if pulled on. This can either be the metal grid at the front of the stall or a solid structure at the back of the stall (if available). If a hay net/bag is used it is very important that *they be hung at the appropriate height (3 feet for ponies, 4 feet for horses)*. Hay nets hung too low are an invitation for your horse to get his legs hung in them therefore they should be hung at chest height and monitored throughout the day as they can lower as they empty. When empty, hay nets should be removed. Hay nets are not required. They can become a safety hazard. If the stall is kept clean, hay can be fed on the stall floor. Hay nets are discouraged.

Other equipment: Pitchforks, halters and leads, brush boxes, and other equipment *should never be left in a stall* when they are not in use. Pitchforks, shovels, and other cleaning tools left lying in a stall are likely to be stepped on and cause injury to either horse or human. Halters and leads left lying in a stall pose a potential for getting caught on legs and causing injury. In addition they should always be stored at the ready in case they are

needed. When not in use, the halter and lead, or lead if the halter is being worn, should be hung on the outside of the stall.

Horse tacked in a stall: For safety reasons, horses should be groomed and tacked up in their stalls and not in the aisles. While horses are being groomed or tacked they should be tied. Whenever your horse is tacked and in its stall it should be tied, within easy access to its water. The horse can be tied either with a halter over its bridle or its bridle should be removed. Horses should NEVER be tied using the reins or a lead connected to the bit- serious injury to their mouth can occur if they panic. An approved safety knot should also be used, and the competitor may be asked to demonstrate that the knot is properly tied. Lastly, horses should only be tied to an immovable object such as the stall wall, and never to something that could remain attached to the lead rope (such as a bucket hung on the stall wall) if they should panic and pull loose.

Stall Identification: This may be as elaborate or simple as the individual or club desires. It should, however, tell the observer the name of the 4-H'er, the name of the horse and the name of the club. Uniformity of design is desirable within club groups. Additionally, emergency contact information- a phone number and where the exhibitor is staying (camping or hotel) should be posted.

C. Stalls should be clean and well bedded.

You are being judged on your ability to maintain a clean and comfortable stall, 24 hours a day. You should fully clean your stall first thing in the morning and before you leave at night- horses that are kept stalled 24 hours a day need to have their stalls fully cleaned twice a day. Your horse works hard for you and deserves a comfortable place to rest. There is no excuse for a stall still being dirty at the time of the judge's arrival and this may mean arriving extra early if you have early morning schooling.

Level of bedding: Although it should be obvious, it is surprising how many stalls are not sufficiently bedded. In other words, there are patches of uncovered ground; or the bedding is so light that when the horse moves around normally, he pulls what little bedding there is off the ground. Bedding should be deep enough to pad the stall floor sufficiently to accommodate absorption of urine and still provide a dry, comfortable bed for the horse. (Try sleeping in a wet stall with only an inch or two of straw, with no blanket or bed roll, and you'll quickly learn what "sufficient" bedding is.) The stalls at the Virginia Horse Center require the equivalent of a full bale of straw or two bags of shavings at all times to keep them well bedded. Normally, you need to start with a bale and one-half as initial bedding, and replace approximately one-half a bale/one bag each day, depending on the individual animal's stall habits and the weather conditions. Admittedly we are more extravagant with straw and shavings during stable management competition than we would be at home on a day-to-day maintenance basis. But, on the same basis, we do not wear our show ring riding habits at home when we are schooling horses, either. Pre-planning is very important to proper stall cleaning, this means that you should have enough bags of shavings on hand for the next morning. Therefore, the excuse of "the shavings truck hasn't arrived yet" is not accepted.

If a stall has been properly cleaned, it is clean beneath the top layer of straw/shavings as well as clean on top. You cannot go into a stall, pick up the dropping on top of the straw, and call that stall clean. The bedding must be lifted, all wet and dirty straw removed, all covered-up droppings removed, and then the remaining clean bedding "shook-out" over the stall floor. An easy way to clean stalls that are bedded with shavings is to rake all of the dirty shavings into a large pile in the middle of the stall and then remove the entire pile. This will usually leave clean shavings around the edge of the stall that can be raked evenly across the floor of the stall and then a fresh bag added on top. Once this is properly done in the morning, it is easy to step in several times during the day to remove the droppings and possibly shake the straw out again to keep the stall "inspection-ready". If the stall has been properly cleaned, no judge is going to penalize the stall for having obviously fresh droppings or a recent wet spot on the bedding.

Stalls must be stripped before leaving the show grounds or a \$25.00 charge will assess to the person the stall was assigned to during the show.

Water and hay: Water buckets must be scrubbed daily and kept clean- it is important to keep water clear of hay and other debris. If your horse dunks its hay, please post a note to that effect, otherwise points may be deducted for dirty water buckets. Hay should also be kept neat and organized and if not in a hay net, must be kept piled neatly in one stall corner. It is important that when you clean your stall you remove any hay from the bedding. A small amount of hay in the bedding will not be penalized, however if it appears that you have not properly cleaned your stall and an excessive amount of hay is in the horse's bedding then points will be deducted.

D. Health and comfort of the animal

No matter what is going on in the ring, your first obligation is to your horse. He should be clean, dry, and brushed-out before you leave him in his stall. If you have not finished grooming your horse and you see the stable judge coming **DON'T** leave the horse to "get out of the way". Keep right on with your work. The stable judge likes to see the exhibitor properly caring for his animal.

Grooming: Some exhibitors seem to think that they only need to groom their horses in time to prepare for a class they are going to enter. Not so. Horses should be groomed in the morning, regardless of whether or not they are to be entered in a class. In other words, the horses are on exhibit from the time you arrive at the activity in question until you leave. Even when in their stalls, they are on exhibit. Common sense tells you that if your horse is "on exhibit" he must be presented at his best. A horse that hasn't been groomed in the morning and stands in his stall with bedding in his mane and tail, stable stains on his legs and body, hay dust in his face, and manure in his feet, is like a person going to school or work with an unwashed face, unbrushed teeth and uncombed hair. It is downright unattractive in man and beast alike!

Tack: Tack should be cleaned after each using. If it has been properly maintained before coming to Virginia Horse Center and it is put on a clean horse, a simple going over first with a clean soft brush or towel, and then with a good quality leather preparation should keep it in a pleasing condition. If however, tack is used on a dirty horse, or if it is particularly hot and dusty or muddy then a more complete and thorough cleaning will be required. The first things your stable judges will check will be:

- a. The bits for evidence of saliva, food particles, and dirt not properly removed;
- b. Stirrups with mud or dirt left on them;
- c. Buckles with dirt or soap left on them;
- d. Undersides of saddles roughened by improper care or careless cleaning;
- e. Split, torn or dry-rotten billets, stirrup leathers, girths, reins, etc;
- f. Dirty, broken, or improperly fitted halters.

These are the first things the judges check because these are the things that create safety or health hazards to you and your horse. Your tack does not have to be new or particularly expensive, but it must be clean, in good condition, in good repair, and properly fitted.

Some General Guidelines for Consideration

Unlike a military inspection which demands total perfection for a relatively short period of time at a designated time of day, Stable Management competition is just what its name implies. You are being judged on your ability to maintain a high-level management program for three days under distracting circumstances. It is more demanding than a "mustering out" for which you would apply total concentration to all phases of management in order to present your work at a pre-determined time, only to forget it all until the next inspection. After all, who would know if you didn't wipe the bit off between rides, or didn't wait to get the saddle marks off old Beauty because the gang was going swimming or forgot to water poor old Beauty before you left the grounds to hit the sack?

Stable Management is like a year-end exam -- if you don't study or apply yourself all year, you can't walk in the classroom and get an A, or even a high B. You might be able to stay up all night studying and get a good grade on a six weeks test, but not on an end-of-the-year exam. The same applies here. You might be able to work hard for a few hours and grade-out high on a single, daily, pre-set inspection; but you must apply yourself all day if you expect to be in the blue ribbon group. Your tack, your equipment, your stall, your horse, and you, yourself, are on nearly 24-hour-a-day display.

In regard to equipment, your primary concern should be to have the equipment necessary to maintain the type of high-level stable management we have discussed, keyed to efficient use and safe, attractive display. To totally achieve this, some "special" travel and storage equipment is almost demanded.

Stalls should be closely inspected for nails, wire, loose boards, trash, etc., before your stall is initially bedded and your horse put in the stall. A basic tool kit should be carried in your trailer or car to handle such repairs and corrections.

While some aspects of horse care are not specifically included on the score cards, judges reserve the right to comment on them and deduct penalty points if they feel that a 4-H'er is deficient. These include the condition of your horse -- his weight, the health of his coat, the care of any wounds or injuries he may have, hoof care, or evidence of improperly fitted or cared for equipment, etc. Another area for consideration is sportsmanship and consideration for the safety of others. Anything jeopardizing the health or safety of another rider, horse, or person walking through the barn area, will be penalized. Poor sportsmanship and lack of cooperation will be penalized. Also, if the stable judges have sufficient reason to believe that the 4-Hers stable management is being carried out by his parents, leaders, or any other adult, that 4-Hers stall shall be considered ineligible for competition.

If these guidelines are followed, you will have created a stall which is clean, safe, and properly equipped; a horse that is clean, safe and as happy as his disposition allows; and a stable front which totally, efficiently, neatly and attractively stores and displays all your horse's paraphernalia.

Interaction with Judges

Despite the fact that you are being judged on your performance in stable management, the judges are primarily interested in your education. **The stable judges are always ready to answer questions and offer constructive criticism when politely approached.** Parents and coaches are not to approach the judges with questions or comments. If an exhibitor feels that there is an error in judging they should make their complaint in writing and present it to the show steward.

A stable management score card that may be used in judging stable management programs is shown on the next page.

NOTE: If you have any special reasons or cases in regard to feeding, watering, etc. different from these guides -- leave a note for the judge.

The judge will post individual scores and notes on the stalls on a regular basis. These should not be interpreted as the final score or award. The State Advisory Committee has reviewed extensively this stable scoring system and deems it fair, sensible, and workable. There is thus a moratorium on any discussion or review at any level in regard to this topic. Judging emphasis should be on sensible and practical management and safety.

State 4-H Horse Show

Orientation Meeting Guidelines

Each youth and parent must sign that they have received and have discussed proper conduct, rules and regulations of the State 4-H Horse Show **prior to the entry deadline**. Failure to sign the Orientation Report Form will result in entries being returned and the youth will not be allowed to participate in the show for that year. It is also highly recommended that agents and leaders hold a rules and regulations meeting just prior to the State 4-H Horse Show to further impart the necessity of following the stated rules and to answer any questions.

INTRODUCTION

Concerns about behavior at previous shows have forced us to request this assistance from Extension agents to ensure that all 4-Hers, leaders and parents are aware of and understand the necessity for following the rules and regulations for the State 4-H Horse Show. Each unit should conduct an orientation meeting to acquaint 4-Hers, leaders and parents with an understanding of the rules as set forth in the rulebook. It should be emphasized that all rules have been developed to teach safety to the 4-Her for themselves and their project animal.

All 4-Hers, leaders and parents are representing the Virginia 4-H Horse Program at the Virginia Horse Center, and as such all participants should be encouraged to exemplify the 4-H ideals.

GUIDELINES AND INFORMATION FOR ORIENTATION MEETING

Each unit shall conduct an orientation meeting for 4-H member entry-candidates and their responsible adults. This meeting may be conducted by agents or club leaders. The meeting may be done on an individual basis or in a group setting. Parents of entry-candidates should attend the orientation meeting. Extension agents are encouraged to seek an experienced 4-H horse project leader to assist with the orientation session.

A. Explain and clarify all rules and regulations of the State 4-H Horse Show. Some of the most important rules are:

- a. No dogs are allowed at the show.
- b. No unlicensed drivers are allowed to drive golf carts. Licensed Drivers must drive slowly and safely and no one may lead horses from golf carts.
- c. Back numbers and helmets must be worn at all times when mounted or driving horse/pony carts.
- d. No one but the 4-Her may ride their project animal.**
- e. No riding after lights have been turned out and EMTs have left the grounds.
- f. Review the [State Show Changes for 2016 document](#)

B. Acquaint entry-candidates with the Code of Conduct (see following page).

C. Motivate entry-candidates to represent their unit and district well. Emphasize:

- a. Good sportsmanship and safety.
- b. A sense of pride and responsibility in having qualified for entry and participation.
- c. Exemplary representation and conduct at this public venue. Conduct of our 4-Hers both in and out of the show ring creates a public image of 4-H which has great impact on the general public. They must be on their best behavior at all times.

D. Review entries for accuracy and verify all signatures. An experienced 4-H horse leader will serve as great advice to review and double check entries. Please note:

- a. Members may only enter one showmanship and one equitation
- b. No entries may cross enter **Pleasure Division** and the **Hunter Division**

E. Identify/designate responsible adult(s) for each 4-Her at the show on the Entry Form

F. Impress upon the adult(s) the extent of their responsibility.

- a. Each 4-Her should be encouraged to be responsible for his/her own conduct; however, ultimately the conduct or misconduct of an individual or club group is the responsibility of the designated adult-in-charge. Each 4-Her must recognize the supervisory authority and responsibility of the adult-in-charge.
- b. Adults must recognize that this is a show for youth and each 4-Her has proven through their Horsemanship Skills tests that they are capable of caring for their own horse. Adults may help hold horses and assist their 4-Her as necessary for the youth's safety and physical well-being. Adults are not to be caring for the horses by way of feeding or doing the main preparations. If in doubt, please ask show management!

G. Expected Dress:

- a. Exhibitors are expected to be appropriately attired in traditionally accepted riding apparel in the show ring. Neat, workmanlike attire consisting of long pants, hard shoes or boots, and shirts are appropriate in the stable area. Mounted 4-Hers must wear appropriate show attire or stable attire as described herein as well as a safety helmet. A neat well-groomed appearance is desired.
- b. Exhibitors, adults and leaders are expected to dress in conservative, safe attire. Bare feet, sandals, tennis shoes, open or soft shoes are unsafe in the stable area and therefore unacceptable. Halter tops, tube tops, shorts, etc. are in poor taste and unworkmanlike stable attire; such attire is therefore strongly discouraged.

CODE OF CONDUCT FOR VIRGINIA 4-H ENTRANTS - STATE 4-H HORSE SHOW

Each entrant to the State 4-H Horse Show is a representative of the approximately 3,000 horse project 4-Hers in the State of Virginia. Each entrant must therefore accept the responsibility of creating a positive image which reflects the 4-H ideals. The [Virginia 4-H Code of Conduct](#) applies to all 4-H Events including this one. The following rules will also apply to this event.

Each entrant must extend a courteous and respectful attitude, especially to show officials. Each entrant, leader, parent and participant shall accept the supervision of and attend all sessions planned by the adult-in-charge.

An entrant shall be sent home (at their expense and with no recourse) if involved in any of the following:

- Deliberate destruction of facilities or equipment;
- Deliberate cruelty to animals;
- Possession or use of fireworks or weapons;
- Possession or use of alcoholic beverages or illegal drugs;
- Blatant discourtesy to show officials or designated responsible leaders;
- Disregard of show official's request to obey Rules and Regulations of State 4-H Horse Show; or
- Unacceptable or dangerous conduct at any time (infractions to be reviewed by the Rules Committee).

RULES COMMITTEE - STATE 4-H HORSE SHOW STEERING COMMITTEE

If the infraction occurs within the jurisdiction of the Show Steward, the steward will be included on the committee. All rules are extended to leaders, parents, and participants.

Responsibility: To decide if punitive measures are required, and, if so, what form the punitive measures are to be taken.

Recommendations: If found in violation of rules, the committee may decide on some form of punitive measure ranging from elimination of showing in the next class to expulsion from show grounds and forfeiture of all prizes. This extends to the actions of leaders, parents, participants and anyone accompanying any 4-H member involved or acting as a spectator at the show.
