

## Questionnaire Teaching Trap

*Teaching Trap* is designed to teach instructors how to teach youth to break targets at each station on a Regulation Trap Field. (Please note: This is a non-certification option. Therefore, in order to instruct 4-H youth in the game of trap, or any live-fire activity, you must already be certified as a 4-H shotgun instructor.)

Questionnaires/Applications will be reviewed by members of the State 4-H Shotgun Training Team. Two years of active shotgun instruction in a 4-H Shooting Education Program preferred. **If selected, you will need to provide your own ammunition (~10 boxes) and pay an additional fee for clay targets (~ \$30).**
