

Virginia 4-H "Spring Air" Presentation, 2018

[10-Spring Air 2018 4H Presentation.doc]

The Presentation Competition will follow the *Virginia Cooperative Extension Communication and Expressive Arts Publication* and will use the *Virginia Cooperative Extension Publication 4H Presentations Scoring Aid 388-062* found at <http://pubs.ext.vt.edu/388/388-062/388-062-pdf.pdf>

The only additional requirements to compete at "Spring Air" are that the topic has to be shooting related and contestants may not use the same presentation that they used in a previous year.

A 4-H presentation should be long enough to make all of your steps clear and easy to follow, but not so long that it bores the audience. In most cases, the time range will be:

2 to 5 minutes for ages 9 to 11 years

5 to 10 minutes for ages 12 to 13 years

10 to 15 minutes for ages 14 - 19 years

Adequate practice will guarantee your timing will be perfect.

Awards:	Junior	1 st to 3 rd
	Senior	1 st to 3 rd

Spring Air 4-H Age Policy: The presentation competition will be divided into two groups: juniors will be those that are thirteen and under and seniors will be those 14 and older in the calendar year 2018.
