

Name: _____

Class 8

Number: _____

2014 Block and Bridle Stockmen's Contest

Keep/Cull Scenario

You are a sheep producer raising Dorsets for meat production. This year your fall lambing crop produced 8 potential buck lambs that you can keep to rebreed to your ewes. However, you will only keep 4 ram lambs from this year's crop as breeding stock. Traits that you are selecting for include growth rate, muscling and body volume.

Given the pen of ram lambs provided, **CIRCLE the numbers of the 4 rams that you would keep in your herd.**
