3	0.5	35	57	10	5.8
4	2.0	38	61	15	6.9
5	1.3	36	57	13	6.7
6	1.2	27	46	6	5.2
7	0.8	32	54	7	5.8
8	-0.5	24	41	6	5.2
Breed Avg.	0.7	23.4	41.1	7.4	Herd Avg. = 6.0

You are a purebred Charolais producer in Northern Virginia. Your main priority is to raise moderate framed cattle that are easy keeping and structurally correct. The primary income for your operation comes from the sale of bulls to commercial producers who primarily utilize forage systems for their nutrition program and sell the majority of their calves at weaning. You keep the top 50% of your females as replacements.

CIRCLE the numbers of the 4 heifers that you would KEEP in your herd.
