

2017 Block and Bridle Stockmen's Contest - Dorset Ewes

These ewe lambs will be retained as replacements in a registered flock located in the New River Valley. A primary revenue stream for this flock is consigning rams in a state-wide ram test sale. To not limit prospective ram customers, this operation strives to maintain as much scrapie resistance in this flock as possible.

No.	Across Flock EBVs			Codon 171 Genotype
	Number of Lambs Weaned , %	Weaning Weight, Kg	Post-weaning Weight, Kg	
1	+2.5	+2.1	+3.6	RR
2	+0.7	-1.2	-1.2	QR
3	+1.4	+1.7	+2.3	RR
4	-0.4	+0.5	+1.4	QR
