1. **To be eligible for exhibition, market lambs and commercial ewes must have been nominated, weighed, and identified at an official State Fair of Virginia site.** Nominations will be taken at several sites around the state in late June. Information regarding the dates and locations of nomination sites can be found here <https://ext.vt.edu/4h-youth/youth-livestock/shows/state-fair.html> It is the responsibility of the exhibitor to properly nominate his or her lambs at one of the locations. At the time of nomination, lambs will be weighed, and individually identified with an official ear tag. Only lambs that have been nominated and properly weighed and identified will be eligible for competition at the State Fair of Virginia. Each exhibitor may nominate a total of twelve (12) lambs (wethers and ewes, to be shown as either market lambs or commercial ewes). Each exhibitor may nominate lambs at only one location.
2. Market lambs should be born on or after January 1 of the current year and must exhibit lamb's teeth.
3. Market lambs must be owned, separated, and cared for by the exhibitor on or before the date of nomination and continuously thereafter.
4. Exhibitors are limited to 6 total entries in the market lamb and commercial ewe lamb divisions. A maximum of 4 market lambs and a maximum of 3 commercial ewe lambs per exhibitor may be shown (total not to exceed 6).

# 2019 State Fair of Virginia Junior Sheep Show

5. Market lambs will be shown by breed type. Breed type will be determined at the time of official weighing by a classification committee. The classification committee will apply breed standards to evaluate and place lambs in the proper class. Heads on White-Face, Speckle-Face, and Southdown lambs must be closely sheared for classification and weigh-in. The decisions of the classification committee will be final. Market lambs will be divided into breed-type divisions as follows:
  - a. Black-Face: Generally includes lambs of Suffolk and Hampshire breeding and their crosses along with other black-faced breeds. Also includes all lambs that do not fit classification requirements for Natural Color, Speckle-Face, White-Face, Southdown, and Hair Sheep classes.
  - b. Natural Color - Any breed of sheep that has a predominant blue, grey or black tint to the wool over the majority of the body (>50%). Coloring as a result of injury or fungus scars will not be considered for classification. **(There must be a minimum of 25 lambs exhibited for there to be a separate Natural Color division)**
  - c. Speckle-Face: Must be a cross with evidence of a percentage white-face and percentage black-face breeding. Significant spotting must be present for at least TWO of the following areas: face, ears, and/or legs below knees and stifle joint.
  - d. White-Face: Generally includes lambs of white-face breeds and crosses of those breeds (Dorset, Cheviot, Columbia, etc.). Lambs should exhibit characteristics of these breeds. Face, ears, and legs should be white. Excessive black or brown spots in the skin or wool on the body, or freckles or pigmented areas of black or brown skin are not acceptable
  - e. Southdown: Lambs must exhibit characteristics of Southdown breed. Hair color should be mouse colored, grey to brown. Nostrils may be black to purple-grey, and ears should be moderate length, covered with short hair or wool.
  - f. Hair Sheep: Lambs must exhibit characteristics of hair sheep breeds (Katahdin, Dorper, etc.). Lambs must be of straight hair sheep breeding, crossbred hair x wool breeding is not acceptable. **Note: a minimum of 5 lambs from at least 3 exhibitors is required to have a separate Hair Sheep class.**
6. Within breed type, classes will be divided according to weight. **Lambs must weigh a minimum of 90 pounds (no maximum weight limit).** Re-weighs will not be allowed. Class weight breaks and Division assignments will be made at the discretion of show officials. An attempt will be made to limit classes to a maximum of 25 lambs, and Divisions assigned with a goal of having approximately the same number of lambs in each Division. Accordingly, class winners from more than one breed type may be placed in the same Division based on the total number of lambs exhibited (historically Speckle-Face, White-Face and Southdown lambs comprise Division I, Natural Colors Division II, and Blackface lambs Divisions III-VI). Division champions and reserves will compete for Grand Champion and Reserve Grand Champion honors. All lambs weighing under 90 pounds will be allowed to show in a feeder lamb class but will not be eligible for premiums or awards.
7. Class Winners, Division Champions and Reserves, the Grand Champion and Reserve Grand Champion are eligible for the State Fair Scholarship Program. Please see scholarship description at end of this Competition Guide for details.

9. The market lamb show will be terminal for the Grand Champion, Reserve Grand Champion, ALL Division Champions, and ALL Reserve Division Champion lambs. All of these lambs must participate in the carcass contest. Exhibitors of these lambs qualify for the Scholarship Program (see Scholarship documents for specific policies, regulations, and details).
