Making Your Case with the Numbers

Vince Magnini, Ph.D.
This Virginia Agritourism fiscal impact study is a multi-agency and county partnership:

- Funded by The Governor's Agriculture and Forestry Industries Development (AFID) Fund through the Virginia Department of Agriculture and Consumer Services
- Supported financially by the Virginia Tourism Corporation and the Counties of Augusta, Halifax, Loudoun and Rockingham
- Managed by the New River Valley Regional Commission
- Coordinated by Virginia Cooperative Extension
- Supported by the 34 member State Agritourism Study Committee (listed on pages 5-6 of report)

To locate this information, please reference page 27 of the report.
Build your advocacy basket...

Reduction of consumer spending leakage
Did you know...

Most visitors to Virginia’s agritourism venues are locals:

Having offerings available within a region such as Christmas tree farms, pumpkin patches, and wineries reduces spending leakage by local residents outside the area.
Build your advocacy basket...

Reduction of corporate revenue leakage
Did you know...

Nearly all of visitors’ direct spending at agritourism venues remains within the local economy.
Build your advocacy basket...

Relatively little government-based investment
Did you know...

In comparison to many other types of community amenities (e.g. libraries, museums, public-private hotels, etc...) agritourism venues rely on very little government-based investment.
