Welcome Hokie Friends and Cattlemen,

For the 23rd year Virginia Tech will share their harvest of elite genetics. This is an amazing lineup across multiple breeds that will add true value to your herds. Whether you are looking to add a special cow, herd bull or exceptional commercial females, this offering will afford you that opportunity.

The students have done an exceptional job again this year and have learned all facets of livestock and equine marketing. This is one of the best ag schools in the country and these students are some of the very best and we should be proud of them.

If we can assist you with selection or information, please feel free to contact us. We hope you can attend the sale and look forward to seeing you on October 27th.

*Best regards,
Ken Brubaker*

August 29, 2017

Dear Friends:

It is our pleasure to welcome you to our 23rd Annual Hokie Harvest Sale managed by the 2017 Livestock Merchandising Class and hosted by the Department of Animal and Poultry Sciences at Virginia Tech. This course has been a fantastic experience for us to work with such outstanding undergraduate students over the past 23 years, many of which have become industry leaders and prominent livestock producers.

The Hokie Harvest Sale has developed a significant reputation over the years for selling high quality, university-owned livestock. Our equine faculty and staff here on campus and at the Middleburg Agricultural Research and Extension Center are selling an excellent offering of Quarter Horses and Warmbloods. Please join us as we showcase these well-bred horses from 2-6 PM on sale day. The online auction will be open for bidding on October 1st and will close promptly at 6:00 PM on October 27th. This year's cattle offering again features both purebred and commercial beef cattle along with an Angus embryo package. The Hokie Harvest is more than just a beef cattle or horse sale; it's an exciting, fun-filled day with impressive livestock, outstanding students, great fellowship, and delicious food! Don't miss out on this opportunity to witness our future industry leaders in action.

This production sale is unique to the university and the Commonwealth of Virginia because it has been organized and managed by 71 Virginia Tech students in an experiential learning environment. Both two- and four-year students have gained "hands-on" experience in sale management, budgeting, advertising, cataloging, clerking, and livestock photography. Students have worked extremely hard in the planning and preparation of our production sale, which includes a live auction of 61 head of registered and commercial beef cattle and 15 horses being sold exclusively online at <https://horsesales.cals.vt.edu>

Breeders of purebred Hereford, Simmental, and Angus cattle will be able to select AI-sired progeny and frozen embryos from a cross-section of the VT Beef Cattle herd. Some of our very best females and bulls have been hand-picked stemming from elite donors that combine curve-bending EPDs, breed-changing genetics, and acceptable phenotype. Mature cows with proven production records and promising herd sires from predictable cow families will be sold. All four spring-born calves will sell separately from their dams. A strong set of pregnant commercial cows and heifers will also be offered. Cowbuyer LLC will again provide online bidding for the cattle sale if you are unable to attend but you must register at www.cowbuyer.com at least one hour before the sale in order to watch/bid online in real-time.

The Department of Animal and Poultry Sciences takes great pride in our university, our livestock, and especially our students. We encourage you to 'Come and Experience the Harvest' on Friday, October 27th and get to know this great group of future industry leaders. Funds generated from the Hokie Harvest will continue to provide funding critical to the survival of departmental programs. Many thanks to all of you for your past support and interest in our beef cattle and equine teaching programs. We are committed to making you a satisfied customer and are here to assist you in any way we can.

Sincerely,

Dan Eversole, Director
Beef Cattle ProgramsChad Joines, Director

TERMS & CONDITIONS:

Cattle sell under the Standard Terms and Conditions as suggested by the American Hereford Association, American Angus Association, and the American Simmental Association. Cash or good check will be accepted. All purchases are to be settled for at the conclusion of the sale and will remain at the VT Beef Center until proper settlement is made.

REGISTRATIONS & TRANSFER:

Registration certificates will be transferred to the buyer at the seller's expense. Buyers must provide full name and address for transfer. Association member codes would be helpful if you are a member of a purebred breed association; however, this is not required to purchase cattle. Animal transfers will be done after settlement.

HEALTH REQUIREMENTS:

1. All cattle for sale will meet the health requirements of the Commonwealth of Virginia and appropriate health papers will be furnished for interstate shipment. Every female (4-12 mo.) has been calf-hood vaccinated for Brucellosis. All cattle are from a Brucellosis certified-free herd (No. 1498) and Tuberculosis accredited-free herd (No. 2174) and are tested-free of Johnes, Anaplasmosis, and Bovine Leukosis.
2. If sale cattle are returned to the seller for an adjustment, they must meet health requirements of the Commonwealth of Virginia.
3. Yearling bulls have undergone a breeding soundness examination (BSE) and are considered satisfactory breeders as defined by the Society of Theriogenology. Buyers will be given a copy of the BSE results.

BREEDING GUARANTEE:

Bulls are guaranteed to be breeders for one breeding season (defined as the ability to settle healthy cows by the time they are 14 months of age) with exception of:

- a. Injury or disease occurring to the animal after time of purchase.
- b. Gross negligence or willful misconduct on the part of the purchaser.

HERD HEALTH:

All pregnant females were given a pre-breeding vaccine which consisted of a modified-live virus IBR-PI3, BVD, BRSV, and a 5-way Lepto bacterin. Any questions concerning general herd health can be directed to Dr. Terry Swecker, College of Veterinary Medicine (0442), Virginia Tech, Blacksburg, VA 24061, 540/231-7375.

ANNOUNCEMENTS:

Announcements from the auction block will take precedence over printed material in this sale book. Virginia Tech reserves the right to withdraw any sale lot from the sale that does not meet their specifications prior to the sale.

EPDs represented in this sale book were current at the time requested for the layout and printing of this sale book. EPDs are recalculated throughout the year by the respective breed associations, which mean the figures represented in this book may change for these animals in the future.

Registration is required. Please register at least one (1) hour prior to sale time at www.cowbuyer.com

Virginia Tech University Beef Center earns 2017 AICA Outstanding Seedstock Producer Award

KANSAS CITY, Mo. — At the Annual Membership Meeting of the American-International Charolais Association (AICA) held in Corpus Christi, Texas, Monday, March 27, 2017, the Virginia Tech University Beef Center received the 2017 Outstanding Seedstock Producer Award. Dr. Dan Eversole, Director of Beef Programs, received the award on behalf of the University. The Virginia Tech Beef Center's Charolais herd consists of 40 purebred breeding-age females. Charolais were introduced to the Virginia Tech Beef Center in 1998 through donations and support of Charolais breeders across the country, led by Mrs. Mary diZerega, Oakdale Farm, Upperville, Virginia. Dr. Eversole teaches classes and involves students in the management and merchandising of the purebred cattle, and Director of Beef Operations, Chad Joines, manages the day-to-day activities and coordinates the cattle needs for teaching, extension and research faculty.

Virginia Tech follows a strict record keeping regiment. Birth weight, weaning weight, yearling weight and yearling height are measured and reported to AICA. All calves are weighed and recorded at birth and later registered. Ultrasound data is processed at 12 months of age and reported to AICA. Every bull sold private treaty or consigned to a sale is DNA-tested for polledness and EPD accuracy. One of Virginia Tech's purebred herdsires, VPI Free Lunch 708T, was purchased by Select Sires in 2008 as a yearling. Free Lunch has been successful in the commercial industry as well as the purebred, being named a Multiple Trait Leader in the AICA Sire Summary.

AICA Southeast Field Representative Floyd Wampler stated, "Virginia Tech has set a very high standard of leadership for registration, data collection, use of modern technology, marketing, customer satisfaction and educating college students in the beef industry using their Charolais herd as a teaching tool. We are fortunate to have them in their positions and as Charolais breeders and promoters."

Dr. Dan Eversole accepts this award on behalf of VA Tech from Mr. Bill Nottke, President of the American-International Charolais Association, at the March BOD meeting in Corpus Christi, TX.

Dear Friends and Supporters,

It is our honor and privilege as the 2017 Livestock Merchandising Class at Virginia Tech to present to you the 23rd Annual Hokie Harvest Sale Catalog. As we strive to uphold the high standards of quality and tradition set by previous classes, we request your presence Friday, October 27th at the 2017 Hokie Harvest Sale in Blacksburg, Virginia. The sale will begin at 6:30 p.m. in the Animal Judging Pavilion located at 500 Plantation Road.

Now in its 23rd year, this auction continues to be a joint effort of all the students in the Livestock Merchandising Class. Willing professionals have served as guest speakers and mentors during class time and have educated us on sale preparation and administration as we plan and oversee the sale. Organizing the Hokie Harvest Sale teaches our class valuable skills such as the management and coordination of a production sale, while providing high quality, hand-picked livestock to the public. This year's auction will include 61 commercial and purebred beef cattle along with a lot of three embryos. Our elite selection of cattle includes 4 purebred spring pair splits, 8 fall-calving purebred cows, 18 spring-calving commercial cows and heifers, and 19 breeding age bulls.

The Hokie Harvest Sale will also include an online auction of eight Quarter Horses and seven Warmbloods. A variety of weanlings, yearlings, and two-year-olds will be offered. The online auction of these impressive horses will open on October 1st and close at 6 p.m. on October 27th. All proceeds from the Hokie Harvest Sale directly benefit departmental programs.

We appreciate your invaluable support and invite you to attend a complimentary barbeque dinner served prior to sale time in the Alphin-Stuart Arena. Join the fellowship with us and enjoy some delicious food! Thank you for your past and continued interest in helping us further our education as we serve you. "Come Experience the Harvest" with us at the 23rd Annual Hokie Harvest Sale; we look forward to seeing you!

Sincerely,

Catalog and Social Media Committee:

Kylie Ferrentino, Sara Gordon, Alexa Johnson, Michael Leonard, Cassandra Long, Miranda Payne, and Sydney Varney

Terms and Conditions

Applicable Law: All horses are offered according to the laws of the State of Virginia. There are no warranties or guarantees implied as to the fitness for any particular purpose(s) of any horse offered in this sale. Our best efforts have been employed to document unsoundnesses or vices in any animal and such records are available for review before the sale. Bidders are cautioned to examine records and horses closely before bidding and purchasing. Every effort has been made to give complete disclosure of all known negative factors (health, disposition, management, etc.) on all horses in the sale. However, no employee or agent of Virginia Tech can or shall be considered responsible for any oversight of a fault. All horses are sold "caveat emptor" (buyer beware). All sales are final and absolute. No refunds will be given for any reason.

Pre-purchase exams: Prospective buyers are encouraged to carry out pre-purchase exams on sales horses of interest. Pre-purchase exams will be completed at the prospective bidder's expense, and may be completed by a licensed veterinarian of their choice. Pre-purchase exams must be scheduled in advance and with an employee or agent of Virginia Tech in attendance during the exam. Pre-purchase exams must be completed no later than Tuesday, October 24th. Procedures to be done during the exam must be approved in advance. No flexion tests will be permitted on horses two years old or younger without permission. Pre-purchase exams must be carried out at the Smithfield Horse Center or the MARE Center and horses must be handled at all times by employees or agents of Virginia Tech.

Bidding Procedure: Registration as a bidder commits that bidder to purchase any horse for which he/she has the winning (high) bid. The online bidding will close promptly at 6:00 pm on Friday, October 27th. No bid will be valid after 6:00pm on Friday, October 27th.

Assumption of Risk: The purchaser, at the close of bidding, assumes all risk and responsibility for the horse. All horses must be removed from the farm within 14 days of the end of the online bidding. During the stay of the horse, Virginia Tech shall continue to provide all normal care and neither Virginia Tech, nor its employees, officers, agents shall be liable for any accidents, disease, death or injury to any horse. Nor shall the aforementioned agents be responsible for any accidents or injuries inflicted by the horse on any persons, facilities or equipment. Sales horses are accustomed to traveling untied in a box stall in a fully-enclosed stock trailer. It is the buyer's responsibility to provide suitable transport for purchased horses and Virginia Tech, its employees, officers or agents will not be responsible for any accidents or injuries to animals, persons, or equipment during or after any horse is loaded onto a trailer. Students and/or staff will be available to assist with loading of horses, but without any liability being accepted for injury or accidents to animals, persons, or equipment.

Sales Conditions and Payment: All sales are final. Purchasers may not stop payment of a horse for any reason if he/she is the high bidder at the close of bidding. There will be a 5.3% service fee added to all final/winning bids.

Public Liability: Neither Virginia Tech, nor its employees, officers or agents assume any responsibility for any injury, death, or damage of any kind to a person or animal. The public is not allowed in any stall, paddock, or pastures without permissions. Examine horses at your own risk. The public is cautioned to be very careful while on the grounds examining horses and particularly while horses are being handled, ridden or driven.

Amber Pass 2001 Bay AQHA

Amber Pass, "Stan" is a maternal brother of All Inclusive, a Superior HUS and ROM Open Performance earner. Stan has excellent conformation and an outstanding temperament that is successfully passed on to his get. Out of the thoroughbred mare Maybelleni, daughter of Graded Stakes winner Amber Pass (Thoroughbred) and dam of multiple track winners, Stan displays a high degree of muscling with the light, floating movement of his Thoroughbred lineage. Stan has earned his Register of Merit in Hunter Under Saddle, Hunter Hack and Working Hunter. Virginia Tech is proudly offering two yearlings (Lot 1 & 2) by Amber Pass this year.

Boons Hired Hand 2004 Red Roan AQHA

Virginia Tech is proud to one yearlings (Lot 3) by Boons Hired Hand, "Boon". During his time standing at stud for the Virginia Tech breeding program, Boon produced numerous quality ranch type and reining stock. Boon's offspring display exceptional trainability and temperaments. Boon is the grandson of Pepto-boonsmal, a top cutting horse sire since 2001. Peptoboonsmal's progeny have won over \$20 million dollars, showing tremendous success across all disciplines. This yearling will be the last foal offered by Boons Hired Hand.

Pepto Cee Lena 2004 Black AQHA

Pepto Cee Lena, "Shaq" is sired by the infamous Peptoboonsmal whose offspring have earned more than \$25 million. Shaq is out of Holly Cee Lena a NCHA earner and NCHA producer of \$208,804. He is a beautiful black stallion that is structurally correct, athletic, and has a wonderful disposition. Shaq has proven his outstanding athleticism through an extensive show record. He is a NCHA money earner, AQHA Reserve World Champion Amateur Performance Halter, Open Performance ROM, Open Halter ROM, and point earner in performance halter, reining, working cow horse, and ranch. Shaq has also qualified for AQHA World Show every year from 2012-2016. Virginia Tech will proudly be offering one yearling gelding (Lot 4) by Pepto Cee Lena.

Dualin Boon 2001 Sorrel AQHA

Dualin Boon has a pedigree packed with excellent performance horses including his sire Dual Rey. Dual Rey, a NCHA money earner and Memphis Futurity 4YO OP Champion, is the sire of offspring earning \$26+ million. Dualin Boon is out of Boon San Acre, by Bob Acre Doc, an NCHA money earner and three time 4YO OP Futurity Finalist. Dualin Boon is an established performer earning over \$115,000 NCHA and was a finalist in multiple Futurities and Super Stakes. He has sired numerous NCHA Futurity Finalists with offspring earnings in excess of \$200,000. Dualin Boon's offspring have proven to be talented and trainable. The two fillies sired by Dualin Boon (Lot 5 & 6) offered by Virginia Tech are sure to have a bright future.

Dun Goin Steady 2003 Dun AQHA

Dun Goin Steady, "Tex" is a two time World Champion in Junior Western Pleasure. His sire, Rocked and Steady, is an outstanding sire with his offspring earning 1520+ performance pints, 22 Performance ROMS, 5 Superior Performance, 2 AQHA Champions, and 1130 IBHA Performance points in both western pleasure and hunter under saddle. Tex's dam Spring Rock Gold is a producer of successful All Around horses after being successful in the show ring herself. Tex has proven to produce talent as his offspring continue to rack up World Titles, NSBA Bronzes, ROM's, Futurity wins and National titles such as Washington State Horse of the Year in 2012 and winner of the Presidents Cup in 2013. VT will be offering one yearling (Lot 7) by Dun Goin Steady.

Boon To Be Wild 2004 Bay AQHA

Boon To Be Wild is an outstanding athlete with bloodlines to match. As a son of DNA Wild Thing (NCHA LTE \$94,561.45; P-40.5) and a maternal grandson of Boon Bar, Boon To Be Wild is bred for success. He has proven his athleticism by achieving a Register of Merit in both Working Cow Horse and Dally Team Roping as well as qualifying for the AHQA World Show. This year Virginia Tech is pleased to offer one quality two year old (Lot 4) by Boon To Be Wild. Any of these three are sure to make phenomenal working cow horse prospects.

Reference Sires

Staccato- 1999 | Black Dutch Warmblood Stallion | Idocus – Domino – Akrobat.

Approved ISR/Oldenburg N.A. and RPSI. In 2003 NA/WPN Keuring/Awarded Premium stallion. Sired by Idocus, a highly successful Grand Prix horse who won champion at Dressage at Devon as well as a World Cup Qualifier. Staccato competed in Dressage at I-1 level and in 2004 was the champion stallion at Devon as well as the Cosequin/ USDF Breeders Champion East Coast Finals in 2004. His progeny inherit his willing attitude, correct conformation and expressive movement. Virginia Tech proudly presents **Sawyer VT (Lot 10)** as a Staccato offspring. We thank Yolanda Williamson for donating the breeding.
