

# The Effects of Regulations on the U.S. Salmonid Industry

## Midwest States Findings

Nebraska • Missouri

### REGULATORY COSTS PER YEAR:

Considered the most problematic regulation by the farmers

Coastal States (total)

\$ 246,991

On-farm (average)

\$ 47,916

### LOST REVENUE PER YEAR:

Thwarted expansion attempts

\$ 0

Lost market sales

\$ 35,000

Reduced production

\$ 17,000

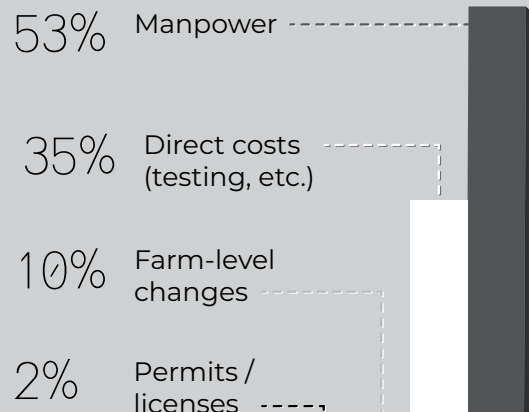

9%  
Regulatory costs of total farm costs  
Lower than National average of 12%

\$ 47,916  
Average regulatory costs per farm  
Lower than National average of \$150k

\$ 0.5  
Average regulatory costs per pound of production  
Lower than National average of \$1.23

1%  
Lost revenue due to regulatory costs  
Lower than National average of 28%

Regulations substantially increased on-farm costs and constrained the industry's ability to meet market demand.

Virginia Cooperative Extension programs and employment are open to all, regardless of age, color, disability, gender, gender identity, gender expression, national origin, political affiliation, race, religion, sexual orientation, genetic information, veteran status, or any other basis protected by law. An equal opportunity/affirmative action employer. Issued in furtherance of Cooperative Extension work, Virginia Polytechnic Institute and State University, Virginia State University, and the U.S. Department of Agriculture cooperating. Edwin J. Jones, Director, Virginia Cooperative Extension, Virginia Tech, Blacksburg, M. Ray McKinnie, Administrator, 1890 Extension Program, Virginia State University, Petersburg.
