

# Nutrient Management Plan Writing School for Turf & Landscape

**Tues., March 7, and Wed., March 8 | 9 a.m. – 4 p.m. via Zoom**

Learn to write turf and landscape nutrient management plans using Virginia’s criteria. In this hands-on session taught by DCR staff, participants use case-study information from landscapes such as golf courses and athletic fields to understand and write the various components of a nutrient management plan.

## Day 1

- Nutrient management regulations and certification
- Plan overview and requirements
- Overview of standards and criteria; practice exercise
- Nutrient management plan writing components
- Soil test and basic fertilizer calculations

## Day 2

- Guided practice: writing a nutrient management plan
- Correlation of labs to Virginia Tech soil test analysis
- Fertilizer spreader calibration
- Certification preparation and test taking strategies
- Plan writing exercises using case study examples
